

EAA Chapter 106 – There is NO GPS “street” address for GATE 4. Instead:

Use this address to get you "close": **400 Holt Rd, North Andover, MA 01845**

Note: We are NOT at the main airport, so **ignore any airport signs.**

From I-95, make your way to the above address via Rt-133 and then right on Rt-125

At the end of **Rt-133** (you will have just paced a big lake on the left),
bear RIGHT onto RT-125 North.

IGNORE the airport sign on the left by the Joe Fish Restaurant. It's the wrong gate.

Pass a big, new apartment construction (go stright thru the traffic light),

then crest the hill and get into the **LEFT TURN LANE**

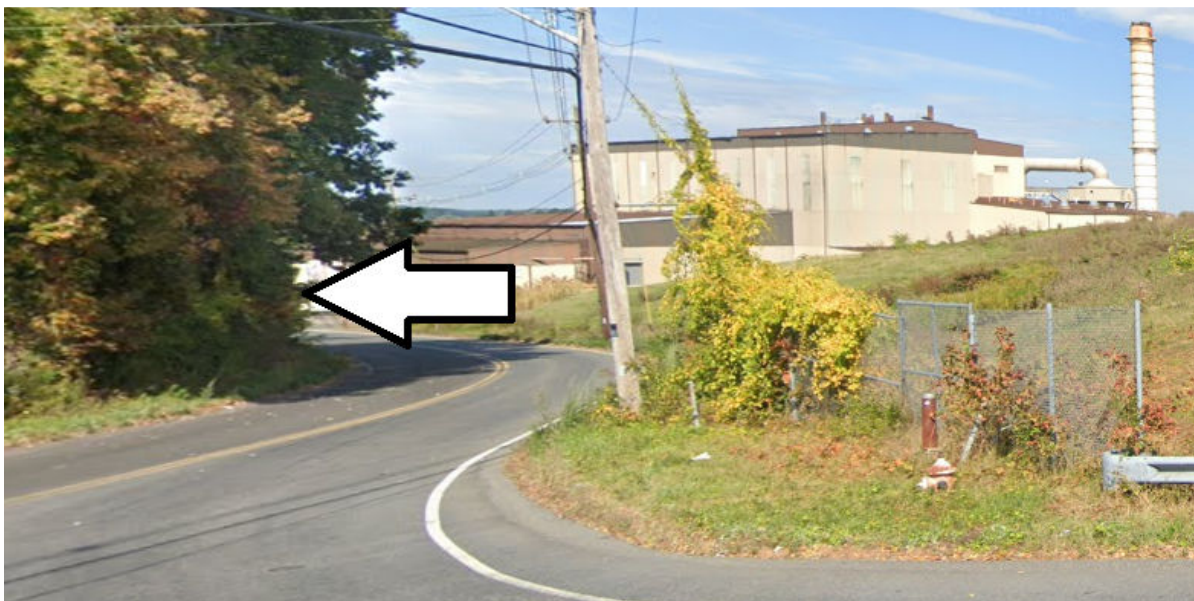

At the flashing light: Turn **LEFT** onto **HOLT RD.**

You will pass some industrial looking equipment and come to a **STOP sign.**

At the **STOP sign** (says **HOLT & CLARK**) -- Turn **RIGHT.**

GATE 4 will be on the **LEFT** – just past some bushes.

Just as you turn left to gate 4, pull over to the right.

Park and call for an escort in.
