If you are not currently holding a club officer position, be thinking of which position you might like to fill.

been cancelled. The virus has really made a mess of your YE events!!!

There was discussion about planning for a YE event in January 2021. Everything is tentative at this point in time.

If your dues are not up to date, please make an attempt to pay up at the next meeting. Gary Bean, Treasurer, was not in attendance today, and so a current listing of those needing to pay was not available.

Tim Cook was not in attendance at this meeting, and so the making of the plaque was not finalized.

The October meeting will be held at the Crestview FBO facility. This facility is working out very well. All we have to do is make sure we clean up after ourselves and we will continue to be welcomed here.

A hearty Welcome Back was given to Tom Godbold from his Utah trip.

There was request made for hangar space availability. If you know of a space available, let Bobby Goodwin know, and he can pass it to the members. Dick Russell may have some space available at his hangar at Yellow River airport.

There was some discussion about holding the November meeting at the yellow River airport, at Dick Russell's hangar, and having a cook out as well. Please let us know of your interest in this as a meeting place and what you can provide for the cookout as well. Any help, food preparation, drinks, etc will be appreciated. The meeting will be held on 21 November 2020

There was discussion of cancelling the December meeting due to the Christmas holiday. Nothing was finalized on cancelling the December meeting.;

Bob Burnet said that check rides are slowing down now, although he has been very busy recently.

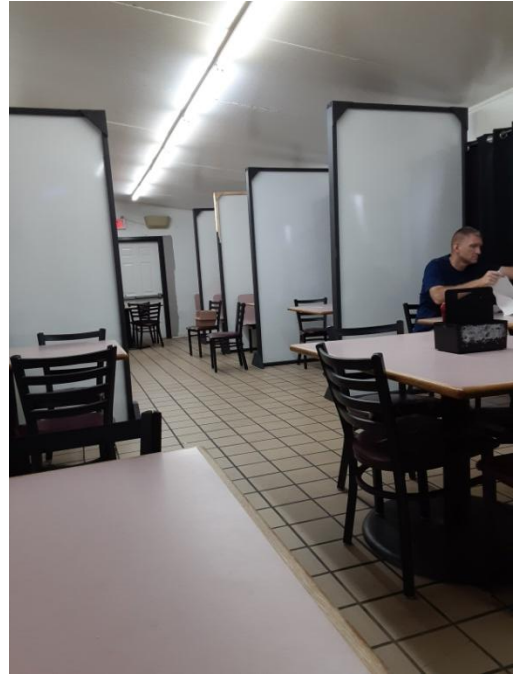

Charley Starr mentioned a program, Sentry, that he has on his Aeronca Champ. This has ADSB-In, AHARS, and moving map. It is available in Sporty's Pilot Shop, and cost about \$480.00 He is liking the things it provides and will explain its features if you care to contact him.

Bobby Goodwin adjourned the meeting at 10:40.
