Please note that we will be holding breakfast meetings **only once per month initially**. We will be trying to include other events in between to fill the gaps until the Covid protocols allow more frequent interaction. I'll be sending email to confirm each breakfast meeting like George's emails in the past.

### Our KSJX Fly-Out

We had a good turnout for the fly-out to Beaver Island. Here's a few pics on the next page for those interested. Perfect weather and fun had by all.

## Chapter Board Membership

Our chapter has a NEW president – Peter Aiello (me!). While I made a trip to the little Pilot's room during our KSJX fly-out, upon my return I found out I was elected president of our chapter by those members attending. Andy has decided to pass the torch. I personally want to thank him for all his service since I've been a chapter member and many years prior to that. If any of you has concerns about how transition happened like I do, let me know. I'd happily add the "interim" to my title and schedule a proper election. Andy has built multiple aircraft, helped in the restoration of several more, offered assistance to everyone on many occasions, contributed to KMGH, KPLN and Y65, a tough act to follow. I'll be leaning on Andy going forward for sure.

I'd like to encourage others to be more involved in chapter leadership/board. If interested, please let me know.

## Member Contributions

- Please feel free to send me any contributions for this newsletter that you may have to share with the group. Could be pictures from a recent flight, a description of a recent experience either flying or with an airplane or other equipment. Any submissions will be appreciated.
