SUBJECT: Free EAA Young Eagles Flights

Harbor Springs EAA Chapter 1087 is conducting free Young Eagle Flights for students aged 8-17.

Launched in 1992, the Young Eagles program has dedicated 30 years to giving youth ages 8–17 their first free ride in an airplane.

It's the only program of its kind, with the sole mission to introduce and inspire kids in the world of aviation.

Today, over 2.5 million young people have enjoyed a free introductory flight through the Young Eagles program. These flights are made possible through the generosity of EAA member volunteers.

Come and join us for these events occurring over the Summer months. Sign up, even if you've participated in previous years. Scheduled events include:
