Happy December 1093 Family!

I hope everyone had a wonderful Thanksgiving. This month we look forward to one of my favorite things: The Santa Fly In. It will look a bit different this year, but I am excited to be able to share this experience with more of the community and that we are bringing such a large draw to our events.

None of our events can happen without the help of our members. Thank you for continuing to be members of this great organization and supporting our efforts to Share the Spirit of Aviation with the local community.

The Holidays this year may still not be back to normal for all of us, but I hope everyone is able to find some joy in the season. May 2022 bless us all with health, happiness, blue skies, and tailwinds.

Happy Holidays!

Sarah

EAA Chapters were graciously given free copies of the Microsoft 2020 Flight Simulator. This was paired with a new computer donated by members to provide EAA 1093 members with an opportunity to use the Flight Simulator. The computer is set up in the classroom of the EAA Building with laminated instructions on how to start the program and a list of commands. Members are encouraged to spread their virtual wings on the system.

Veteran Flight

Thank you to everyone involved in the Veterans Flight. Unfortunately, weather didn't cooperate and we had to reschedule for another Saturday. This resulted in our only flying two Veterans on Saturday, November 20. However, some of those who were not able to attend the rescheduled date are scheduled for make-up flights.
