Career & College Day

The Career & College Day on September 26, 2021 was a bigger success than anyone dreamed. Over 40 families came, most with multiple members. The enthusiasm for aviation was palpable – both from many of the attendees and the industry representatives. Some great connections were made, and many new faces will likely be popping up around the airport – and 1093 – soon.

A huge thank you to the industry representatives who came and shared their experience and knowledge: Kris Anderson, Justin Bentsen, Dave Bickmore, Trenton Cameron, James Canders, Bill Church, Paul Fancey, Jack Gavin, Dave Fick, Kyle George, Jack Hallett, Peter Mapes, Alex Muhlstein, Kassie Miller, Al Mulder, Jim Murphy, Brian Perry, Paul Ries, Peter Schiess, Dick Sipp, Tom Thinnies and Don Weaver. You all helped steer some enthusiastic people toward their dreams.

Microsoft 2020 Flight Simulator

EAA Chapters were graciously given free copies of the Microsoft 2020 Flight Simulator. This was paired with a new computer donated by members to provide EAA 1093 members with an opportunity to use the Flight Simulator. The computer is set up in the classroom of the EAA Building with laminated instructions on how to start the program and a list of commands. Members are encouraged to spread their virtual wings on the system.
