

**EXPERIMENTAL AIRCRAFT ASSOCIATION  
CHAPTER 1098  
SHAWNEE, OKLAHOMA**

The Shawnee, OK, EAA Chapter 1098 is an official chapter of the EAA, Wittman Airfield, Oshkosh, Wisconsin 54903-3089. Phone (414) 426-4800. Chapter 1098 was organized to promote aviation in the community, provide camaraderie, sharing of aeronautical knowledge and skills among those with interest in grassroots aviation and who share the objectives of the EAA. Chapter dues are \$20.00 per year, payable on January 1. Normally our meetings are held on the **fourth Sunday of the month at 2:30 PM in the Aviation Vo-Tech Building, Northeast corner of the Shawnee Airport, Shawnee, OK.** Time, date and place is subject to change. Please check your newsletter for current meeting information.

Chapter Website: EAA1098.org  
Facebook: EAA Chapter 1098

Newsletter information: EAA Chapter 1098 publishes the newsletter once a month. Its purpose is to inform.

**Members are encouraged to submit aviation- and member-related information and suggestions to the newsletter editor.**

There will be no meeting this month. The next meeting will be December 14 at the Manning hangar Christmas party. Be there on the 14<sup>th</sup> at 4:00 PM.

The Chapters will be having a toy drive to benefit the Positive Tomorrows organization.

“THE POSITIVE TOMORROWS MISSION IS SIMPLE: Partnering with homeless families to educate their children and create pathways to success.”

In addition to a side or dessert of your choice, please consider bringing a toy to donate to [Positive Tomorrows](#). Toys should be new, unopened and not wrapped.

---

### **Chapter Survey Now Available**

Welcome to our annual EAA Chapter Member Survey. We believe chapters who participate in this survey will gain feedback to help provide them value added information about their chapter, as well as provide EAA with a snapshot of our chapter network as a whole.

EAA would like to have everyone complete the survey by Sunday, December 1.

To take the survey, click the button below.

**Take Survey Now »**

**Attendance**

**Members:**

Larry Danko  
Melissa Danko  
John Meyers  
Greg Chapman  
Diane Chapman  
Gary Manning  
Chuck Lewis  
Glen Drebes  
Eddie Campbell  
Bill Rickner  
Luke Rickner  
Mark Rodriguez  
Caleb Rodriguez  
Doug Garland

**Visitors:**

Meeting was held at Gordon Cooper Aviation School  
Gary Manning opened the meeting at 2:30

**Old Business**

VMC/IMC question what does the word MINUS before the airport altitude on a Sectional Chart.  
Answer: airport altitude is below sea level as in Death Valley

~~Next meeting is Scheduled on 11/24 the week before Thanksgiving.~~ After discussion a motion was to cancel the meeting by Greg and seconded by John.

**The November 24 meeting canceled!**

Next meeting is Dec 14 Holiday Dinner at Gary's. Bring side dishes or deserts.

Officers elections were brought up for discussion. A motion was made by Diane to continue the same officers as current and seconded by Bill. The motion was passed unanimously.

Gary Manning announced that Gale is recovering pneumonia and that Gary Barentine is involved with his recovery. Gary would be willing for someone else to take over the Vice president position.

Homework for January meeting is to bring a list of topics for next year's meeting

The link to the Chapter Survey was sent in the last newsletter. We need to have all members take survey as low response counts against us.

The EAA is trying to stir up interest among youth in RC Model Aircraft. If there is any interest program from EAA. See EAA website: <https://www.eaa.org/ea/ea-chapters/ea-chapter-resources/chapter-programs-and-activities/EAA-Young-Eagles-Build-and-Fly-Program>

### **Treasury Report**

No Report

### **Young Eagles**

No activity

### **New Business**

None

### **Other Business:**

None

### **Program**

Discussed Projects:

Eddie Campbell: Still planning on getting his Luscombe 8A flying.

Bill Rickner working on wiring for lights and fuel gauges on a Stinson 108-A

Greg Chapman Just completed first condition inspection on his RV8-A. It needed brake pads and one brake line. Installed the transition faring from fuselage to the landing gear. Apparently the vibration he was hearing was the gear leg faring vibrating against the brake line which he replaced. Fairings on, noise gone. He also upgraded his transponder to the Dynon transponder for ADSB out. Ran into a problem with the Dynon configuration not recognizing the new transponder. Solution was to modify the configuration to fully remove the old transponder which the Dynon was recognizing as the "primary" device and ignoring the new one.

Larry Danko Waiting for new fuel bladder to be installed in his Cessna 182G. Old bladder was 42 years old.

Motion to close was made by John and seconded by Greg. All approved

### **Schedule recap:**

Chili cook out (Saturday) looking for new location (maybe Sundance) (11/2)

No status on progress was available?

Dec 14 Holiday Dinner at Gary's; Bring side dishes and desserts.

OTHER INFO

HAVE A VERY HAPPY THANKSGIVING!

- King KT 76A, mode C, certified in July, 2018
- King KY 97A
- ELT

\$29,500

The previous owner, a good friend, pampered this plane for 40 years. I purchased it from him with the intent to bring it up to perfect condition and sell it. It is a delight to fly. Straight and level with hands-off, it indicates 105 mph. Everything works. There has been no expense spared in preparing this gorgeous old bird for the next owner. It draws a crowd and wins trophies everywhere it goes. Contact me to receive a photo album.

CERTIFIED
