VOLUME 23 NUMBER 12

DECEMBER, 2017

No regular meeting was held for December. Instead, Gary and Karen Manning hosted a Christmas party on Saturday, December 9.

Apologies to all for not including notice of the Christmas party in the November newsletter.

The January meeting will be at the normal place and time – fourth Sunday of the month (Jan. 28, 2018), 2:30 PM, at the Gordon Cooper Technology Center Aviation facility at the Shawnee Regional Airport.

Tracy Chaddon will discuss her experience with the Civil Air Patrol around Houston after the hurricane.

Gary will be out of town on the 28th, so Greg Chapman will run the meeting. When Gary returns for the February meeting, he will lead the discussion on development of the plan for 2018.

EAA Chapter 1098 Minutes

No minutes were recorded for the November chili and beans gathering, nor the December Christmas party.

OTHER INFO

Gary and Karen had a great turnout for the 2017 Christmas party, with about seventy-five people attending. No doubt some pictures were taken of the event, but they did not make it into the hands of the newsletter editor.

For the October meeting, Larry Eversmeyer shared his progress on his RV-14 build. Today, the plane is complete and flying, with thirty-two hours on it already! It's not painted yet, but Larry thinks that will happen in January.

Jerry Calvert shared this note that he received from Dee Ann Ediger of Chapter 455:

Justin Messenger has done an amazing job at this restoration as well as accumulating a large collection of artifacts and educational information about this aircraft. His displays nearly fill the back display room at the new museum. Justin is also looking for someone who has firsthand experience with either flying in or in combat against a Mig-21 so if you know of anyone, please contact him at his email here:

In addition, the museum is open to the public. It is a beautiful addition to the Woodring Veterans Park and Vietnam Memorial Wall (2/3 replica).
