The April meeting for Chapter 1098 is canceled due to the ongoing Coronavirus situation.

Whenever the next meeting happens, we will be voting on updated Chapter Bylaws, which haven't been addressed in years.

This was motivated by the EAA Bootcamp activity that Gary and company attended.

The updated bylaws are based on the EAA template found HERE.

Thanks to our web site editor, David Best, for getting these on the Chapter web site. You can find the original and updated bylaw documents on the Chapter web site, BYLAWS link on the left.

Please take time during quarantine to review the old versus new bylaws so that we can vote for approval at the next meeting, whenever that will be.

The previous owner, a good friend, pampered this plane for 40 years. I purchased it from him with the intent to bring it up to perfect condition and sell it. It is a delight to fly. Straight and level with hands-off, it indicates 105 mph. Everything works. There has been no expense spared in preparing this gorgeous old bird for the next owner. It draws a crowd and wins trophies everywhere it goes. Contact me to receive a photo album.
