

**EXPERIMENTAL AIRCRAFT ASSOCIATION  
CHAPTER 1098  
SHAWNEE, OKLAHOMA**

The Shawnee, OK, EAA Chapter 1098 is an official chapter of the EAA, Wittman Airfield, Oshkosh, Wisconsin 54903-3089. Phone (414) 426-4800. Chapter 1098 was organized to promote aviation in the community, provide camaraderie, sharing of aeronautical knowledge and skills among those with interest in grassroots aviation and who share the objectives of the EAA. Chapter dues are \$20.00 per year, payable on January 1. Normally our meetings are held on the **fourth Sunday of the month at 2:30 PM in the Aviation Vo-Tech Building, Northeast corner of the Shawnee Airport, Shawnee, OK.** Time, date and place is subject to change. Please check your newsletter for current meeting information.

Chapter Website: EAA1098.org  
Facebook: EAA Chapter 1098

Newsletter information: EAA Chapter 1098 publishes the newsletter once a month. Its purpose is to inform.

**Members are encouraged to submit aviation- and member-related information and suggestions to the newsletter editor.**

The January Chapter 1098 meeting will be held **this Sunday at 2:30 PM** at the Shawnee airport.

Per our fearless leader (Gary):

“This is our time to plan out our year. We will talk about the tri-motor, the Tinker air show and anything else we can think of!”

So, bring your ideas for making 2019 a great year.

**Also, it is a new year, so it's time to pay our annual dues: \$20.00**

---

### EAA VMC Club Question

Here is the January VMC Club question, courtesy of John Myers. We will discuss this during the Sunday meeting:

In the Pilot/Controller Glossary PCG R-6, runway heading is defined as “The magnetic direction that corresponds with the runway centerline extended, not the painted runway number. When cleared to <maintain runway heading,> pilots are expected to fly or maintain the **heading** that corresponds with the extended centerline of the departure runway. Drift correction shall not be applied. Would you apply the same rule when the tower is closed or at the non-towered airport?”

EAA Chapter 1098 Minutes

No regular meeting was held in December, so minutes were not recorded.

## OTHER INFO

The Chapters 24 and 1098 Christmas party was held on Saturday, January 12. It had been postponed due to the threat of bad weather in December.

There was a terrific turn out of EAA members and family members. Thanks to the Manning family for hosting the fun gathering, and to all who helped set up and clean up!

Here are a few pictures from the event:

Here is a link to the full set of Christmas party pictures:

---

Daren Coats and Carvin Brown from the Oklahoma Blood Institute joined us at the Christmas party. They presented David Ames with a Flight for Life pin in honor of David recently making platelet deliveries which directly contributed to saving lives.

Assisting Daren and Carvin was Stan Young, another Flight for Life pilot whose actions have helped save lives.

Click below for more information on this great program:

## Flights for Life

**WE ARE SEEKING PILOTS TO SAVE LIVES!**

Flights for Life, Inc. is a group of volunteer pilots who support Oklahoma Blood Institute, a 501(c)3 non-profit organization, in efforts to deliver life-saving blood products to patients in need throughout Oklahoma, Texas and Arkansas.

Speed equals life and volunteer pilots make that possible!

Flights for Life is a registered 501(c)3 nonprofit. The cost of operating an aircraft is donated to FFL as a charitable contribution thus is tax deductible.

Visit [flightsforlife.org](http://flightsforlife.org) for more information, and view the video below to see how pilots are making a life-saving difference for patients and their families.

CLASSIFIEDS

If you know of a classified that is outdated, or want to submit a new one, please notify the newsletter guy.

## Pristine 1946 Cessna 120 1605 total time

- New carb heat box
- New carb overhaul with yellow tag
- King KT 76A, mode C, certified in July, 2018
- King KY 97A
- ELT

\$29,500

The previous owner, a good friend, pampered this plane for 40 years. I purchased it from him with the intent to bring it up to perfect condition and sell it. It is a delight to fly. Straight and level with hands-off, it indicates 105 mph. Everything works. There has been no expense spared in preparing this gorgeous old bird for the next owner. It draws a crowd and wins trophies everywhere it goes. Contact me to receive a photo album.
