

**EAA Chapter 122, Inc.**  
**Monthly Gathering Minutes**  
**June 16, 2020**  
*Conducted via Zoom Video Teleconference*

Jon Still (President) welcomed everyone to the chapter's third "virtual" Gathering held via Zoom Video Teleconference, with the global COVID pandemic still ongoing.

**Members (17) included:** Dan Cassidy, Don Fair, Mark Gingrich, Jonah Graybill, Joe Hainey, Jim Haunstien, Adam Messer, Bob May, Bob Maternowski, Gordon Porter, Jeff Probasco, Mike Parks, Bill Schlak, Jay Schwab, Jon Still, Charlie Stoup, & Ed Womer.

**Guests (1) included:** None

The evening's presenter — our own Joe Hainey — gave a very detailed powerpoint presentation on the various methods he uses to photograph and video his own and others' aviation experiences. Joe uses a wide variety of GoPro cameras, aircraft camera mounts, and radio/intercom interfaces to record high-definition video from both inside and outside the cockpit. He shared some of his techniques for editing as well.

Everyone was reminded to check the Chapter 122 website for the upcoming schedule of events. Next month's presentation is currently planned to be given by chapter member Don Fair, regarding his involvement in "Project CORONA" — the formerly classified US satellite surveillance program during the Cold War.

The Gathering ended around 8:15, but a number of folks stayed online to continue socializing via Zoom.

***Our next monthly Gathering will be held Tuesday, July 21<sup>st</sup>, 2020 — the hope is to be able do so in person at our Chapter HQ at Capital City Airport, conditions permitting. For details, check our website at: <https://www.eaa122.org/>***

Ed Womer,

Secretary
