**EAA Chapter Video Message:** OSKOSH Air Venture was a success for 2021, with an estimated 608,000 in attendance. New this year was the Young Pilots Workshop and the Aero Education Program. Chapter signs were also a new item this year, and EAA122 contributed our own, which was posted at the Blue Barn for all to see.

**Young Eagles Rally:** Brian Moore reminded all that our annual Young Eagles Rally would be held on Saturday, September 25th. We currently have 7 pilots/planes signed up to provide flights, as well as 9 ground volunteers. There’s still time to sign up to participate — pilots, volunteers, & Young Eagles can sign up at <https://youngeaglesday.org>.

**Ray Scholarship:** Jeff Probasco updated the group on our current scholar, Will Stover, who will be completing his first solo flight soon. The chapter recently received another scholarship from EAA, and has nominated Gabe Creeger as its recipient. We expect a final decision from EAA in the coming weeks.
