Notes from President

The highlight of the past meeting were airplane stories. A great presentation by Steve Wolf of the Steve and Kathy European Tour centering on many landmarks visited with a good dose of Spitfire flying. There is a good chance of more to come.

John Carlile described the thrill of flying with Bob Blankenship in the dual control P51 of the Collings Foundation. The story goes that John let Bob do a few minutes of flying at the beginning and end after using about 45 minutes of fuel. And yes, some aerobatic activity was logged and a fly-by of Love's Landing was noted by many.
