Chapter 1236's Pancake Breakfast Another Flippin' Success . . .

Nearly 90 members enjoyed pancakes by Flippin' Pancake Chef Pete Putnam and his sous chef (aka sidekick) John Stahr. The breakfast menu was enhanced with sausages, coffee, & orange juice - expertly prepared and served by Tricia Angell's crack team of volunteers, Julie Dane, Sue Pease, Cindy Cynamon, Roberta Ricketts, Riz Eden, Jane Ruemke, & Ana Kircher. A huge thanks also goes to the folks who set up the tables and chairs. Everyone agreed that we will have to do this again.

It's great to see members of the chapter fly in to the meetings.

We are pleased to have Ron Strauss, an aviator with many fascinating experiences, as a guest speaker this month. He is best known as having been Elvis Presley's private pilot from 1975 until his untimely death in 1977. Ron is also a Vietnam Era Vet having flown C-141's and has subsequently flown many varied aircraft since then.

Thomas Kaestner, LaJolla, CA took this unbelievable shot of a Peregrine Falcon. He compared it to the form of a B-2 bomber.

Lee Blankenship's Aviation Insurance booth at Sun N' Fun with Bob's Stinson on display

Sometimes it's not all about the planes... sometimes it's about finding the best "watering hole". Janette Carlile, Tricia Angell & Roberta Ricketts REALLY liked the Coconut Flyers booth with hard cider & beer served by the Flying Boat Tap Room

Chapter member, John Stahr. .his designs are now immortalized on posters, t-shirts, mugs, etc. Look in upper right corner of poster for his one-of-a-kind RV.

John Stahr with his displayed RV at his booth.

More Sun N' Fun Pics. . .

Chapter member, Steve Wolf, had his Frigid Midget, P-47, project on display. Word was that Steve was mobbed with enthusiasts marveling at what he has accomplished so far. Next - the wings!

TOYS IN THE TOY BOX

Greg & Joy Smith shared their Toys from their Toy Box...above is a 1990 Mooney M20M TLS. Top cruise speed of 210 kts and a service ceiling of 25,000 ft. This aircraft served Greg well getting to where he needed to be as a fire plane pilot.

The Smith's other Toy is a 1979 Grumman American AA5B Tiger. Prior to this, they had a 150hp Traveler. The above airplane has a good cross country capability and is a backup for the Mooney.

Note: This is an F-4 Phantom, the jet John Carlile (our Chapter President) flew in the Air Force.

Looking for Toy Box Submissions...

Want to share a photo or two of the toys in YOUR Toy Box? Acquired a new toy? Working on a fixer upper? Ideally, you might have a pic of yourself next to your Toy? Send pics and information to janette.g.carlile@gmail.com

DID YOU KNOW? The Top Gun: Maverick cost of those Navy F-18 Jets they flew was \$11,374 an hour.
