## SPECIAL THANKS TO OUR "FRIENDS OF THE CHAPTER"

In addition to our 80+ Chapter volunteers, this recent Fly In was a success directly because of our special "**Friends of the Chapter**" businesses.

**Heather Oaks Farm:** Bob & Maria Tracy brought their custom made smoker and cooked 40 pork butts for 12+ hrs overnight next to the hangar. They are the reason so many visitors come back to our Fly In - the pulled pork is legendary.

**Signature Homes:** They provided the much appreciated porta potties for the event.

**Brad Winkler & Battery Boys:** Brad & his team provided golf cart shuttles for the pilots to/from aircraft & for visitors wanting to see the airplanes at the viewing area and flight line. They ran a top notch shuttle service!

**Lima Bravo Aviation Insurance:** In addition to a cash donation to help with Fly In operating expenses, Lee Blankenship set up an informational table and donated giveaway gifts for the visitors.

**Bob Rolfe's Lifestyle Reflections:** Maintained Chapter website to promote the Fly In. In addition, Bob, a freelance photographer, took many photos to document this event.

## Bob Blankenship, Honored and Inducted into Arkansas Aviation Historical Society Hall of Fame

Our own Chapter 1236 member, Bob Blankenship, was inducted into the Arkansas Aviation Hall of Fame on November 16, 2023 in Little Rock, Arkansas. His aviation background and career was as varied as it was exciting. He spent a number of years crop dusting in Pine Bluff, AR and was well known for performing on the airshow circuit. In one particular stunt, he would land his J-3 Cub on a modified rack on a pickup truck that was moving down the runway. Bob would also showcase aerobatics in his modified Stearman called "Ol' Red".

Bob moved on to an illustrious career at Southwest Airlines and retired a few years ago. He continues to fly professionally in a corporate Dassault Falcon Jet. Bob has ratings that include (but not limited to) the Douglas A-26 Avenger, C-47, Vought Corsair, P-51 Mustang, and Grumman TBM Avenger. He has over 40,000 flying hours.

We congratulate Bob in achieving this honor.

At first, people were worried about how long it would take to actually get one's lunch. Feedback from the visitors was that they had NEVER experienced such a quick and organized food line at a fly in .... Ever! KUDOS to our volunteers!

The hangar could seat about 150 people at one time.

Visitors enjoyed walking the flight line to view the 120+ aircraft.

John Stahr, Air Boss for the day

Yours truly (Janette Carlile) hitched a ride with Terri Hull in her Cessna 140 to snag a few aerial pics of the fly in. . .

The end of a perfectly wonderful day at the Fly In. . .until next year!

...and now a message from one of our Chapter members, Mike Kelley.

Fellow EAA Chapter 1236 members,

My wife and I are hoping to put together some fly-outs to the nearby islands. We are looking for pilots who either 1) Already know how to fly internationally to the Bahamas, or 2) Would be willing to learn to fly to the islands! This past year we have made two trips to various islands in the Caribbean and Bahamas. We've had such a great time that we are looking for "flying-friends" so that we can have more trips and share the experience with.

Typically after arriving at the island (~3 hr flight), we'd clear customs and probably do one of the following:

1. Check into an "Island Resort" where we could take advantage of the beautiful beaches, snorkeling, SCUBA, fishing, cycling, etc.

or

2. Rent a "bareboat" yacht (either power or sailboat) and spend the following days cruising the turquoise waters!

Flying to the islands is actually pretty easy after you've made the first trip. We're willing to help you with all the flight planning and paperwork required. Most of these trips don't require a lot of advanced planning, although having a month-or-two is helpful for the preparation.

We know that this type of traveling isn't for everyone, but we're hoping that we might find a group of people who are excited about trips like this. No experience is required, but it would be nice to find some other people who have a bareboat license, or who enjoy snorkeling, SCUBA or other water sports.

**If this is something you might be interested in, please contact me directly either by e-mail or text!**
