

EAA Chapter 1265

June 18, 2022

Rays Roost

Joe called meeting to order 9:35.
Pledge of Allegiance to flag by all.

Joe announces a visitor from Gulf Shores High School. Jacey is working with school on RV 12 building project. She is mentored at Airpro and is planning to go to Embry-Riddle Aeronautical University.

Ray introduced Wallace Young, who is his neighbor in the next hanger. We hope he can become a member of the EAA family.

Secretary read minutes of last meeting. Russ placed motion to approve and Shad seconded and it was approved.

There was a discussion for two members to be present while work was being done on project. At the end it was determined as a suggestion and not mandatory.

Roger gave his Treasurers Report.

6,996.96\$ as of 5-31-2-22.

Roger gave accident report.

Pilot had stopped to gas up. While taxiing he noticed the gas cap was missing. When the original was not found

the mechanic at field provided a substitute. Engine failed on takeoff and plane landed safely. Problem was traced to substitute cap was non vented and starved engine of fuel. Luckily plane and pilot were safe.

Bob mentioned another pilot had similar situation and was able to go full rich and land safely.

Shad had landing gear trouble after Young Eagle Flight. He has not been able to fix it yet.

Joe brought up next we should use project photo book and check off items completed in order.

Bob suggested we complete project to a certain point and let new owner decide on how to complete the avionics installation.

Russ asked for a system when someone is working on project others could be notified where they could assist if available.

Bob suggested set up 9:00 on Wednesday as project time. We will see how that works and report at next meeting.

Joe has show and tell demonstration of project tools.

Next meeting is scheduled for 7-16-2022.

Ray and Bob put motion to adjourn and meeting closes at 10:35.
