**Old Business:**

It is looking good for us to be gifted a Zodiac 601XL project. Components complete, e.g., wings, flaps, ailerons, rudder, horizontal stabilizer and fuselage, however the only part connected is the engine to the fuselage. All members present said they could devote 10 hours per month toward completion. Joe Hopwood will be the tech advisor as he completed his Zodiac in September 2018. Also, he will investigate the legal steps the chapter should take.

**New Business:**

The old T-hangers at Foley will be destroyed and rebuilt due to hurricane Sally damage.

**Project Report:**

None.

**Safety Report:**

None.

**Aviation Highlights:**

Joe brought several ancient sectional maps of cities on the west coast for folks to see and take it they wished.

**Administration Comments:**

Meeting next month in air conditioning was suggested but we will have to see how the Delta Variant of COVID-19 is doing. Right now, it is a fire storm.

**Next Meeting:**

Our next scheduled meeting date is August 21<sup>st</sup> at 9:30 AM at Ray's Roost or North?????

There being no further action before the membership, it was MOVED to adjourn. The motion was duly seconded and CARRIED and we resumed our hangar flying.
