## February 2023 Newsletter

### Message from the President

Greetings fellow chapter members,

Welcome to our February newsletter. Winter is a difficult time to get excited about airplanes, but spring will be here before you know. At our February meeting we will talk about plans for the summer so we can be ready when the warmer weather arrives.

This meeting will be another smoke-free dinner with the same sandwiches and salad as our last meeting. Regrettably our costs have increased, and as a result we will be charging \$7 per person. If anyone has any other ideas or less expensive options please let me know.

We will be discussing our new revised chapter bylaws. You should be receiving an email copy before the meeting. We are aligning with the EAA standard bylaws, and reducing our board from nine members back to four. We will be voting on this after discussion, so please bring your comments and suggestions.

Finally, Jeff Stolasz has agreed to take over as our scholarship coordinator. This will be an important position as our chapter becomes active in providing opportunities for young hopeful pilots. Please thank him for stepping up to this challenging role.

Looking forward to seeing you on the 8th!

*Chris Wallace*

## **January Meeting Notes**

There was no general meeting in January.

Chapter board members Chris Wallace, Steve Gette, Thomas Wright, and Jeff Stolasz held their first board meeting of 2023 on January 26th. Several topics were discussed including by-laws revisions, Young Eagle events, financial reports, chapter projects, Ray scholarship, and budget preparation. They are excited to share their plans for 2023 with you at the general meeting on February 8<sup>th</sup>.

### **Donated Aircraft Update**

**GlaStar:** We decided to sell the GlaStar kit unfinished given the complexity of completion. We are still seeking volunteers to help inventory the parts. Please contact Chris Wallace if you would like to help.

### **Note from Miles Lundgren**

Hello fellow EAA 1345 members,

I am looking to find a safety pilot to help me practice my IFR procedures. My checkride is in mid-March and I need a few more hours to get ready and reach my 40 hour benchmark. You only need a current private pilot certificate and we will both be able to log the time. If this interests you, please reach out to me at [miles.lundgren@gmail.com](mailto:miles.lundgren@gmail.com) or (415) 720-6407.

Thank you!

*Miles Lundgren*
