April Meeting Minutes

Minutes of a regular meeting of The Chapter held on Wednesday, April 11, 2018, at the "Bend Builders Assist"/Robertson Hangar at the Bend Municipal Airport. Meetings are held on the second Wednesday of each month.

ATTENDEES

There were 19 in attendance who signed the roster at this meeting.

DINNER

We had of pizza and hamburger for dinner.

CALL TO ORDER

The meeting was called to order at 6:15 PM by Mike Robertson. Tom Phy was not present as he has been undergoing extensive medical treatments. Mike wanted to get the meeting started a little early because he had a tour planned for us at another hangar.

PROGRAM

Mike reminded us of the notification in the current Chapter Newsletter, that, with Tom Phy being ill, Tom is selling all of his things, including the RV-7 kit, car, BMW motorcycle and tools. It would be a help to Tom for members to purchase whatever items they could use.

Bend Builders Assist has purchased a new projector and is allowing our EAA chapter to use it when needed. Thank you, Builders Assist!

Jim Stone is helping a friend sell an almost-complete Glastar.

The tour we went on was to Silvano & Toni Gai's hangar on the east side of the runway. They have a Pipistrel Sinus 150 UL Motorglider, which they have suspended from their ceiling. The wingspan is just short of the width of their hangar. The main attraction, though, was a Taylorcraft that Silvano is in the process of restoring, with Toni helping out along the way. **(see above)**

By 7:40 members started filing out and the meeting was then . . .
