July Program Potluck

Dave Schuler's T-Hangar A-7

President's Ramblings July 2019

June was a busy month for our chapter seems as if it flew by (no pun intended). Mother nature has a way with reminding us humans that she is still in charge. I'm referring to the weather during the B-17 visit. In spite of the overcast day on Friday we still had a good turn out of people to do the walking tour of the Aluminum Overcast. I'll leave the debriefing to Ralph at this month's meeting to fill in the details. I was satisfied with the outpouring of volunteerism and the local communities' support of this chapter project. Thank you to those that volunteered we couldn't have pulled it off without ya.

The July meeting will be a cookout at the north T-hangars A-7 I believe which is occupied by Dave Schuler. Dave agreed since the taxiway may be under construction and his hangar was the closest to the access gate. We'll have someone watching the gate to let ya in or just call one of us to get the access code.

July Meeting - Business meeting at the same time we'll keep it short - B-17 debrief. - cookout/fellowship - Pre-Oshkosh or Hawaiian theme dress accordingly please.

Bring your own grilling items, maybe a chair along with utensils - and a dish to share with everyone else. The Chapter will have H2O available to keep everyone hydrated.

Otherwise, this is about all I have to chat about this month. Hope to see you on July 13th at 6:00. Additionally, July 13th is the fly-in and air show in Tarkio, Mo K57 hosted by EAA Chapter 1405. Looks like a good day have breakfast and lunch in Missouri and dinner in Iowa at the chapter meeting.

Also, on July 13th a Young Eagle event at KIKV contact Alan Core regarding time and be sure you have filled out the youth protection program if you plan to fly youth, basically, a background check. Below are the pilot requirements.

PILOT REQUIREMENTS

You may already meet several of the requirements to fly a Young Eagle just by holding a current pilot certificate. Here are the requirements in full, which are designed to ensure your and your passenger's safety.

To fly passengers in the EAA Young Eagles® program, you must:

- Be an EAA member.
- Complete the [EAA Youth Protection Program](#), which includes a short training session and background check.
 - Have a valid airman's certificate (sport pilot or greater).
 - Possess a current medical certificate or BasicMed (if applicable).
 - Be current to carry passengers in the aircraft you plan to use.
 - Have a current biennial flight review.
 - Conduct flights in an aircraft that is in airworthy condition.
 - Have Aircraft Passenger Liability Insurance for the aircraft used (owned, rented, or borrowed).
 - Adhere to all applicable Federal Aviation Regulations.
 - Complete a Young Eagles registration form **before** the flight, signed by you and a parent or legal guardian.

Till next time AJ
