June 12

**General Meeting 5:00
at Dave Schuler's hanger
Cookout/Potluck at 6:00**

President's Ramblings June 2021

We are halfway through the year and masks are coming off and people are on the move again. Along with this, fly-ins are being scheduled around the local area and across the Midwest. Last month's meeting was not your usual evening gathering of friends with the whole program and socializing with like minded people. The plan was to gather at the Boone area pilots breakfast then head to Pella to attend the fly-in there too - two in one day, and fairly close when considering the nautical miles. I did receive a note stating about six members were spotted in Boone waiting for a mouth watering pancake or two. Thanks to those that took the time to represent Chapter 135.

If you recall from a past edition of Tailspiner around mid June is when we'll be notified from National if our chapter has been selected to provide the labor at the Chapter pavilion flipping pancakes. I'll let you know when I hear something.

Oshkosh is on the horizon here's the link to download the NOTAM - new waypoints added plus two VOR's decommissioned. <https://www.eaa.org/-/media/Files/AirVenture/FlyingIn/NOTAM/2021/2021-NOTAM.ashx>

It all begins July 26th which is (as of this writing) a mere 56 days away. If you're like me the excitement builds as the calendar counts down to the beginning of Oshkosh Airventure.

If you recall May was a rainy month and the 22nd was no exception. A few days earlier, I recruited Dave Schuler to give me a lift to KCCY to pick up a friend's plane from annual and return it to KIKV. Although the TAF stated the clouds would be clearing by noon, the TAF was not as accurate as hoped. We delayed our departure and did lunch while the rain shower worked its way out of the area. Still, we filed IFR and departed KIKV as we were in and out of the clouds and did the RNAV 12 APPROACH at KCCY. While on the ground at KCCY during the preflight the skies continued to clear and the trip back was VFR. On our return trip Dave and I had time to do air shots

Do you ever wonder what your President does other than write the Ramblings for the newsletter. WELL, I am in the process of working with Radek Wryzykowski. Radek is the IMC Club Program Coordinator at the National EAA Level. The IMC/VMC club is a monthly one hour program where an actual scenario is recreated into a video or PowerPoint presentation for viewing by the local group. Attendees do not have to be EAA members to attend. Once the short video is completed - then it's open for discussion for

the group "What would you do" The intent is to get instrument flying pilots together and share knowledge no matter what your level of experience. I think this could be a great learning experience and aid in proficiency.

Also, I have contacted Doug Rozendahl regarding his presentation on the Normandy D-Day recreation he participated in a couple years ago. We are on his schedule once he has an open second Saturday. This will be a big event I'm sure since Doug tells me he hasn't presented it in the Des Moines area yet. We may need to request the large hangar at Exec 1. Lastly, July will be the Chapter's POKER RUN so look forward to the information regarding this event. Brant Hollensbe is our chairman this year.

Till next time - Blue skies and tailwinds
AJ

Meeting Minutes May 2021

No board meeting - General meeting was at the Boone Flight Breakfast

The first Wednesday potluck of the season
