

The March agenda was actually followed.

- Quick finances update. Bank balance, dues paid, and paid members.
- We moved the monthly meetings to a new date and time.
 - The third WEDNESDAY of each month at 6:30 at a local pizza restaurant (for now)
 - The next meeting is 6:30pm, Wednesday 14 April 2021 at:
 - Life is Pizza 410-876-6477
 - 7 Locust Lane, Westminster MD. They are located at the end of the pedestrian path between the parking garage and the main street library.

To keep it simple, Warren will buy the first pepperoni pizza, and you can reimburse him per slice and buy your own drinks, or order your own dinner. Some help with the tip might be nice.

What was covered in the last meeting:

- Renting a hangar: there is a wait list. We deferred any discussions about renting a hangar for now.
- The annual fly-in: Tabled until next month. Tentative date is the last Saturday in September with a rain date of the first Saturday in October. Right now we do not have the people to staff an event the size of the ones in years past.
- No other fund raisers planned for now.
- Painting the compass rose. We measured for square footage to order paint. The airport manager will buy the paint.
- I talked briefly about my new X-plane flight simulator and Oculus 2 VR headset.
- Alan talked briefly about why he chose to build an RV4, with Q&A.
- We had a guest: Andrew Twemlow who just completed an RV12, it is in flight testing.
- Other news:
 - At the meeting we can plan the 4-hour construction gathering the following Saturday morning, helping build airplanes. April will be spent (weather permitting) on re-painting the compass rose.
 - Mike Baldwin just retired and is researching what kind of airplane to build.
 - Warren agreed to buy Marty's N-3 pup project. The Corvair engine is on hold for now.
 - Marty now owns an airpark building lot in Florida, with plans to build a home and hangar there one day.
 - Steve is willing to share his hangar with others for their building projects.
 - Alan Hawk is running our NEW web site. It is hosted and sponsored by EAA headquarters. Check it out:
 - <https://chapters.eaa.org/ea1384>

The next meeting is WEDNESDAY NIGHT, 14 April 2021 at Life is Pizza in Westminster. Be there between 6:30 and 7pm. An agenda will come out in the next day or two.

.....NEXT MEETING: WEDNESDAY 14 APRIL 2021 AT 6:30PM AT LIFE IS PIZZA IN WESTMINSTER MD.
