TV in Eagles' Nest

2014

New hangar #9 (built by
Ryan and Bob Soderquist
over old hangar)

In Process

RV-3's
new home

2014

Another hangar donated by Gibbs Flying Service to the Chapter.

Chuck Stiles and Ryan jack up the hangar to install the wheels to move it. Chuck spent many hours preparing the hangar for transport.

2014

Gene Hubbard, Joe Russo, Larry Rothrock, and Jerry Boughner, mounted the wings on a Nieuport 11 and fit aileron cables to the upper wing.

Hangar 15
complete thanks
to Chuck Stiles'
hard work

2014

Stearman line-up on Old Charlie

YE Tristan Werner
after his ride in Sean
Tucker's Oracle Extra
300 (the 14 fingers
from both pilots add
up to 14 for EAA 14)

2014

Jim MacKinnon and Gene Hubbard instruct members of the La Jolla High School Science Club in techniques for drilling and riveting sheet metal aircraft parts

Science Club members learn how to fold, drill, and rivet aluminum boxes

2015
