

The Outer Marker

A photograph of an airplane wing with a colorful tail fin flying over a sea of white clouds under a blue sky with scattered clouds. The wing is on the left side of the frame, and the tail fin is in the center. The clouds are dense and white, filling the lower half of the image. The sky is a deep blue with some wispy white clouds.

Happy Labor Day!

Hello Flight Enthusiasts!

Sorry I am going to miss this month's meeting again. Must stay with my grandsons in AZ while their parents go to the Caribbean. Rough for them, right?

Unfortunately, that means I will miss Gail's Award Ceremony. John will be there though. Hopefully, he will get me lots of photos for the October newsletter. So proud of Gail she is quite a woman! Congratulations dear friend!

The Bodines, Kim Ochoa and Suzi Wallace had a great time at Air Venture; got Tees to document the event. Check them out in the Photo/Video section.

We took Xavier for a flight to Nancy's Airport Café lunch. He taxied for a bit and flew the plane there and back after grandpa got it all set up. He did very well.

Congratulations to Garrick Grace who obtained his private pilot's certificate last month! May he have many safe flights.

See you all in October! Have a pleasant rest of the summer!

As always, I pray God blesses you all with good health, prosperity and clear blue skies!

Bonnie
