Map

Our general meetings are held on the second Saturday of each month. Guests are always welcome.

Here are two maps to help you find us at Hanger 10 at Merced Yosemite Regional Airport.

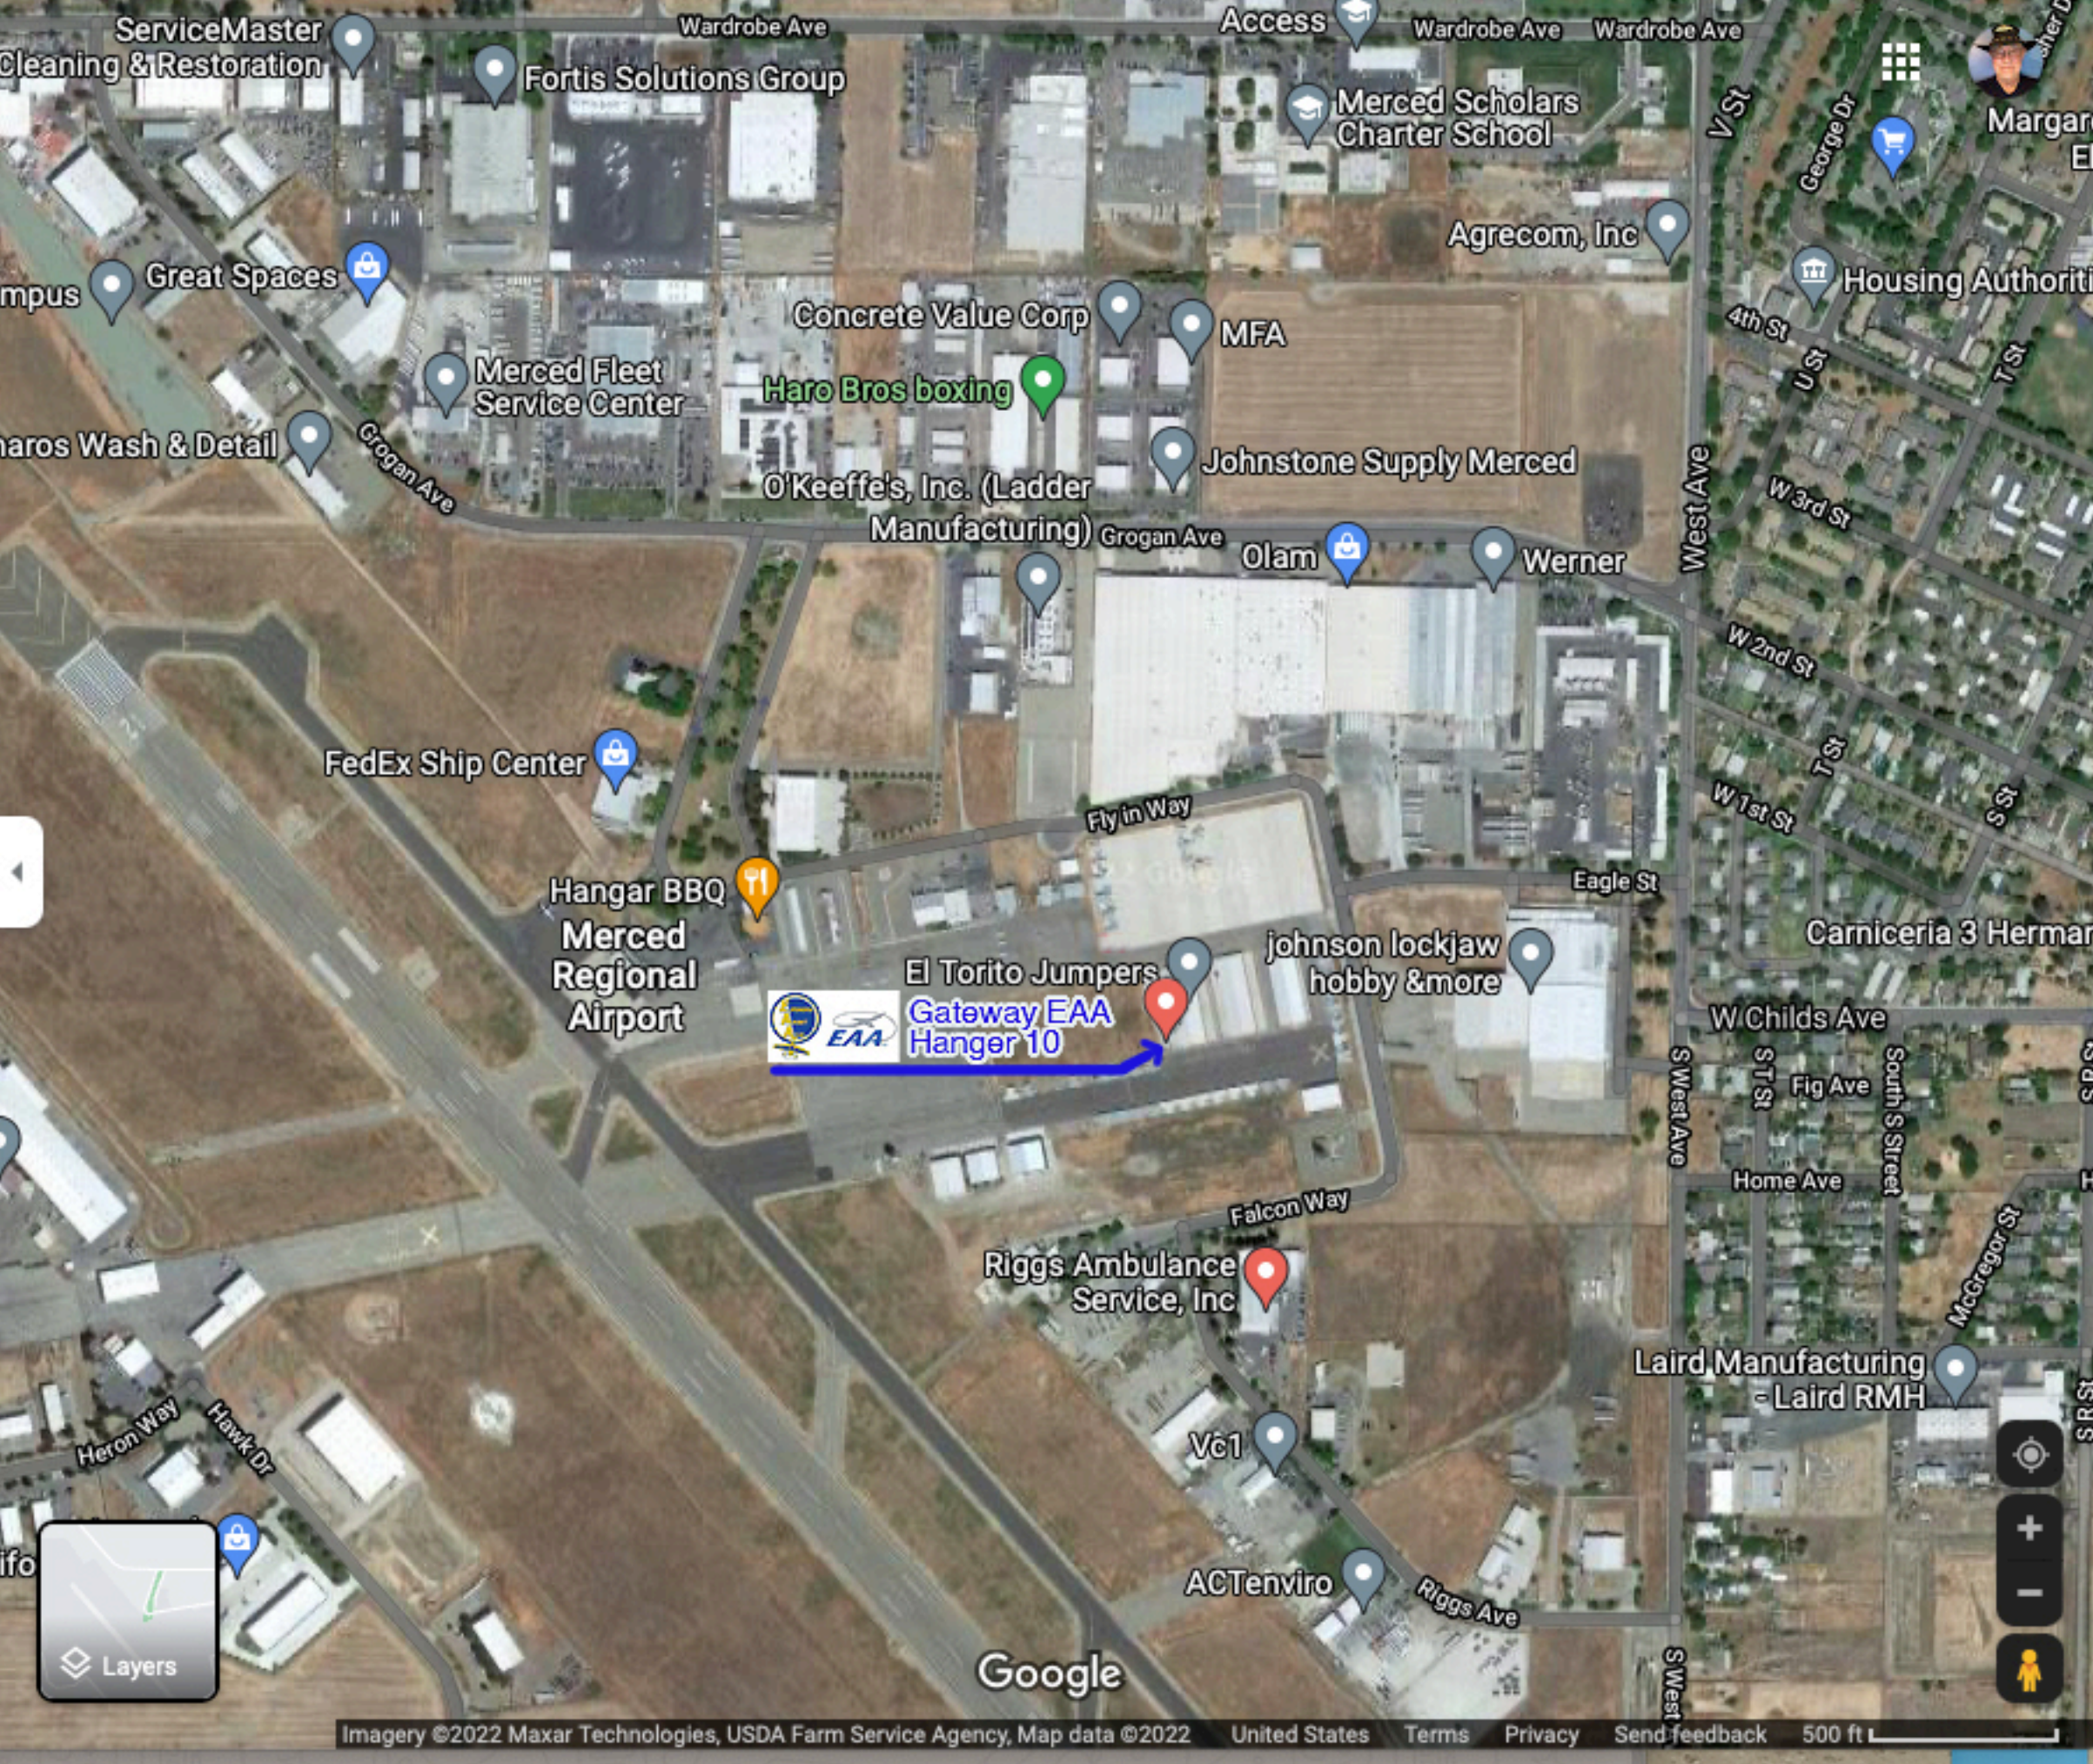

An EAA Chapter 1401 staff member will man the gate located on Condor Dr to open the gate for you from 8:10am to 8:35am. Meetings start at 08:30am and run approximately two hours. If you are running late or want too arrive earlier, please call our Chapter President, Mike Bodine, on his cell at 209-658-1829 to arrange to have someone let you in the gate.

Hope to see soon.
