

JULY 2013

EAA CHAPTER 145

SINCE 1962

Martt Clupper

**Chapter Meeting: Saturday, July 13, 2013 – 10:00 am
Riverview Airport (08C) in meeting hangar**

The EAA Chapter 145 meeting will be back at Riverview for the July meeting. We will be hearing from Arthur Deane, talking about Stinson Aircraft. So join us for a great talk about these beautiful historical planes.

INSIDE THIS ISSUE

- 1-2 B-17 visit
- 2-3 Young Eagles
- 3 Website o.t.m.
- 4 Upcoming Events

The EAA B-17 is coming to Grand Rapids in mid August (Aug 15th – 19th). This is a terrific opportunity for our chapter to earn money so we can continue to pay hanger rent, heating and insurance. As you can see from the Treasurer's report on page 6, the dues do not cover the normal cost of operating the chapter. The B-17 tour at GRR is also an opportunity for Chapter 145 to include the public in our support of general aviation.

To make this a successful event, the chapter needs your help. Everyone has skills or knowledge that could contribute to making this a successful tour. Dick is Tour Stop Coordinator and Bruce is Marketing Chairman. They need help before the B-17 arrives and while it is here. Please read the lists below and see what applies to you, then volunteer.

Before the B-17 Arrives, August 15:

- Identifying potential sponsors who will donate money or services for free promotion and possibly other perks.
- Introductions to people in TV, radio, and print media.
- Locating vets with B-17 experience or related period bombers. These people could be wartime or later air crew, maintenance personnel, and factory/engineering workers. We'd like to have these folks tell their stories to attendees during our tour.
- Ideas to effectively promote our tour such as where to place banners, distribute fliers, and locate posters.
- Distribution of fliers, banners, and directing signs.

While the B-17 is at GRR, August 15-19:

- Volunteers to help with the sale of merchandise from the EAA trailer.
- Volunteers to help with the ground tour of the B-17.
- Volunteers to help with the security of ground operations.
- Volunteers to help set-up and tear-down.

If you have knowledge and expertise in a particular area, we welcome your help. Please contact Bruce or Dick to volunteer your services. When you contact them, they can provide specific details of how you can help. Their contact information is on page 6
