

GRAND RAPIDS

CHAPTER 145

WWW. ~~EAA~~145.ORG.

~~www.gocities.com/eaa_chapter_145/index.html~~

This Months Meeting

Mike Dubuis will give a talk on the construction of an RV-9. Mike will outline the steps he has taken to 1) decide on a project, 2) collect information on the project, 3) order components for the project, and 4) construct the project. He will also give a "tour" of the project in progress.

VP notes on this month's meeting:

EAA Chapter 145 will have its monthly meeting on Saturday March 12 at 10am. The officers and concerned members will meet at 9:30am for the business meeting.

We plan to have a brief chapter meeting at 10am. (Hugh is out of town...so when the cat's away the mice will play.) Then we have lined up a really great program!

This will be a good opportunity for us to see the kit plane process up close and personal.

See you there, Dick

March Newsletter:

Meeting called to order at 10:05AM by Hue Eisen.

Last months minutes were in the newsletter and Treasure report was given. We received a 1099 tax form from the national for the money received from the B-17 Tour, so we may be required to do an income tax for the first time!

Now is the time to become a tax exempt chapter.

SUVERY:

Survey report on the best meeting time came out:

#1 Saturday morning at 10:00AM

#2 Friday night at 7:00PM

We had 17 at the last meeting so we may try a different time and see how the numbers go.

Young Eagles:

Dick Foster reported we surpassed the YE quota for last year and we received from the national a crystal award. Dick suggested we give this to Linda as they covered the fuel cost of this event and approved by all.

YE flights are planed for April 12th (weather permitting) So helpers can sign up at the next meeting.

Tech Report:

Jim Palmer reported on RV projects and they are;

Todd Stehouwer Rebuilding RV6

Walt Clawson Building RV6

Gary Kremer Flying RV7a soon

Curt Pullen RV7A Q built coming soon

Brian Fillman RV7A canopy going on

John Gill RV7 canopy going on

Bruce Huizenga Building a Fisher

Programs:

Bill Willyard would like input for the web page. We would like to list up coming programs. Len Galloway is about ready with his program on the 51 project. Todd Olson wants us to visit the new KISD Aviation Tech Center.

Roster Address change:

Stuart White 6602 Ravine Vied Rd.

Caledonia, MI. 49316 Same Phone#

Welcome the New Members:

Todd Stehouwer Kentwood, MI.

Greg Toman Grand Rapids, MI.
