EAA Chapter 1475

EAA Chapter 1475

www.eaa.org

DID YOU KNOW??? (ICYMI)...

Federal Aviation Administration

The FAA has now published guidance on medications. See https://www.faa.gov/licenses_certificates/medical_certification/medications/

New chapter website! The chapter board approved a new website so watch for more information about it and when it will be rolled out ~

Wood County Airport is on the TXDOT list for improvements: additional parking, lengthening of runway and more; this is a multi-year project ~

CHAPTER NEWS

DON'T FORGET!! Chapter dues for 2020 are now due; they are \$25 and can be paid either via PayPal or at a chapter meeting.

What topics would **YOU** like to see in future presentations???

What ideas do **YOU** have?

HIGHLIGHTS FROM CHAPTER CHRISTMAS PARTY

The chapter Christmas party was held December 4 at Brisket Love Barbeque & Icehouse in Lindale with a great turn-out from the chapter, Wood County Airport & Mineola-Wisener! Chapter officers were recognized for their service (secretary/

treasurer Carolyn Bova was not present)

CITY OF MINEOLA CHRISTMAS PARADE

PROJECTS

Scott Bell's plane is coming along nicely!

FOR SALE: Piper Top Cowl Assembly – PA-20, PA-22 Univair #U131580-000

This is a NEW top Cowl assembly, never installed for a PA-20 or PA-22. It contains the top, left and right sides of the cowling. Asking \$825.
Call Jimmy at 903/292-7625.

Also from Jimmy Chadwick...

<http://eaaforums.org/showthread.php?9199-FS-Two-Seperate-Hatz-Classic-Projects&s=d1886d99d4ea876e92090518096c7367>

I have recently acquired two Hatz projects to sale for the current owner. I do not have the original plan sets or serial numbers at this time but are expected to arrive by courier in the next couple of weeks.

Projects #1 – Hatz Classic – Project began construction in 2005 and ended in 2013. No work on the project sense that time. Complete airframe in the fabric stage. Fuselage and tail feathers covered but not silvered. Wings are not covered. It appears that all airframe components are here, including Maule tailwheel, flying wires, engine mount and cowling, pushrod tubes, brake lines, Cleveland wheels and brakes, etc. Rear instrument panel is complete. Firewall forward was not completed. Radios, ELT, propeller, and 1723 SMOH O-320, will be sold separately. The craftsmanship on this project, from the woodwork, the sheet metal work through the fabric work is some of the best I've seen. To see more photos, go to the EAA Builders Log Site <https://eaabuilderslog.org> and search for projects in the 75754 zip code. Asking \$21,500 or best offer.

Project #2 – Hatz Classic fuselage, main gear legs, Matco tail wheel, tail feathers and some fuselage formers. Over 4350 hours on builders log for this project between June of 2010 and December of 2011. Two Technical Counselor Visit Reports during the build. This project has not been primed. A light rust layer is apparent on 2/3's of the fuselage. Will need blasting and priming as soon as possible. To see more photos, go to the EAA Builders Log Site <https://eaabuilderslog.org> and search for projects in the 75754 zip code. Asking \$6500 or best offer.

These projects are located at the Mineola-Wisener Airport (3F9) 22 miles northwest of Tyler, Texas. PM with questions or call Jim at (903)292-7625

FS: 0-320-A2B Zero Time Sense Major Overhaul

<http://eaaforums.org/showthread.php?9190-FS-0-320-A2B-Zero-Time-Sense-Major->

Includes rebuilt carb, Sky-Tec 149-12PM starter, vacuum pump, 0.010 oversize steel cylinders and Vetterman 2-1 exhaust. PM for more info. Asking \$17,000 OBO.
