PRESIDENT'S MESSAGE

JUNE 2023

Hello everyone,

Welcome to our June 2023 update and attached newsletter.

Beautiful weather lately and it is time to be hanging out outside at the airport again. For our June meeting, we will be outside at Jakes hangar E-48 on the far east side of the airport starting at 6:30 for sandwiches, chips, drinks and please try to bring your favorite dessert and be judged if you are able.

Jake will show us and explain all about his Piper Arrow, starting about 7 pm. You may also want an Arrow when he is done! We will have some chairs, but consider bringing one if you want to sit. If you feel like dancing, we are planning to have some fun party/dance music so you can show off your moves.

Generally since parking for cars and planes is limited near his hangar, you will need to park your plane by Pilot Petes or walk in through the pedestrian gate using the code and walk over or you could call me or Ron or Randy or Jim for a ride over.

In case the weather gets too funny that night, we will meet in the lower level meeting room at Schaumburg Airport.

After the presentation, we will go around the hangar for builder's reports/flying stories/show and tell items you brought etc.... It is nice to hear about the progress on the home built airplanes and antique restorations!

Last month, we learned a lot about propellers and the Brodhead airport airplanes and museum. Keep your propeller spinning and have an epic adventure just over the WI border to Brodhead!

Also if you have your airplane photo and you would like it showcased on our website, then send Glenn or me a nice picture of it. Thank you Glenn, for building and maintaining the website. Please also visit, Share and Like us on Facebook.

Thank you to all of you for being part of our great EAA Chapter 153! See you soon, have fun and stay safe.

Time to open the Time Capsule!!!!

On June 7th at 7pm

The moment has arrived for the opening of the airport time capsule that was sealed on June 6, 1998 at the dedication of the Schaumburg Regional Airport Terminal Building.

Please join us to view the contents of the capsule that holds objects and documents of the past. Light refreshments will be served.

If you plan on attending, please let us know by responding to this email or calling Erik Trydal at (847) 923-3778 or email etrdal@schaumburg.com.

We look forward to seeing you at the event.

MAY 12 MEETING PHOTOS

Our membership count is growing and we want to make sure that every student pilot, long time pilot, aviation supporter, or CFI knows they are welcome to attend and become a regular member.

Please spread the word.

Remember that:

- 1) Our chapter has great tools to loan out to paid up members
- 2) We have Tech Counselors & Flight Advisors to consult with

The membership form is attached for you to fill out and mail, or you can bring it and pay for 2023 dues at an upcoming meeting.

We have some openings on group committees if you would like to participate a little more.

Please feel free to submit any ideas you have for future topics or for social gatherings and please do consider writing an interesting story or helpful airplane tips to put in the newsletter. Share your expertise!

Member News and Views

Dear EAA 153 Members:

Please see the note from Joe below and try to help with his well earned awards....

Hi Bob, I am applying for a "Master Pilot Award" and a "Charles Taylor Mechanic Award" from the FAA. To qualify I need three letters from pilots and mechanics I have associated with, as part of the requirements, a total of six letters minimum.

I talked to Yurig at the Milwaukee FISDO and he said my mechanical/technical presentations at some of our past meetings could qualify for the mechanic award. The rules/qualifications for the awards can be found on the FAASafety.gov web site (the same place where "Wings" info is located) under the headings , "Maintenance Hangar" and "Pilots". I would appreciate the help of our fellow EAA 153 members.

Thanks,

Joe Lienau
