

# CHAPTER 153

## PRESIDENT'S MESSAGE

FEBRUARY 2023

Hello EAA 153 Members and friends,

I hope your January and Winter are going well. The weather has been kind of quirky, but I heard better weather will be arriving soon! I know you are enjoying Winter more if you were lucky enough to have attended our ChiliFest and discussion of Favorite Aircraft at the January gathering. We had many great chefs that tempted us with their favorite recipes. Then we had official EAA 153 60th anniversary cake, before hearing from everyone about why they liked their 2 best and favorite flying machines. Also, we heard from the aircraft builders about their recent progress and some recent trip reports from flyers that are cruising around.

Our next gathering, on Friday February 10th at 7pm social gathering time-7:30 for meeting start in the lower level at Schaumburg Airport, will be an open discussion from everyone about " Your Favorite Flying Destinations and Favorite Flying Story". We have planned on this discussion for quite a while, so when a member suggested it at the last meeting, the light bulb went off again. After hearing from everyone, we will take a refreshment break and then discuss builders reports and any Show and Tell items you bring to show off.

As always, our recurring theme is to enjoy aircraft, learn about aircraft and have fun with our aircraft friends!

Remember that our chapter has some tools to loan out to members.

You can pay for 2023 dues (\$20) at an upcoming meeting.

Please feel free to submit any ideas you have for future topics, social gatherings and please do consider writing an interesting story or helpful airplane tips to put in the newsletter.

Also if you have your airplane photo and you would like it showcased on our website, then send Glenn or me a nice picture of it.

Thank you to all of you for being part of our great EAA chapter 153 (60 years strong)!

Thank you to Madeleine for doing our newsletter each month.

See you soon and stay safe.

*Bob*
