

Projects are in short supply for the EAA 154 project tour so we will be starting a little later (10:00) at Dobs Aviation and then on to Disley to see Vic's Sky Bolt (see details below). Vic's project has taken some major steps forward over the last few months, I think you'll be impressed.

I welcome any input EAA and COPA members might have for future issues, I can be reached via email at wood23@sasktel.net, by phone 306-751-1064

Ron Wood

Project tour May 13th

The project tour will start off with coffee and doughnuts at Dob's Aviation (5023 Tiger Moth Lane, Regina) at **10:00**. Wayne will have his newly completed RV 12 on display, as well we hope to have as many EAA 154 member's aircraft on the ramp as possible. As well there is always something interesting to see around Dobs, such as the Taylor Craft Dennis is restoring.

No other projects available in the city so the plan is to head out to Lumsden for lunch at Lumsden Valley Restaurant (320 James St N) around 11:30 then on to Disley to see Vic's Sky Bolt (featured in banner photo above).

Non-members welcome to attend

EAA 154 Fly-In Breakfast June 11th Disley

We will be hosting our annual fly-in breakfast at the Disley Airstrip (1/2 mile east of Disley) June 11th From 8:00 to 11:00.

Come out for pancakes (with strawberries and whipped cream), eggs, bacon Coffee and juice. For more information contact Vic Zubot at vic.zubot@imagewireless.ca or call 306 731-2249.

Fly-in or Drive-in, everyone welcome.

No COPA Flight 4 news at this time.
