As always, Some News from National.

2022 Airventure dates are July 25 – July 31

Weekly and daily admission tickets for the 69th edition of EAA AirVenture Oshkosh, EAA's annual fly-in convention, are now available online for the event at Wittman Regional Airport in Oshkosh, Wisconsin, on July 25-31, 2022. Additional special offers and advance purchase parking passes will be available in the coming weeks.

"While we are still creating the schedule of programs, features, and attractions that will be at Oshkosh in 2022, aviation enthusiasts are already setting their plans to join us on the flightline," said Rick Larsen, EAA's vice president of communities and member programming, who coordinates AirVenture features and attractions. "We hear from numerous families who make AirVenture tickets part of their holiday gift planning."

Again in 2022, all attendees ages 18 and under are admitted free, supported in part by The Boeing Company. In addition, EAA members who purchase admissions prior to June 15, 2022, are eligible to receive their admission wristbands in advance via the Express Arrival program. Early purchase discounts are also available on both daily and weekly admissions. While admissions are available at the gate, early online purchase gives the best discounts, options for faster entry to the grounds, and additional information and insights prior to the event.

Celebrating Van's Aircraft RV 50th Anniversary at AirVenture 2022

The 50th anniversary of the Van's Aircraft RV series, which has become the world's most popular kit airplane, will be a major element of homebuilt aircraft activities at EAA

AirVenture Oshkosh 2022. EAA AirVenture Oshkosh, the 69th edition of the EAA's fly-in convention, is July 25-31 at Wittman Regional Airport in Oshkosh.

“While aircraft kits have existed for more than a century, it was 50 years ago that Richard VanGrunsvan introduced a model that would move the homebuilt movement into an age where kit aircraft would become dominant,” said Charlie Becker, EAA's director of chapters and homebuilt community manager. “Today, more than 11,000 completed RV models are the direct descendants of that first RV-3 in 1972. We invite all of them to be present at Oshkosh as we celebrate a half-century of success.”

A number of special events are planned as part of the 50-year celebration. Those include:

- Special Van's RV parking areas in the AirVenture homebuilt aircraft area
- Multiple forums and workshops focused on RV aircraft throughout the week
- RV aircraft flying during the AirVenture air shows
- An evening program at Theater in the Woods with VanGrunsvan, highlighting the history of the company that began as a backyard shop in Oregon
- VanGrunsvan began Van's Aircraft with a clean design, then selling plans and a few parts he manufactured himself for those aircraft. Soon the company began manufacturing complete airplane kits and introducing new models that after 50 years now include the latest design, the RV-14. More than 400 kits each year are shipped to builders around the world from the Van's factory in Aurora, Oregon.
- Specific details on all AirVenture activities during the 50-year anniversary will be announced as they are finalized. Van's RV aircraft owners are encouraged to pre-register for the designated parking area at [EAA.org/AircraftAnniversaries](https://www.eaa.org/AircraftAnniversaries).

B-29 Doc Returning to Oshkosh for AirVenture 2022

Doc, one of two airworthy Boeing B-29s in the world, will be returning to EAA AirVenture Oshkosh in 2022 for air show appearances and static displays during the week. While the exact appearance schedule is still being finalized, the aircraft will be parked on Boeing Plaza for public view when at AirVenture.

The World War II-era bomber will help commemorate the U.S. Air Force's 75th anniversary at Oshkosh in 2022. AirVenture will feature aircraft from throughout the Air Force's history, from its creation out of the Army Air Forces in 1947 to today's modern military aircraft.

Doc was [rescued from the Mojave Desert](#) in 1987 and was meticulously restored over a 30-year period. It made its first air show appearances in 2017, including a legendary flight at Oshkosh that year with the Commemorative Air Force's B-29 *FIFI*, marking the first time two B-29s had flown together in formation in approximately 60 years.

Earlier this month, EAA and *Doc's* Friends announced that the B-29 would be joining EAA's B-25 *Berlin Express* for a series of [joint appearances](#) in Florida and Louisiana beginning late March.

[Advance tickets](#) for EAA AirVenture Oshkosh are now on sale, with the lowest rates for EAA members and early-bird discounts currently available.

In addition, *Doc's* Friends will be offering flight experiences aboard the aircraft during AirVenture week, based at Appleton International Airport (ATW). More information is available through the *Doc's* Friends website at www.b29doc.com/rides.

Meet the 2022 Raffle Airplane

The 2022 EAA Aviation Foundation raffle aircraft is a pristinely restored, showroom-condition, yellow-with-1946 Piper J3C-90 Cub. Restored by Ellis Clark, EAA 71644, this Cub has many unique features, including goat-skin seats, struts from a PA-11, a custom-built cowling, and brand-new wings from Dakota Cub. Raffle tickets can be purchased for \$100 each at the EAA Aviation Museum, certain events throughout the state of Wisconsin, and at the EAA AirVenture Oshkosh grounds during AirVenture 2022.

VIRUS Alert: Know before you go.

Before attending or traveling to any destination or event listed, be sure to email or call ahead to see if the event or destination is open and/or available. Be safe and healthy.

Young Eagles Presenting Sponsor

Free Young Eagles® Flights

Launched in 1992, the Young Eagles program has dedicated more than 25 years to giving youth ages 8–17 their first free ride in an airplane.

It's the only program of its kind, with the sole mission to introduce and inspire kids in the world of aviation.

Today, more than 2 million young people have enjoyed a free introductory flight through the

Young Eagles program. These flights are made possible through the generosity of EAA member volunteers.

Join us in offering youth ages 8-17 the opportunity to experience The Spirit of Aviation® by becoming a Young Eagles volunteer today!

<https://www.eaa.org/ea/youth/free-ye-flights>.

Young Eagles Events at AirVenture

EAA Chapters and Young Eagles Blue Barn

Please visit us at the EAA Blue Barn located on Knapp Street across from the Forums Plaza. Whether you're new to the Young Eagles program or a longtime volunteer, we look forward to meeting you and discussing the Young Eagles program. Bring your questions, comments, and be sure to submit an entry for a great daily raffle prize for our Young Eagles program pilots!

Young Eagles Events

Young Eagles programming at AirVenture 2022 is going to look a bit different from previous years. Keep an eye out for an exciting new itinerary of activities to participate in around the grounds as we celebrate the 30th anniversary of the Young Eagles program.

Young Eagles Awards

The Young Eagles program is made entirely possible by the fantastic volunteer pilots, chapter coordinators, and ground volunteers. Without this passionate force, the program would be a shell of its current status.

Each year during AirVenture, EAA recognizes a number of dedicated individuals for their volunteer contributions to the Young Eagles program.

Young Eagles volunteers are eligible for the following awards:

- **Young Eagles Chapter Coordinator Award:** Awarded to a Young Eagles coordinator nominated for their special commitment to their chapter.
- **Young Eagles Ground Support Award:** Awarded to a ground volunteer nominated for their exceptional work during Young Eagles rallies.
- **Young Eagles Horizon Award:** Recognizes the exceptional efforts a volunteer, chapter, or other organization provides in support of youth aviation.
-

- **Phillips 66 Young Eagles Leadership Award:** Presented by Phillips 66 Aviation,
- this award recognizes an outstanding volunteer or organization that has made significant contributions to the

Do you know a deserving volunteer? Submit your nomination today! All nominations are due no later than May 30, 2022.

Chapter Camping at AirVenture

Returning for AirVenture, chapters now have an affordable opportunity to establish a “beachhead” at which to base their activities. Rather than paying by the day, a campsite is staked out until the convention ends. Chapters are able to purchase in advance two to six campsites at a flat rate in order to establish a chapter base of operations. Since the campsites will be staked out in advance, each chapter can direct its members to camp in the vicinity of this area

The following guidelines apply to this special opportunity:

1. Chapters can secure two to six campsites for a special flat rate of \$270 per site. Additional sites may be acquired under the usual camping rules and pricing.
2. At least one camper per individual camping site credential must be a current chapter member and a current EAA member through the end of AirVenture Oshkosh. A list of EAA members to attend with the chapter (who must be current through the end of AirVenture Oshkosh) will be provided in writing to the camper registration staff with the chapter camping request form.
3. Offer excludes improved sites (water and electric) and sites in Paul’s Woods, 101 Woods, handicap, and generator areas.
4. Chapter camping is only available in Camp Scholler, aircraft camping is excluded from this offer.
5. EAA staff will stake out these campsites for the chapter beginning on or around July 11, 2022. Due to the camp ground already being open for weeks, chapter camp sites will be staked out as close as possible to the desired locations listed by the chapter.
6. No refunds due to early departure are allowed for these campsites.
7. Chapters must comply with the policies and guidelines stated in [EAA’s current camping guidelines](#).
8. The chapter leader or chapter designee will manage all chapter camping credentials.
9. A chapter designee for each chapter will arrive first and pick up the camping credentials for all chapter campers and be available to distribute them to their respective campers as they arrive. The chapter designee checking in the chapter must present the chapter camping confirmation form, which will be emailed to them after payment is processed by EAA.
10. All sign ups and payments must be received by June 24, 2022.
11. Chapters are not permitted to occupy their site until July 15, 2022.

Grab your camping gear, chapter flags, and banners, and decorate the site!

This is a great way to share the aviation adventure. I am Secretary of 2 Chapters and they camp next to each other. A lot of laughter sitting around together in the evening last year.

One Week Wonder

Event Returns for AirVenture 2022

Thanks to the support of Sonex Aircraft, we're excited to announce the return of the One Week Wonder for AirVenture Oshkosh 2022. Starting on Sunday, July 24, at 8 a.m., a group of volunteers will build a Sonex Waix, to be completed and ready to taxi one week later, on Sunday, July 31.

"The One Week Wonder event brings excitement and enthusiasm to others in the community by showing what it looks like and feels like to build an aircraft from a kit," said Charlie Becker EAA's director of chapters and homebuilding.

Just as it has in previous years, the One Week Wonder build in 2022 will provide an excellent opportunity to show the world that anyone can build an airplane. Attendees will have the chance to pull a rivet, and have their photo taken as a souvenir.

EAA's Pilot Your Own Adventure Contest

Supported by Flight Outfitters®

Each aircraft has a story — what is the story of yours? Tell us the inspirational, entertaining, and informative true-life story behind an aircraft that you own, or that you once owned, and what makes (or made) it interesting. Every airplane has a "soul" — maybe it's the story of its operational history, or the people that it connected.

Maybe your aircraft was passed down through generations, maybe it saw military service during wartime, or set records or flew or trained notable people in peacetime. It doesn't matter if there were thousands — or even tens of thousands — of the type built, or if it's rare or even unique, every airframe has tales to tell.

If we love the way you tell your aircraft's story, you might just win the AirVenture camping experience of a lifetime, or one of several other exciting prizes, as part of EAA's Pilot Your Own Adventure Contest, supported by Flight Outfitters.

To qualify, your story must be:

- True — all entries must be non-fiction, based on real facts, real events, and real people.
- At least 500 words, and no more than 1,000 words long.
- Accompanied by a minimum of two and a maximum of eight photographs with captions of no more than 30 words each.
- Typed or handwritten, and must be legible, clear, and easy to read.

The contest period runs from January 14, 2022, through March 14, 2022, at 5 p.m. CDT.

For all official rules and other details, including judging criteria, https://www.eaa.org/airventure/eea-airventure-adventure?utm_campaign=av_promotion&utm_source=eea.org&utm_medium=eea_house_featurebox_l

EAA Chapter 1625 Chillicothe, OH Ross County KRZT

Please check out our Facebook page for the latest up to date information <https://www.facebook.com/groups/22>

Our Board has been meeting & social distancing. Our next meeting is March 5th at 9 AM at the Jackson (Rhodes) airport in Jackson. All are welcome to attend. We have a short board meeting and open up for discussions. Everyone is welcome to attend as we will have coffee and donuts.

Locations of our meetings will be posted on the website and on our Facebook page. Our Chapter dues are \$ 10.00 year. Make checks payable to EAA Chapter 1625. Checks can be mailed to EAA Chapter 1625 c/o Darlene Ford 2776 Kenilworth Rd. Columbus, OH 43219. Please include your name. Our new website is up and running. The direct link is <https://chapters.eaa.org/eea1625>

EAA Chapter 1625 will be doing Air Chapter Camping at Airventure again this year. **The Chapter can purchase up to six campsites at the price of \$270 per site. Should you be interested in this affordable way to stay on the grounds at Camp Scholler for AirVenture please contact Darlene Ford, Secretary. This is a great deal and a way to have your site secured for you before you even get to Airventure.**

Chapter 1625 will be hosting a couple Fly In's this year. We will be doing one in Jackson in August with a Pancake breakfast

We hope to host a chili fly in also this year. Be sure to check our website and watch for Details here in the newsletter.

EAA Chapter 421

4th Annual Chili Cook Off

Urbana, OH

Saturday, March 12, 2022 10a.m. -1:00p.m.

WHAT:

Come listen to Randy Kemp talk about his career as a B-52 Crew Chief, B-1 Bomber Technician, the Chief of our B-17 "Champaign Lady" as well as enjoy a bowl of chili at our 4th Annual Chili Cook Off.

WHERE:

Champaign Aviation Museum
1652 N. Main St.
Urbana, OH 43078

CONTACT US:

Mark Curtner, President
937-726-1244

EAA Chapter 1629 Marysville, OH Union County KMRT

As always you can visit our website at <http://eaa1629.org> for the latest up to date information regarding the chapter.

Now would be a suitable time to renew with the chapter if you have not already done so. You can renew your membership in one of three ways:

To renew your membership with a credit card or PayPal go to the following link: <https://eaa1629.org> and click the Join or Renew link on the left.

1. Mail a check for \$10.00 made payable to The Marysville EAA Chapter 1629 to Marysville EAA Chapter 1629 760 Clymer Rd. Marysville, OH 43040
3. Bring a check for \$10.00 made payable to the Marysville EAA Chapter 1629 or \$10.00 cash (Correct Change preferred) to any of the Marysville EAA 1629 functions.

Please visit <http://eaa1629.org> for all the latest updates regarding the chapter. Our Facebook page can be found at <https://www.facebook.com/MarysvilleEAAChapter1629/>. **Our email is marysvilleeaachapter@gmail.com**

Again this year the Marysville EAA Chapter 1629 will be doing the AirVenture Chapter Camping at Oshkosh 2022. The Chapter can purchase up to six campsites at the price of \$270 per site. Should you be interested in this affordable way to stay on the grounds at Camp Scholler for AirVenture please go to <http://eaa1629.org> and click the AirVenture Chapter Camping tab on the left for all the guidelines and to purchase a campsite.

The Marysville EAA Chapter 1629 will be doing Young Eagles again this year in the spring summer and fall. The dates for our Young Eagles Rallies are June 11 with a rain date of June 12. August 27 with a rain date of August 28.

If you would like to participate as a Pilot or ground crew please send an email to MarysvilleEAAChapter@gmail.com and I'll get you all the necessary info you need. To learn more about the Marysville EAA 1629 Young Eagles Program please go to <http://eaa1629.org> and click the Young Eagles tab on the left

You can contact us for more details on the IMC Club meetings via email. Dr. Michael Stretanski, President of 1629 is our Coordinator along with Andrew Hale and me Darlene Ford as co-coordinators. Email marysvilleeaachapter@gmail.com

Meetings are held the 3rd Wednesday of the month. February is the 16th. We are meeting at Switchbox located at 4500 Mobile Drive, Columbus, OH 43220.

March's meeting will have a guest presenter.

Ron Mayer a FAAST representative will be our guest speaker. Main topic will be FAA's Power Point on avoiding CFIT. Ron will also be talking about the improvements in technology....iPad and iPhone. Discussions how they can help you when flying in IMC and VMC conditions. Be sure to plan to attend this session.

Ron has a very interesting background. Commercial pilot, Instrument rating; (not current: MEL and CFI) Ron began flying 1969 through 1974 Cessna 172, T37, T38 & oops! After USAF Flight school Ron pursued his flying in a Cessna 150 & 172, Cherokee PA 140, and PA 23 150 (Apache Multi-Engine) He resumed flying after 40 years as a very rusty pilot in 2004, maybe flying at least half dozen times in between!!! **Which shows that you can accomplish flying again!** He is a member of AOPA, EAA and NAFI (why NAFI... great flying insights). For safety, Ron uses ForeFlight Performance Plus with Jeppesen Charts (and testing new ForeFlight ideas with ForeFlight Labs) and to MiraCheck Co-Pilot, the talking checklist (topics for another meeting). He subscribes to Pilot Workshops, MyGoFlight and Sportys. After giving up PIC status, Ron wants to focus on pilot safety for the age 65 and over pilots!! We will have to have Ron back for another meeting!

The Marysville EAA Chapter 1629 Golf Raffle 2022 is in full swing and tickets are currently being sold. The prize is a foursome of golf plus cart fee at The Club at Tartan Fields in Dublin, Ohio to be used by October 30, 2022. Tickets are \$10.00 each. A Maximum of 100 tickets will be sold. The drawing will be held Sunday May 22, 2022 during the Food Truck Rally at KMRT. For all the rules or to purchase tickets please go to <http://eaa1629.org> and click the Golf Raffle 2022 tab on the left.

Author, guest speaker Danny Mortensen will give a 50 minute presentation at the Chapter Meeting, 1300, on "Confessions of an Air Traffic Controller".

Open to the public

Contact Dave at SkyVista Aviation, skyvistaaviation@gmail.com or Steve, AOPA ASN airport volunteer and event coordinator: rail35.hawk30@gmail.com

Guest speaker, Danny Mortensen is the President of Fearless Froggy Aviation, Inc. His website is <http://fearlessfroggyaviation.com>

Danny is a former air traffic controller until Patco strike in '81. Former corporate pilot (Cessna Citation). Former pylon air racer - won the Gold in Reno in 1990 in the biplane class. Former builder - AMSOIL Rutan Racer. Former world record holder - speed and altitude. Retired from an airline training dept. Owner of a 1940 Waco cabin biplane. Master of Ceremonies - Theatre in the Woods for 30 years. Subjects: Humor: A Funny Thing Happened On the Way to the Tower. Accident Prevention: Crash at 200 MPH; Reno '83. Crew Resource Management expert. Innovation: Team 51 full-scale composite P51 project. Subject Matter Expert from A - W: Airline Accident Recaps to Windshear and Wake Turbulence and everything in-between.

Danny is also a former radio talk show host - KFOX-FM (California). A 1st place gold, National championship Air Races, Reno, NV 1990. 3 world aviation speed/altitude records, now superseded. US Air Racking Association, past President. Build/flew 2 race planes now on permanent display in museums. Be sure to come out and enjoy the Food Truck Fly-In, talk to other aviators and stick around for Danny's presentation. He will be bringing his books and be selling them.

The Town of Lexington, Lexington, MI

Lexington is a quaint, small town located in the rural Thumb of Michigan. Established in 1835 this is a great little town that just loves to show off!

Visit the shops along the main street in the old town area, enjoy the beaches or, test your skills at the Huron Shores 18 hole regulation course. During your stay, be sure to visit the Old Town Hall Winery. Located right downtown in an 1800's fire hall, the owners have now added a brewery!

The resort will pick up stay play guests as will most BB owners. For more information on things to see and do, visit lexingtonmichigan.org.

For more airport information call owner Bill Schutzler 810 359 7497 or airpark resident George Crackel 810 404 7060

With numerous BB's and a even modern stay and play golf resort, this is a great day trip or weekend get away.

AeroCareers' Aircraft Raffle

· Entries close Jun 01, 2022 at 12:00AM ·

AEROCAREERS, NFP

charitable and educational corporation.

AeroCareers is a 501(c)(3) not-for-profit, tax-exempt

Our mission is air and space career education, networking, and mentoring for individuals interested in exploring career opportunities in the aerospace industry and facilitating an exchange of ideas among aerospace groups, educational institutions, youth organizations, and individuals. Our all-

volunteer organization has no paid employees. **One-hundred percent of our funds are used to support our educational and charitable missions** which include providing flight training scholarships for teens interested in aerospace careers.

To learn more about our organization, visit <http://aerocareers.org/>.

RULES FOR THE RAFFLE

1. This is a raffle – not a contest. 100% of the money raised goes to our charitable and educational mission.
2. Void where prohibited by law. Not valid outside of the USA. This raffle is not valid in any capacity if it is illegal where you live. It is your responsibility to verify that it is legal before you buy a raffle ticket.
3. You can buy as many raffle tickets as you wish. Tickets are \$50.00 each or three for \$125.00. Each ticket has a chance of winning 3 prizes. You must be 18 years of age or older to participate in this raffle.
4. After all 4,000 tickets are sold, no more tickets will be sold. AeroCareers has the option to draw the winners at an earlier date if all 4,000 tickets are sold before the scheduled drawing date, June 1, 2022.
5. Winners will be contacted by phone. You do not need not be present to win.
6. The prizes may be transferred to anyone you wish, as long as they are located in the USA.
7. Any taxes, licenses, registration fees and other fees or expenses are the sole responsibility of the winner. Appropriate reporting to the winner and IRS will be provided.
8. The prizes will be awarded within 14 days of the raffle drawing and AeroCareers will store the aircraft at St. Louis Downtown Airport (KCPS) at no charge for 30 days after it has been awarded. The winner will be officially notified by US Certified Mail. The winner must sign a hold harmless contract, publicity, media and photo releases, etc. Second and Third Prizes will be mailed directly to the winning individual's address, once notified.
9. If the winner declines acceptance of the prizes, AeroCareers will draw another winner.

The odds of winning \$20,000 in the *Powerball* lottery if you buy \$50 worth of tickets are 1 in 115,509. The odds of winning our \$20,000 Jackpot or our beautiful Ercoupe are 29 times better—only 1 in 4,000, or even less if not all the tickets are sold!

The Prizes

- **GRAND PRIZE: 1946 ERCOUBE 415-C AIRCRAFT or \$20,000 CASH**

N2544H (S/N 3169) is a low-time, well-equipped Ercoupe with a total time of only 1,550 hours. The Continental C85 Engine has less than 100 hours since major overhaul. (Times may change as we are occasionally flying the aircraft to keep it in tip-top shape.) Its well-appointed instrument panel includes an iFlyGPS 540 Panel Mounted Tablet, DyonD-2 Pocket Panel EFIS, Val Com 2000 VHF Transceiver, a KT-76C Transponder, an auxiliary power receptacle and ADS-B In and out. The aircraft has several upgrades including the 1,320-pound gross weight increase STC, Cleveland wheels and brakes STC, Univair Model E Elevator Assembly STC, metal wing covering, Belleville landing gear spring kit, and Aeroflash anti-collision beacon system. The annual inspection is current through August 2022. The Ercoupe 415-C falls within the Light Sport Aircraft

category and may be flown by anyone with a Sport Pilot Certificate or higher.

(If chosen, the cash prize, in lieu of the aircraft, will be paid in the form of a certified check.)

- SECOND PRIZE: LEVEL AVIATION BROADCASTING OUTER MODULE (BOM)

The BOM is your ideal back-up solution! This wireless aerodynamic pod that mounts underneath the wing of your aircraft measures angle of attack, indicated airspeed, WAAS GPS, AHRS, ADS-B in, and provides data recording. The data displays wirelessly to your tablet and integrates with iFly GPS, ForeFlight, and all the popular navigation apps. It provides an affordable solution that gives you the peace of mind to safely overcome any instrument malfunction or related emergency. It's also an affordable way to modernize a vintage aircraft without using a single wire! (MSRP is \$1,595. For additional information on the BOM, visit the [Level Aviation Website](#).)

- THIRD PRIZE: LIGHTSPEED ZULU 3 ANR HEADSET

Lightspeed's award-winning active noise cancellation (ANR) headset provides exceptional clarity and extraordinary hearing protection with full Bluetooth integration to provide superb call clarity, music fidelity, and wireless access to critical audio alerts from aviation apps on mobile devices, and is backed by an industry-best 7-year warranty. (MSRP is \$850.)

Monthly Chapter Gatherings:

First Saturday of Each Month at 10:00 AM Grimes Field Airport - I74, Champaign Aviation Museum, 1652 N. Main St. Urbana, OH 43078

Chapter Contact Information: President, Mark Curtner 937-726-1244
or mcurtner@ohiohipoint.com

[Elton Cultice the Airport manager at I74 sent this along. This could help other chapters with planning their events!](#)

GRIMES FIELD (I74) URBANA, OHIO UPDATE

1. Mid America Flight Museum of Texas (Restoration Shop) – currently have a Fairchild 71, New Standard, and their newest project is a 1937 Stinson SR9F (Hours – Monday thru Friday 9:00 am to 4:00 pm) (2021 EAA Antique Grand Champion 1929 Travel Air 6000 NC8112 was restored here at Grimes – it has since returned to display at their Texas museum site)

2. Grimes Flying Lab Museum which has one of Grimes's original Beech C45 aircraft that flies at special occasions, events, July 4th, etc. and examples of many of the lights and equipment that Grimes built (Hours – April thru November Saturdays 9 to 1, closed for the winter) Grimes is now Honeywell, still here in Urbana.

3. Champaign Aviation Museum – Building B-17 Champaign Lady, flying B-25 Champaign Gal, Stinson, Fairchild, COD1 (Hours Tuesday thru Saturday 9:00 am to 4:00 pm)

Grimes is the only Airport in the U.S. with three operating museums.

4. Grimes Airport Café – New Owners Mindy & Chat Orahood – same great food, adding some new dishes. Still making pies 100% from scratch, crust, filling, etc. (Hours – Tuesday thru Saturday 7:00 am to 8:30 pm, Sunday 8:00 am to 2:30 pm)

5. Ohio Hi Point Career Center (Bellefontaine) has an aviation class here. Champaign County high school students attend class first half of the day, then after lunch attend workshop/class here at Grimes where they learn about aviation. (pilotage, maintenance, administration, riveting, etc.)

6. EAA Chapter 421 meets Hangar 6, first Saturday each month. All are welcome. More info - <https://www.facebook.com/eaachapter421>

7. Champaign County Pilots' Association meets first Wednesday monthly at Champaign Aviation Museum, library/training room – All are welcome

8. 2021 Grimes Field / FAA Construction Update – In 2021 taxiway A5, the angled taxiway which was part of the old runway 5-23 was removed. Taxiway A2 was extended, it now extends from the Grass Runway all the way to the Terminal Ramp.

2022 Calendar of Events at Grimes

April 30th, Champaign Aviation Museum Gala - Our 10th Annual Gala guest speaker will be Captain Scott O'Grady. He is an F-16 Pilot whose story inspired the film, "Behind Enemy Lines." While enforcing a United Nations No-Fly Zone over Bosnia, Captain O'Grady's F-16 was shot down and he survived for almost six days behind enemy lines before being rescued by the U.S. Marines. www.champaignaviationmuseum.org

July 23, Grimes Flying Lab Fish Fry & 2nd Annual Twin Tail Beech Fly-In – Live Music, Beer Garden, Fish Dinner includes Fish, Beans, Slaw and either water, tea, or lemonade.....this is the weekend before Oshkosh Airventure we are expecting several Beech Twin Tail aircraft to stop in.

August 12, 13, 14, Grimes Field host Vietnam Wall & Military Appreciation Fly-In....The travelling wall will arrive Thursday morning and be set up through the following Monday morning.

August 20, MERFI - Mid Eastern Regional Fly-In / Car Show www.merfiurbana.org

Sept 9, 10, Champaign County Hot Air Balloon Festival www.balloonfestohio.com

October 8, Champaign Aviation Museum Remembrance Day www.champaignaviationmuseum.org

Dec 17, Grimes Flying Lab Christmas Party w/Santa Flying In
EAA Chapter 421 Young Eagles Day – date TBD

2021 Grimes Field / FAA Construction Update – In 2021 taxiway A5, the angled taxiway which was part of the old runway 5-23 was removed. Taxiway A2 was extended, it now extends from the Grass Runway all the way to the Terminal Ramp.

OHIO AIR & SPACE HALL OF FAME AND MUSEUM

**NetJets, FlightSafety International announce major support of the
Ohio Air & Space Hall of Fame and Learning Center**

**Naming of 'Founders Walk' and flight simulator stations will recognize commitment of organizations to
the renovation of original Port Columbus air terminal and tower**

This in from Ron Kaplan, Executive Director Ohio Air & Space Hall of Fame and Learning Center

C: (937) 212-8847 ronkaplan@ohioairandspace.org

For more information visit www.OhioAirandSpace.org.

Welcome to Women in Aviation, Cleveland Chapter, we are a chapter of Women in Aviation International. Established in 2013 our goals are to provide mentoring, outreach, and support to women in aviation while promoting the aviation industry. All women and men are encouraged to join us and share in our interest of all thing's aviation.

We would love to hear from you so feel free to contact us with any questions at wai.cleveland@gmail.com

[4322 S State Rd](#) [Ann Arbor MI 48108-9774](#) chapters.eaa.org/ea333
ea333president@gmail.com

Note

Due to the current public health emergency, Chapter 333 is not hosting indoor meetings. We are instead using virtual/online meeting platforms. All meetings are being held according to the regular schedule below unless otherwise noted. Please check here for further updates as the situation evolves.

To attend any of these meetings, please contact ea333president@gmail.com requesting a link.

Rule-of-Thumb Schedule (specific dates may be altered per list below):

General Membership Meetings: Chapter 333 general membership meetings are open to the public and are regularly scheduled for the 2nd Tuesday of each month, 7pm, in the basement of the Ann Arbor Airport terminal. Sometimes we meet at other locations and if that is the case, details are below.

Business (Board) Meeting: Chapter 333 separates business from pleasure. The gritty details of running the chapter are formally discussed at these meetings. Any member, or person with business to conduct with the chapter, may attend. These meetings are held the 3rd Tuesday each month, 7pm, at the EAA Chapter 333 Welcome Center, 4322 S. State Rd.

IMC Club Meeting: Chapter 333 hosts a monthly IMC club meeting following the format prescribed by EAA HQ. These meetings are held the 4th Tuesday each month, 7pm, in the basement of the Ann Arbor Airport terminal.

Coffee and Donuts at the Clubhouse: Usually the Saturday following a business meeting and occasionally on a Saturday in a month having a 5th Saturday.

International Women's Air & Space Museum

The team at the International Women's Air & Space Museum has been working behind the scenes to revamp our programs and offerings, to ensure that we continue to inform, educate, and inspire. This process includes planning for all scenarios to eventually welcome people back for in-person events, and plan for our continued collections preservation projects. Beginning the week of March 15, the museum will reopen to visitors. We believe it is our responsibility to do so in a measured and responsible way.

All visitors to the Burke Lakefront Airport are always required to wear masks that cover both their nose and mouth. If you do not have a mask, the museum has some for purchase both in the online, and at the in-store gift shop. Hand sanitizing stations are regularly supplied and available throughout the building. The museum staff regularly disinfects high touch surfaces throughout the day, such as interactive exhibit elements. We are limiting the total number of individuals to enter the gift shop at any given time, and we are following all new information provided by the CDC and State of Ohio Department of Health. If you plan to visit the museum, please continue to self-monitor and if you feel ill, please stay home, and visit us at another time. At this time, the museum will not host in-person events. However, we welcome all to participate in our upcoming virtual programs.

For questions, please call 216.623.1111 or email us at info@iwasm.org.

Stay safe. Stay healthy. Mask up. We are in this together! *If you need a mask, we are selling some! With a big thanks to museum advisor, Teresa, we have three different patterns to choose from. Pictured is our Rosie*

print.

Hot air balloons and planes also available. Quantities are limited.

Dinner with a Slice of History...

Researching Black Women in Aviation: Barriers & Breakthroughs

Featuring Historian Monica Smith

Friday, March 25, 2022

6:30 p.m. EDT

This event will be held both in-person and virtually.
Registration required. To register: www.iwasm.org

Dinner w/ a Slice of History "Researching Black Women in Aviation: Barriers & Breakthroughs" (Hybrid Program)

Friday, March 25, 2022

Dinner begins: 6:00 p.m.

Program: 6:30 p.m.

When Bessie Coleman made her U.S. barnstorming debut in 1922, her exhibition flights inspired more African Americans to become aviators. Over the next few decades, Black women took to the skies, earned licenses, and did their best to integrate the burgeoning aviation industry. The challenges of researching these women often keeps them out of the history books. Piecing together their stories takes time, energy, perseverance, and trust. In this

program IWASM welcomes U.S. Air Force Lt. Col. (ret.) and cultural historian Monica Smith to discuss her mission to document and share the stories of these remarkable women.

Registration Information

Registration is required prior to the event.

- Non-IWASM members - \$25
- IWASM members - \$15
- Get Tickets & Join IWASM for 1 year - \$55
- Virtual - minimum \$5 donation

In person tickets include admittance to the program, and a boxed dinner. Registration deadline for in-person tickets is March 18, 2022. For more information, email info@iwasm.org or call 216.623.1111.

New Exhibits Now on Display

Page Shamburger: Hurricane Hunter and Author

Born in 1927, Alice "Page" Shamburger grew up in Aberdeen, NC, and wanted to combine her love of flying with writing. With editors reluctant to hire a woman, she took advantage of an opportunity in the 1940s to work as a roving editor for the magazine *American Aviation*. In 1965, Shamburger became the first woman to accompany the U.S. Air Force Hurricane Hunters on a reconnaissance mission into the eye of a hurricane.

Now on display through March 31, 2022.

Plan your visit to IWASM to learn more about Shamburger through her writings, artifacts, and influence on the museum!

Ida Van Smith: Trailblazing Aviation Educator

Ida Van Smith was born in 1917 in North Carolina, and from an early age was inspired by the early barnstormers. She worked for 40 years in education before learning to fly. Smith combined her passion for teaching young students with aviation, and lived by the quote "Give a classroom wings, and watch a child's mind soar." Smith was the first Black woman

inducted into the Forest of Friendship in 1984. Visit the museum to learn more.

The Ida Van Smith exhibit will appear beginning February 2022, just in time for Black History Month. Plan your visit now!

Ida Van Smith with NASA astronaut Mae Jemison during Jemison's 1992 induction into the Forest of Friendship. Image from the IWASM collections.

News from Space: Upcoming Missions, Developments, and More!

The Russian Space Agency *Roscosmos* recently announced that cosmonaut Anna Kikina would fly to the International Space Station (ISS) in fall 2022 as part of the crew of an American commercial spacecraft. The details of the agreement between NASA and *Roscosmos* are still being negotiated. The arrangement surrounds a seat barter agreement meaning a cosmonaut flies on a NASA commercial crew vehicle and an astronaut flies on a Russian Soyuz vehicle without exchanging any funds. NASA has long sought a deal in order to ensure that there would be at least one cosmonaut and one NASA astronaut on the ISS at any time in case Soyuz or commercial crew vehicles would be grounded for an extended time.

Kikina, who was selected as a cosmonaut in 2012, is the only woman currently active in Russia's cosmonaut corps. This will be her first spaceflight, and she would be the first female cosmonaut to fly in over seven years. She will also be only the second female cosmonaut to live on the ISS on a long duration mission since 2000. She would likely be part of the SpaceX Crew-5 Dragon mission. If Kikina participates on Crew-5, she would join rookie NASA astronauts Nicole Mann and Josh Cassada along with Japanese veteran astronaut Koichi Wakata who are currently assigned to the mission. In case the agreement between NASA and *Roscosmos* can't be agreed to in time for Crew-5, then Kikina would still have a seat on an upcoming Russian Soyuz flight to the station.

Jackie's Airport Restaurant,

Harrison, MI

Clare County Airport 80D, a little north of the center of the Lower Peninsula. Not a \$100 hamburger .. it's a pasty flight - the biggest and best one you may ever find. Half a pie in size! Fine, inexpensive home cooking ... very clean and hospitable to fliers.

EAA's local Chapters 1095 is about people, bringing together individuals interested in learning more about aviation as well as sharing their own knowledge.

Chapter members are involved in a variety of social and educational activities, including Young Eagles rallies, fly-ins, building seminars, and more, to build awareness in the community.

EAA Name Tags if you would like to order name tags for your members or at least your officers please check out Chapter 1095's website. These name tags are very professional looking and hold up well.

Pilot Pete's, Schaumburg, IL 06C

This is a great place to fly in and get a good meal. Pilot Pete's is atypical from most airport food joints. The place is clean with a good menu selection (think of a TGI Friday's or Chili's).

Lighthouse Kitchen

Lighthouse Kitchen across from KRRCR, Rochester,

IN

Homestyle cooking offering breakfast and lunch. The restaurant is called Lighthouse Kitchen and is located across from the airport and right on the lake. Airplanes can taxi all the way past the fire station on the grass and park directly across the street from the restaurant. Perfect for the \$100 hamburger or some fresh fish!

The Barber at BMG, Bloomington, IN

A great little barber shop at the airport. Fly in and get your hair buzzed! The Barber at BMG (Monroe County Airport) is a full service barbershop that offers a relaxing atmosphere with consistent haircuts and the best view from a barber chair there is to offer!

News Flash!!!!

Got this from another Chapter that I belong to. Bernie Rifkin, President EAA Local Chapter 1600 @ KDLZ

I wanted to share with you some recent activity by one of our recent speakers Kevin Korterud. AS you may recall, he spoke to us about the Commemorative Air Force - Airbase Georgia. Well he's working on something a little closer to home that you might be interested in. See below.

Come join our Ohio historical aviation journey....

Dear fellow Ohio and Midwest aviation enthusiasts...

My name is Kevin Korterud and I am writing to you about an opportunity to preserve aviation history in an area where flight began by joining a new unit of the Commemorative Air Force in Central Ohio...where you don't need to live here to be an active and engaged member...

Being a member of the Commemorative Air Force for more than 20 years and serving in many different roles including as a PT-19/T-34 pilot, I'm very enthusiastic this New Unit Growth Program that includes the assignment of a Fairchild PT-19 or similar aircraft to new units achieving a base level of requirements.

Several new units have either acquired an aircraft or are in the process of doing so. More information about this program can be found here >>> [CAF New Unit Program](#) The Ohio and surrounding areas have been a hotbed of aviation history starting with the Wright Brothers and proceeding through many historical people and places...almost too many to mention.

Our new unit has already started to form with an airport location, hangar and an initial set of members in Marysville Ohio just north of Columbus Ohio. This airport has SkyVista Aviation, an excellent aircraft maintenance facility as well as paved and grass runways...

We are seeking new members to help reach a level of 30 members and 5 pilots in order to qualify for the assignment of a Fairchild PT-19...the birthplace of many WW2 pilots. You don't have to be a pilot, mechanic or working in an aviation-related profession...units need people from all walks of life that have an interest in preserving aviation history! If you are already a CAF member, our annual dues are \$48/year. If you are not already a CAF member, you can become one for as little as \$19/month.

Feel free to email me at kkorterud@yahoo.com or call 678-982-1824 for more details...we would welcome new members to help advance our aviation history journey!

Sincerely,

Kevin Korterud

The Commemorative Air Force (CAF) is the World's Largest Flying Museum, a non-profit organization dedicated to the preservation and exhibition of historic military aircraft. The organization has a fleet of over 170 aircraft which are assigned to Unit locations world-wide. These Units consist of CAF members who volunteer their time and talents to maintain and exhibit aircraft as-well-as share their passion for aviation and history with audiences of all ages.

FOR SALE FISHER CELEBRIY PROJECT \$5000.00 or best offer

I am offering for sale my Fisher Celebrity project. I purchased my kit 1991 for Fisher when it was owned by Gene Hansen in Edgely ND. Signify health issues have prevented me from finishing this project. All the major components are finished. This includes the fuselage, wings, and tail feathers. MATCO master brake cylinders are located in the rear cockpit. There is sufficient Superflight fabric to cover the aircraft.

There is no engine or engine mount.

Also, I have several Corvair blocks, heads, 3 three crankshafts that have been turned and nitrated, one set of Sealed Power cylinders and pistons (0.40 Over) and parts that I wish to sell.

The project is located at Moraine Airpark (I73), Moraine OH, just south of Dayton.

Contact Robert Luken, rpluken@earthlink.net or 937-602-7418 voice or text. I do not answer from number that I don't recognize, so please a leave a voice mail message.

In case you are wondering about it. Here is a picture of one. Cute plane!

The WACO Air Museum located at [1865 S. Co. Rd. 25A, Troy, OH](#) will be closed on Wednesdays. Here are our new hours of operation:

Mon	09:00 AM - 3:00 PM	Tues	09:00 AM - 3:00 PM
Wed	Closed	Thur	09:00 AM - 3:00 PM
Fri	09:00 AM - 3:00 PM	Sat	12:00 PM - 5:00 PM
Sun	12:00 PM - 5:00 PM		

Thank you.

Blue Angels

First Cleveland Demo with
the **NEW Super Hornets!**

AIR SHOW RETURNS TO COLUMBUS

On November 30th, we announced the formation of the Columbus Air Show to be held June 17 - 18, 2023 at Rickenbacker International Airport (LCK). In early December, we were pleased to announce we have been selected by the U.S. Navy Blue Angels as one of their demonstration sites for 2023. The Blue Angels last performed in Columbus in 1995 and the last air show held in Columbus was 2007's Gathering of Mustangs and Legends that attracted more than 150,000 guests to Rickenbacker.

Having last performed in Columbus more than a quarter century ago, the U.S. Navy Blue Angels are the world's most recognized jet demonstration team. In 2020 the Blue Angels transitioned to the larger and more powerful F/A-18 Super Hornet aircraft after having flown the legacy F/A-18 Hornet aircraft since 1986. The Blue Angels demonstration consists of six F/A-18 Super Hornets in the iconic blue and yellow Navy colors. The aircraft will fly at speeds approaching the speed of sound and will perform maneuvers with wing tips as close as 18" of separation. The demonstration will also include the Blue Angels' support aircraft, the U.S. Marine Corps C-130 Hercules "Fat Albert".

To stay up to date be sure to bookmark the website for the Airshow

This newsletter goes out to all EAA Chapters in Ohio, Indiana, West Virginia, Kentucky, and Michigan. It also goes to a lot of the FBO's in those states also.

So, if you are planning to host an event and would like to get it out there, this is a place to do so.

If you are a Chapter that would like an article published in the Ohio Region Chapter Newsletter, please feel free to submit an article to me. Also, if you are a manager of an airport / FBO we would like your articles also. Tell us about an event that is going to take place at your airport, an excellent restaurant that is on the airfield for those pilots that like those \$100 hamburgers.

A wonderful place to visit that is close to the airport where you have a courtesy car or that they are willing to pick up visitors and take them to the location.

If you are a local chapter and are willing to transport visitors of your airport to a local event that is great. Let us know and we can post it here. Afterall, EAA is known for its hospitality.

If someone from your Chapter has a plane, parts, or tools for sale we can include it here.

If you do not want to draft an article and would like for me to visit your website / Facebook page and gather my own 'intel' for an article, let me know.

Be sure to let me know if you have a different person that will be sending articles or to receive the newsletter to distribute to your Chapter members.

Please share this with your aviator friends.

If you would like to receive your own copy of the Newsletter, please let me know.

I will be starting a comment section so please send your comments as to what you would like to see from Chapters and FBO's.

Also, if you would like to be added directly to the mailing list, please send me an email.

Thanks to all who sent me an article! Also, even if you do not have an event to talk about or an upcoming event to let us know about, a human-interest article with pics is also welcome. We love to hear about your members. Also please start thinking about the April newsletter. I would like the articles for it by March 20 th.

Send those articles or stories to me at Daford1957@gmail.com

*Thanks again –
Darlene Ford*
