AirVenture dates 2023: July 24 – 30

Public Benefit Aviation to Be Highlighted during AirVenture Oshkosh 2023

PSST! YEAH, YOU. COME over here. Heard you were planning on going to EAA AirVenture Oshkosh this year. Want in on the secrets? Oh, you talked to a friend who was there years ago and now you think you're all set? Know it all, huh? Well listen up, rookie, we're going to help you out. Pull up a chair and we'll do some hangar flying — AirVenture style!

A group of us lucky ones who work at EAA year-round got together in a secret location (actually, it was that odd little conference room in the basement, the one with no door) and came up with some tips. We did the math — we've got 157 years of combined AirVenture experience, so you just might learn a thing or two. We've filled this story with sidebars and stuff so be sure to check those out, too.

AIRVENTURE 2022 BY THE NUMBERS

- Attendance: 650,000, from 92 total countries
- Total Aircraft: 10,000-plus
- Total Showplanes: 3,226
- Campers: 40,000 people
- Forums, Workshops, and Presentations: 1,400-plus
- Social Media Reach: 10.6 million people

A LITTLE HISTORY

It hasn't always been AirVenture. And it hasn't always been in Oshkosh. And it sure as heck hasn't always been this big.

The first fly-in was 70 years ago, back in September 1953, the year Paul and Audrey Poberezny founded EAA. It was at Curtiss-Wright Airport in Milwaukee. Twenty-one aircraft and 150 people showed up. We tried Oshkosh a few years later in 1956, and then moved it back to Milwaukee.

In 1959 it got too big, so we moved it to Rockford, Illinois, for 10 years and then made Oshkosh its permanent home in 1970. It was renamed EAA AirVenture Oshkosh in 1998.

Now it has grown from 21 aircraft to more than 10,000, from 150 people to more than 600,000.

THE OSHKOSH RULES

- Always Treat everyone with kindness.
- Be respectful around all aircraft.
- Pick up trash if you see any.
- Thank the volunteers.

IT'S NOT LIKE OTHER THINGS

Some people call AirVenture “aviation’s family reunion” — and that’s a darn good description. When you wander around, you’re surrounded by friendly and respectful people who love aviation just as much as you do. They’re all excited to be here. The result is that Oshkosh becomes the real “Happiest Place on Earth,” no matter what you might hear from a certain mouse.

Everyone is either an old friend or a potential new one, and that atmosphere is fun and contagious. As Paul often said, you come for the airplanes but come back for the people. And remember, about 6,000 of those people are the volunteers who work like crazy, sometimes for months, to make sure you enjoy yourself. Plus, thanks to the traditional “Oshkosh Rules” (see sidebar), you won’t believe how clean it is.

[EAA to Introduce 70th Anniversary Beer at AirVenture 2023](#)

AirVenture attendees and residents of the Fox Valley can get a taste of EAA's 70th anniversary as the organization partners with Stone Arch Brew Pub of Appleton, Wisconsin, to produce a special commemorative beer.

The Kölsch beer will be available in select Fox Valley grocery stores beginning July 1, and sold at camp stores on the grounds during AirVenture 2023, July 24-30. The beer cans will feature one of seven unique labels, one released each day of AirVenture and each representing a part of EAA's history. Only one design will be available in grocery stores, but all seven can be purchased on the AirVenture grounds.

"In 2019, EAA offered a specialty beer to commemorate 50 years in Oshkosh, and it was an instant hit with our members and attendees," said Chris Farrell, EAA's director of events, and food & beverage. "They asked if we could repeat this for EAA's 70th anniversary. It gives us the opportunity to highlight EAA's legacy."

The specific beer was chosen in part by attendees of the Flight at the Museum event in March, and an EAA staff tasting.

Kölsch beer classifies as a "Pale Bitter European Beer," and originates from Germany. This specific Kölsch beer is described as having a "very clean, slightly grainy malt, low bitterness, light hop flavor."

The Warbirds design is the first of the seven-can collection — to learn more about this design and the commemorative beer, visit EAA.org/Cans.

Expanded Youth Activities at EAA AirVenture Oshkosh 2023

A new Youth Welcome Center that serves as the guidepost for all activities aimed at young people is the latest addition to the expanding list of youth activities at EAA AirVenture Oshkosh 2023. The 70th edition of the Experimental Aircraft Association's fly-in convention is July 24-30 at Wittman Regional Airport in Oshkosh.

"Nearly all of us involved in aviation today were inspired at some point in our younger years," said Paul Maloy, EAA's director of education. "When we began welcoming those 18-and-under at no charge beginning in 2021, we immediately noticed an increase in the number of families at AirVenture. With that, we wanted to create a way to help them find all the available activities on grounds suitable for various age groups."

The Youth Welcome Center, located at the busy Four Corners intersection just west of Boeing Plaza, will be the headquarters for sharing youth-oriented activities for all ages on the grounds, as well as important information for families ranging from restrooms and shade to ATMs and changing/nursing stations. In addition, several activities at the Center include an F-100 Super Sabre cockpit photo op, an RC airplane spotter activity, and a place to mark a visitor's hometown. The Center will also have information on EAA's many year-round youth education programs.

Other family-friendly locations on the AirVenture grounds include:

[KidVenture](#) - Located at the EAA Aviation Museum's Pioneer Airport, this area allows young people to explore aviation from several different fronts. Learn how to fly a radio-controlled airplane, experience flight simulators, and learn aviation history. Highlights include A&P booths where kids learn basic building skills, a simulated B-25 flight experience, and life-size replicas of the Mercury 7 and Gemini 7 space capsules.

[AeroEducate Center](#) - Located at the south entrance to Aviation Gateway Park just northwest of the FAA Control Tower, the AeroEducate Center features activities for middle- and high-school youth. Along with EAA AeroEducate hands-on projects, there are NASA-supported activities, challenges from AeroEducate partners Airbus, United Airlines, and Siemens Technology, plus presentations on opportunities available in aviation and aerospace.

Flight Simulators - Flight simulators and other activities are available in both the [Warbirds of America](#) and [Vintage Aircraft Association](#) areas on the grounds.

In addition, numerous AirVenture exhibitors feature unique youth-focused displays and activities for young people at their locations. Free youth admission is sponsored by The Boeing Company.

[EAA AirVenture Oshkosh 2023 Notice Includes Important Procedure Updates](#)

There are several important FAA-approved changes in the EAA AirVenture Oshkosh 2023 Notice (commonly referred to as the Oshkosh NOTAM), featuring arrival and departure procedures for EAA's 70th fly-in convention on July 24-30 at Wittman Regional Airport in Oshkosh. These changes are based on pilot feedback and FAA review of arrival procedure recommendations.

The document is in effect from noon CDT on Thursday, July 20, until noon CDT on Monday, July 31, and outlines procedures for the many types of aircraft that fly to Oshkosh for the event, as well as aircraft that land at nearby airports. The Notice was designed by the FAA to assist pilots in their EAA AirVenture flight planning. It is now known as the Oshkosh Notice instead of a NOTAM because of a changed FAA internal procedure.

Some of the 2023 changes include:

- A change in the AirVenture ultralight pattern at Wittman Regional Airport.
- Guidance regarding Oshkosh aircraft parking areas, including North 40/South 40 designation.
- Elimination of the Fond du Lac diversion procedure.
- The start time of the daily air shows has been changed from 2:30 to 2:15 p.m. CDT.
- The Notice and its procedures are effective through noon CDT on Monday, July 31.

The ATC-assignable transition points approaching Oshkosh from the west that will ease holding and congestion will again be in effect in 2023. These points are at Endeavor Bridge, Puckaway Lake, and Green Lake. They will be announced on the arrival ATIS when ATC activates them at times of highest traffic flows.

“The most essential information for any pilot flying to Oshkosh involves reading and thoroughly understanding the 2023 AirVenture Notice to ensure safe operations on arrival and departure,” said Sean Elliott, EAA’s vice president of advocacy and safety. “This FAA Notice document states the official requirements and expectations for pilots. We also urge all pilots to log appropriate cross-country time prior to their trip to Oshkosh so they have the proficiency and confidence to fly safely.” EAA is also hosting a webinar on June 14 at 7 p.m. regarding [flying to AirVenture 2023](#) and changes in this year’s Notice. Pilots are encouraged to participate to build their knowledge prior to their flights to Oshkosh.

Pilots can download a digital version of the Notice at [EAA.org/NOTAM](https://www.eaa.org/NOTAM), or order a free printed copy via that website or by calling EAA Membership Services at [800-564-6322](tel:800-564-6322).

Have you shopped at the EAA store? There is a treasure trove of items there. You can even get

2023 AirVenture merchandise early! Did you miss getting something from last year’s AirVenture. Here is the place to get it. From clothing to pilot supplies. Stop by the website and shop before they are gone.

**EAA Chapter 402 Newark-Heath Airport
Trenneff Field, KVTA**

EAA 402 is in its 51st year of existence! Progress is being made on the FBO and Maintenance Hangar at VTA! The interior progress is also moving along and the FBO operation may be able to move in as early as April this year. George Fackler, the airport operator, has mentioned numerous times that the users of the airport, including EAA 402 members, should be grateful to Terry Trenneff, the Airport Board, and the Licking County Commissioners for such a nice facility as this is going to be.

Upcoming events June 10 Fly-In Pancake Breakfast; August 26 Young Eagles Rally; Sept. 23; Holiday Banquet Dec 5

This should be a fun event. Come out and join us!

Young Eagle Events: Three Young Eagle events are planned for this upcoming season; 6/17, 7/15, and 8/12. Calling on area pilots to volunteer to participate in at least 1 event. We know that it is a huge commitment for a pilot to participate and so will not ask any pilot to participate in all 3 events. Contact Mark Powell mpowellwyo@hotmail.com TODAY to ensure you are fully registered with the EAA youth protection program.

EAA's local Chapters 1095 is about people, bringing together individuals interested in learning more about aviation as well as sharing their own knowledge.

Chapter members are involved in a variety of social and educational activities, including Young Eagles rallies, fly-ins, building seminars, and more, to build awareness in the community.

EAA Name Tags if you would like to order name tags for your members or at least your officers please check out Chapter 1095's website. These name tags are very professional looking and hold up well. <https://chapters.eaa.org/ea1095/ea1-name-tags>

Philanthropy at Work

Over the past three decades, EAA's Young Eagles Program has flown more than 2.3 million young people. Tom Pobrezny created the program to introduce and inspire kids in the world of aviation through their first free ride in an airplane. See the impact of the Young Eagles program:

Thanks Bob. **New flight tracking system at Hinde Field Displayed in the EAA Gathering Room** What is this flight tracking display all about? From Bob Hemchak It is simply a real-time presentation of all Automatic Dependent Surveillance Broadcast (ADS-B) Out data being transmitted by aircraft ADS-B transponders. This ADS-B data is received and processed using a locally built and configured tracking station comprised of antennas, software defined radios (SDR), a computer and software designed to parse the ADS-B data for use by several different applications with one being the FlightAware website that many folks are familiar with.

EAA284 History

Experimental Aircraft Association Chapter 284 was chartered at Highland County Airport, Hillsboro, Ohio in 1967. Sadly, after a few years it became inactive and dissolved as a chapter. In 1991 several employees of the air cargo carrier Airborne Express (who were EAA members) met at Doug Wright's home to discuss forming a new EAA chapter at Wilmington, Ohio. Further investigation through EAA National at Oshkosh revealed that it might be easier to reactivate EAA 284 and the decision was promptly made to do just that. Subsequent paperwork was filed and EAA 284 was reactivated in late 1991 with Doug Wright as its President. Finding a permanent home was a bit more trying. In the following months, the Chapter met at a Methodist Church in Wilmington and back at the original home of Highland County Airport. Still, no place offered just the right formula of atmosphere and growth potential. The search for a suitable home continued. Many of the charter members regularly flew out of a 2500 ft sod airport situated between Dayton and Cincinnati, operated by the Stewart family since 1946. [Red Stewart Field \(40I\)](#) specialized in taildragger instruction and rental, flying in classics such as the Cub, Champ, and Taylorcraft. It was just the kind of strip that reeked old time flying and grassroots aviation. Cub and Cathy Stewart graciously agreed to provide the reactivated EAA 284 a new home worthy of any EAA chapter.

In 1992 we hosted our first event – The EAA 284 Taildragger Fly-In. It has since become a regional favorite of all pilots. We have also restored an Aeronca Champ as part of the rental fleet at Stewart Field. We are proud to be part of a grassroots, barnstorming tradition here at Red Stewart Field and gladly welcome all to stop by and visit us.

As a local chapter of the EAA we try to do our part to further the cause of sport aviation and support the folks who support us. In the process we have a lot of fun, and that is what it is all about. Come on out and have a seat on the "Liars Bench" with us, share a soda and a few tall tales. We will listen and do not be surprised if we laugh. We like to say that we are: *Dedicated to the spirit of aviation past, devoted to the future.*

We are a local chapter of Women in Aviation International, based in Dayton, Ohio – where it all began.

To learn more or if you have questions, email us at womeninaviationhuffmanprairie@gmail.com

WAI offers free student membership, and our chapter offers free participation as well. If interested in membership please reach out to our chapter, WAI offers many benefits to students and young adults entering the aviation industry.

Some other upcoming events for the Chapter are:

September – Girls in Aviation Day at the Dayton Air Force Museum

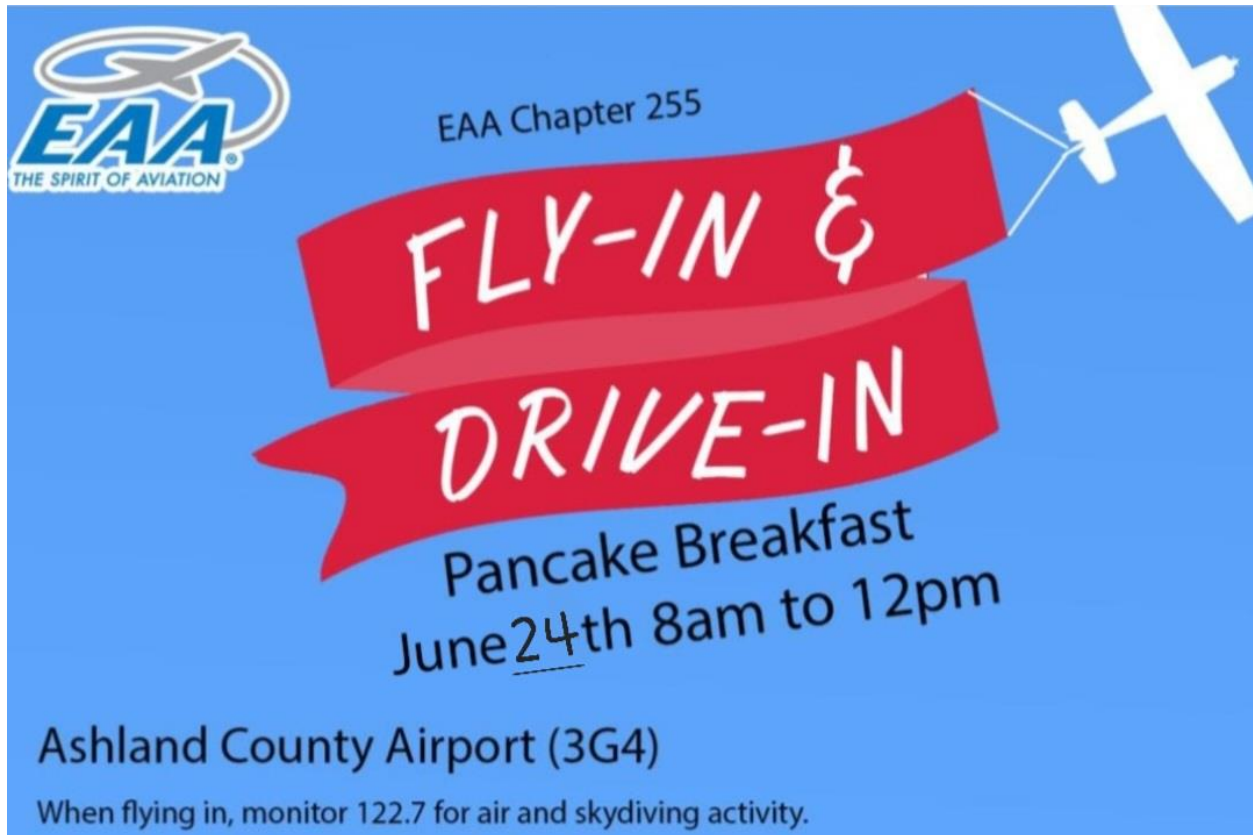

EAA Chapter 55 at Mason Jewett Field (KTEW) in Mason, MI meets the second Saturday of each month in our hangar on Mason Jewett Field (KTEW). We serve a complimentary breakfast (free will donations accepted) from 8am-9am. We will have a short business meeting at 9:30am.

Our meetings are followed with an aviation themed program except that in June, July, and August, we adjourn our meeting to host a Young Eagle Rally.

Our Dawn Patrol Pancake Breakfast will be Sunday, June 11th, and our Mason Aviation Day will be Saturday, August 19th.

Fly-in and Drive-in Visitors are always welcome to attend the breakfast, the meeting, or both. Aircraft parking is available at our hangar and at the terminal ramp.

The poster features a blue background with a white airplane silhouette in the top right corner. In the top left is the EAA logo with the tagline 'THE SPIRIT OF AVIATION'. The text 'EAA Chapter 255' is positioned above two red, ribbon-like banners. The top banner reads 'FLY-IN &' and the bottom banner reads 'DRIVE-IN'. Below the banners, the text 'Pancake Breakfast' and 'June 24th 8am to 12pm' is displayed. At the bottom, it says 'Ashland County Airport (3G4)' and 'When flying in, monitor 122.7 for air and skydiving activity.'

Our local group, Tin Goose Chapter 1247, was founded in 1995 by James Parker, a local private pilot who wanted to share his love of aviation with other like-minded individuals.

Unfortunately, Jim passed away a short time later from an unexpected illness, but the spirit and

enthusiasm under which he started the group lives on.

Today, we continue his vision by fostering the spirit of aviation in our members and the local community. by hosting a variety of programs and special events each year.

Tin Goose Chapter 1247 is based at the Erie-Ottawa International Airport (KPCW) in Port Clinton, Ohio. Our chapter meetings, as well as our Ford Tri-Motor restoration project, are in Liberty. Aviation Museum complex on the SE corner of the airfield.

Chapter membership is open to all aviation enthusiasts and pilots. Whether your interest is learning to fly, building an airplane, volunteering at events, or hanging out at the airport to do some "hangar flying", our Chapter has something for you!

Tri-Motor ride dates have been set for 2023 and, once again, we will be asking for volunteers to help out. Here are the dates... June 30—July 2 @ Port Clinton August 4-6 @ Put-in-Bay September 1-3 @ Port Clinton If you are interested in volunteering, please put your name on the signup sheet.

Drum Roll Please!

One of the most highly sought-after tactical demonstrations is coming to Cleveland...

Release the Raptor!

The U.S. Air Force F-22 Raptor will perform an aerial demonstration each show day. The F-22 is a fifth-generation fighter with incredible maneuverability, aided by its computerized controls and powerful, thrust-vectoring jet engines. A must see at this year's Air Show!

Cleveland will host the U.S. Air Force Thunderbirds as headliners of the 2023 Cleveland National Air Show presented by Discount Drug Mart.

Each show day, the six select Thunderbird demonstration pilots will put their distinct red, white, and blue F-16 Fighting Falcon jet fighters through a choreographed 50-minute performance at speeds up to 500 mph and as close as three feet from each other.

2023 will mark the 70th year the Thunderbirds have been performing and Cleveland is a part of the team's rich history. In 1965, the Thunderbirds made their first Cleveland appearance flying their North American F-100s (first supersonic jet fighters).

The Thunderbirds are the U.S. Air Force "Ambassadors in Blue" and composed of twelve officers (including six demonstration pilots), two civilians and 120 enlisted personnel performing more than 30 Air Force specialties. The Thunderbirds represent the United States at approximately thirty sites each year.

[Historical Aircraft Squadron - Carroll, OH \(LHQ\)](#)

The Historical Aircraft Squadron, Inc. is an all-volunteer, non-profit organization dedicated to the restoration, display and operation of former military aircraft and related equipment in our hangar/ museum located at the Fairfield County Airport. The squadron was formed in 1994 by a small group of individuals who shared this common interest. Membership has grown and we currently have members representing a wide variety of ages, interests, talents, and volunteer skills. Members and visitors are encouraged to participate in activities and events as well as to just stop by to 'hang around' to enjoy the atmosphere of the aircraft and museum displays. We are a work in progress so there is always something new to experience. Hours: Wednesday thru Saturday - 10am to 4pm. Sundays - 12pm-5pm

Charles Heilmann, President 304-532-3698 ceheilmann@me.com

There is nothing like soaring through the open blue sky. At EAA, we want everyone to be able to experience the joy of flight.

The flying heritage of EAA is shown through our air tour experiences on the B-17, Ford Tri-Motor, and B-25 that thousands of people enjoy annually.

Flying and maintaining these aircraft is another way EAA shares its passion for aviation with others.

The B-17 *Aluminum Overcast* is a tribute to those who defended our country during World War II. While it is currently undergoing repairs, when it is finished EAA's B-17 is one of 12 flyable B-17s today.

EAA's 1929 Ford Tri-Motor is America's first mass-produced airliner and is one of the last remaining Tri-Motors able to fly. The "Tin Goose" holds a special role in inspiring our youth to pursue their aviation endeavors.

The B-25 is a tribute to the greatest generation who served on bombers during World War II. All ticket purchases for the B-25 support EAA's programs and mission.

When you donate to the EAA Aviation Foundation, you help support programs like EAA's air tours that help keep these historic aircraft flying.

RAY AVIATION SCHOLARSHIP

The Spirit of Aviation®
grows through
EAA's Ray scholars

The EAA Ray Aviation Scholarship Program is funded by the Ray Foundation. Through the support of the Ray Foundation, EAA can provide up to \$11,000 to youths for flight training expenses. In total, there is \$1.8 million gifted in annual scholarship funding.

More than 300 youths have earned their private pilot certificate with support from the Ray Scholarship Program. Take it from our Ray scholars who have been able to do just that.

EAA is able to grow The Spirit of Aviation through its Ray scholars. Without scholarship donations such as these, we would not be able to support young pilots and make their dreams come true. Thank you for your support.

Hotel Versailles Silas Creative Kitchen, Versailles, OH (KVES)

Hotel Versailles and Silas Creative Kitchen are a brand-new hotel in restaurant in Versailles, OH. Perfect for a \$100 burger or an overnight, just call the hotel ahead and they will send someone to pick you up from the airport and you off. Or better yet, get a room, grab a drink, and explore the out-of-the-way town of Versailles.

Off the Hoof, Mayfield KY, Mayfield, KY (M25)

Mayfield Graves Airport is a really great place to fly to. The airport manager Brent is great, and everyone I have run into there has been very helpful and friendly. They have a nice newer Dodge minivan courtesy car, the FBO is modern, clean, and well equipped with lounge, kitchen, bathrooms, pilot room, etc. The fuel is self-serve with CC and accessible 24/7.

Off the Hoof is a butcher shop nearby that serves some of the best 1/2 lb. burgers I have ever had along with slaw, salads, chips, and drinks. There are a lot of other restaurants and hotels nearby, making it a great place to stop.

Newlon Field I41, Lesage, WV (I41)

Great place to camp and fly into, right beside the Ohio River and a great restaurant on the field.

Paul C Miller-Sparta Airport, Sparta, MI (8D4)

Perfect small airport in a big way! Easy to land on this 4032' runway. Courtesy car and rentals available. 15 minutes from Grand Rapids but lots of charm in the Village of Sparta too. Airplane hangar space to store for a night or two. Friendly people at every turn. Come and see, eat in town, and walk the charm of Sparta.

Ponderosa Lodge and Golf, Lock Haven, PA (4PA5)

The Ponderosa Lodge and Golf has a private airstrip that is available to the public by reservation. Land on a newly resurfaced asphalt runway that is 2,200 feet long. Park your plane on the grass at the end of the runway and a golf cart will be waiting for you there to take you around. Activities include a 9-hole executive golf course, fishing, hiking, kayaking, a pavilion, and cabins for rent. It is located on 235 acres on the top of a mountain in central PA. Look us up at www.ponderosalodgeandgolf.com.

YOUNG EAGLES AVIATION DAY
FREE AIRPLANE RIDES

FOR KIDS AGE 8 - 17

2ND SATURDAY OF JUNE - JULY - AUGUST

REGISTRATION: 10:00am to 2:00pm

MASON JEWETT AIRPORT ~ MASON, MICHIGAN

Eden Road @ Kipp Road, Mason, MI ~ south of the Ingham County Fairgrounds

Local pilots will be offering area youngsters ages 8 to 17
their first airplane flight **FREE** of charge

Young Eagles Aviation Day is part of the EAA Young Eagles Program. Launched in 1992, the program has dedicated nearly 30 years to giving youth ages 8-17 their first free ride in an airplane. It is the only program of its kind, with the sole mission to introduce and inspire kids in the world of aviation.

Today, more than 2.2 million young people worldwide have enjoyed a free introductory flight through this program and Chapter 55 pilots have flown over 5,200 area youngsters. These flights are made possible solely through the generosity of EAA member volunteers.

Flights will be on a first come, first served basis; approximately 20 minutes in length.

A parent or guardian **MUST** be present or provide a signed permission slip.

Advance reservations for large groups are encouraged.

DONATIONS BENEFIT THE NEWBERRY AVIATION SCHOLARSHIP FUND

EAA Chapter 55 ... member of the Mason Area Chamber of Commerce

This newsletter goes out to the EAA Chapters in Ohio, Indiana, West Virginia, Kentucky, Michigan, and Pennsylvania. It also goes out to the FBO's in those states. So, if you are planning to host an event and would like to get the information out there, this is one of the places to do so. There is NO cost to advertise your events or your Airport Restaurant.

We would like to put your events or happenings in the Ohio Region Chapter Newsletter. So please feel free to get the article to me about a week before the end of the month. This way it can be included in the following month's newsletter. If you have an interesting story you want to share, send it. We like those feel-good stories also. Let us know about those restaurants that are located on or near an airfield. This way pilots will know of a good place to fly to for those \$ 100 hamburgers.

If someone from your Chapter, or on the airfield has a plane, parts, or tools they want to sell or give away let us know. It can be included in the newsletter. There is NO cost for this.

If you do not have time to draft an article and would like for me to visit your website / Facebook page and gather my own "intel" for an article, please let me know.

Be sure to let me know if there is a different person that I should reach out to for an article. Or if there is someone else who should receive the newsletter to distribute to your Chapter members.

Please share this with your fellow Chapter members, aviator friends and your local FBO's. You never know who would be interested in one of the articles/events in the newsletter. Or if you received this from a friend and would like to receive it directly, please let me know.

Send in your comments as to what you would like to see in the newsletter. We like those human-interest stories, especially those with pictures.

Send articles for the July newsletter to me by June 20th if possible. Email them to Daford1957@gmail.com

Thanks again and enjoy the newsletter.
