First I want to share something with everyone. This was written by my 12 year old granddaughter. When I first read it I cried. She makes me so proud. She is so beautiful and smart.

## As always, Some News from National.

### EAA Takes Part in FAA UAS Symposium

**July 9, 2020** – EAA took part in the FAA's UAS Symposium, a virtual event focused on the integration of unmanned aircraft systems (UAS) into the National Airspace System (NAS). This week saw the first of two two-day episodes, and it featured speakers and panels including high-level FAA officials all the way up to the administrator, as well as various industry experts.

The topic of this first part of the UAS Symposium was unmanned traffic management (UTM) and international UAS integration. EAA continues to hold firmly the position that as integration moves forward and UTM systems are developed, traditional model aircraft must be allowed to continue to operate safely in the airspace as they have for decades. Additionally, the burden of sensing and avoiding traffic must fall to unmanned operators, and no new equipment requirements will be acceptable for manned aircraft.

With the Ray Foundation Challenge, now more than ever is the time to make a gift. The Ray Foundation will match all new or increased gifts that donors make to the Annual Fund for Excellence, up to \$1 million!

### Government Advocacy

Protecting the freedom to fly is the foundation on which all of EAA's advocacy initiatives are built. EAA fights to preserve this freedom by providing clear solutions and practical alternatives through hard work and dedication. <https://www.eaa.org/eaamembership/government-advocacy>

### About The James C. Ray Foundation

The James C. Ray Foundation furthers the work of the late Mr. Ray. During his lifetime, James was one of the most prolific aviation philanthropists of our time, with much done anonymously.

For EAA and the EAA Aviation Foundation, he was noted for funding the construction of the Air Academy Lodge and propelling the vision for the Air Academy program. His foundation has continued that leadership through the funding of the Ray Aviation Scholars program and Project 21.

To donate to this important Foundation, go to: <https://www.eaa.org/eeaa/support-eeaa/the-ray-foundation-challenge>

## Seeking Turf Operations at KOSH

**July 30, 2020** – EAA and Wittman Regional Airport representatives met with FAA airport officials this week to discuss the establishment of turf operations at Wittman, something long desired by vintage/tailwheel aircraft owners at many airports across the country. This meeting took the form of a safety risk management panel, or SRM.

Because FAA Air Traffic Organization convened an SRM to consider the proposal, EAA felt this was a good opportunity to set a benchmark through the data driven SRM process that other towered operations could benefit from. During the course of the SRM, the key stakeholders reviewed more than 40 areas in question. In reviewing each of the 40 items, the agency determined there was "no hazard finding" for everything listed by the proposal. This effectively should clear the way from an air traffic perspective to begin turf operations at the desired location on the airport throughout the year. "EAA came well prepared to this session, and participated as a subject matter expert, offering solutions to mitigate risk. Currently across the country, turf operations are less common at towered airports. EAA members and many airport tenants want to change that," said Sean Elliott, EAA's vice president of advocacy and safety. "While this turf operation would not be available during the AirVenture NOTAM period, it offers a blueprint on how an airport can accommodate the needs of those who fly tailwheel and other aircraft that benefit, safety-wise, from landing on turf when available."

Elliott added that the steps and risk mitigation undertaken at Oshkosh could be the basis for future FAA policy for airport tenants and users who are seeking similar opportunities for turf operations as an alternate landing area. While turf and paved runways can both be found at small airports throughout the country, added complexities at towered airports have previously made turf operations not as common.

EAA will continue to work with the FAA and local airport officials on the opportunities that might be available for turf operations.

## We FLY Young Eagles!

### Young Eagles on Sat. Aug. 8—

Our first rally is scheduled for August 8. Please contact us to let us know whether or not you will be helping and in what capacity. You can text me at 260-402-3478 (be sure to include your name in case I don't have your phone number in my phone) or email at [youngeagles@eaa2.org](mailto:youngeagles@eaa2.org).

We are living in an ever changing world. And we will be doing some things differently at our Young Eagle Rallies. Below is our initial plan which is subject to change and we are still working on some of the details.

Any volunteer who will be in direct contact with our guests will need to wear a facemask. We will have hand sanitizer available for use. We will need additional people to help with the logistics of all the extra safety precautions.

Registration – parents should be strongly encouraged to register their kids on their smart phone. If parents use our computers to register, we will clean the keyboard after each use. This includes being used by an EAA volunteer. Registration volunteers will stand on the opposite side of the table from where the parents and kids are.

Ground instruction – family groups can stay together as a group but each group will need to be separated by six feet. The ground instructor will speak from the opposite side of the table from where the family groups are standing.

Seating – chairs will be set up in groups so family groups can sit together as a group but each group will need to be separated by six feet. These may need to be rearranged as needed throughout the event. Chairs will need to be cleaned after each use.

**Flying – we will ask each parent if it is OK for their kids to fly with another family's kids. Pilots will wear a facemask and needs to have his own pen. Kids will wear a facemask when flying and use hand sanitizer before the flight. Each pilot should clean the hard surfaces of the plane that the kids may have touched after each flight**

Chris Feaster, President

### Future Events/Airport Usage

Many of the events for 2020 have been canceled or postponed due to COVID 19 and ideas were discussed for the future of the airport and ways to bring more citizens to its grounds.

Wilbur Wright Fly-In (Postponed till September 20th)

Hagerstown Fireworks (postponed till the fall)

EAA Chapter Fall Fly-In Weekend (Date TBD for 2020)

Boys Scout Aviation Badge camping weekend was discussed

RC Club youth flying events was discussed

The Chapter also stated that we currently don't have an accurate system for measure the airplane traffic at the airport. While there is a log that pilots are asked to fill out, many pilots don't exit their aircraft when landing or using the field. It was suggested that a trail camera system be set up to track the daily traffic of the planes. The possibility of holding other events at the airport was also discussed.

### DRONE CAMPS August 11-14, 2020

CONTACT: [wacoairmuseum.org](http://wacoairmuseum.org)

DRONE CAMP (5<sup>th</sup>-8<sup>th</sup> grade) August 11-14, 9am-12noon

Campers will learn about the exciting technologies and uses of drones. They will fly simulators and real aircraft, program flights, conduct missions and analyze airborne collected data. Rounding out their learning experience will be fun challenges like aerial obstacle courses and scavenger hunts.

DRONE CAMP (9<sup>th</sup>-12<sup>th</sup> grade) August 11-14, 1pm-4pm

In an effort to further their interest in this growing industry, campers will learn about the exciting advances in drone technologies and their uses. This will include future workforce needs, UAS careers, safety risk assessments and concepts of operations. As operators they will program flights, fly simulators and real aircraft. They will build components and repair a drone. They will conduct a mission and analyze airborne collected data. Hands on vehicle operations will be combined with fun challenges, aerial obstacle courses and scavenger hunts.

Register on the WACO website, [wacoairmuseum.org](http://wacoairmuseum.org). Due to popularity and class size, we recommend registering ASAP. WACO Air Museum is located at 1865 S County Rd 25A, Troy, OH 45373.

**Chapter 67**  
Noblesville, Indiana

<http://www.eaa67.org/>

EAA Chapter 67 normally meets the first Monday of every month at 7:00 PM at the Noblesville Airport.

There is often a pitch-in at 6:30 PM prior to the meeting.

A business meeting takes place at 6:00 PM before the pitch-in and is open to all.

**Here are some highlights of what is coming. Look further below for more details. Lycoming Thunderbolt** - Jeffrey Schans, Lycoming Thunderbolt Sales Manager, will be giving a presentation on Lycoming engines. It will include some history and technical information. **OBVIOUSLY, NOTHING IS CERTAIN.**

**Visitors and Guests are Always Welcomed**

August: Rob M. September: open. October: Family Day. November: Brian and Allan will have chili.

**NOTE** - Please consider volunteering to help with this. I believe the pitch-in is a great opportunity to visit, network, and getting to know people. Simple things like a stew, casserole, burritos, potpie, spaghetti, soup, lasagna, and chili are great. And all of those have nearly infinite variations. We reimburse you for the raw materials. Talk to me if you would like some guidance.

**Program 7:00 PM**

**Dates 2020**

**Sat, Aug 29 Pancake Breakfast** - EAA Chapter 67. Noblesville (I80). From 8:00 AM to 11:00 AM.

## Join us in supporting EAA

This has been an unprecedented year, and the impact on the aviation industry as a whole and EAA in particular has been significant. To help our friends in aviation, The Sporty's Foundation has created a matching gift initiative: for every dollar Sporty's customers donate, up to \$25,000, we'll match it, with 100% of donations going to EAA. Our goal is to raise \$50,000 for an important cause.

Your donation will help EAA continue to provide quality programming that will have a profound and positive impact on the aviation industry. Sporty's has been a longtime supporter of Young Eagles and this program - as well as many other EAA initiatives - is more important than ever right now.

Please donate whatever you can. You might consider an amount equal to your expected ticket fee for 2020: \$36 for a daily ticket, \$125 for a weekly, or \$196 for a weekly camping ticket.

## Van Sant Airport, Erwinna, PA 9N1

Van Sant is a classic, grass field airstrip in Erwinna, PA. Bar and Dannie Eisenhower operate the FBO and offer rides in a 1928 Travel Air biplane, a 1942 Stearman, a 1946 Piper Cub and more.

Located on the field are some of the finest examples of vintage planes anywhere. Check out the website for more info. During the summer they hold a dinner movie night on the last Saturday of the month. During the afternoon they give airshow priced plane rides. During dinner there is usually live music with the movie starting at dusk projected on to a hangar door. People fly in, drive in, bike in and walk in for this event.

Please come visit. Fun for everyone - adults, kids and dogs! Or fly in any time for a good burger at the Betty Boop grill and just sit under the trees and watch the aviation action!

The first annual Warbird Fly-In scheduled for the weekend of August 15th has been cancelled. The Annual Car Show rescheduled for August 29th has been cancelled as well as the Pancake Breakfast scheduled for August 16th. The Craft Beer Fest rescheduled for November 7th has been cancelled. The remaining upcoming events listed above are subject to cancellation or postponement based on Governor DeWine's directives.

Our ability to host events is completely dependent on the restrictions regulated by the Governor and the status of the Covid-19 pandemic.

**Please call MAPS or check our website, Facebook or Instagram for any updates on the events above if you are planning to attend.**

If you have never been to the MAPS Museum, I recommend going. It is a fun place to visit. Something for everyone here. Lots of fun. You can either fly in or drive in. Very nice pleasant group of people working there. They have a great giftshop also. Be sure to sign up for their newsletter!

**What: Family Day at WACO**

**When: July 8 & 9 from 10-2**

**Where: 1865 S Co Rd 25A, Troy OH**

#### WACO'S FAMILY DAY: AVIATION OF THE PAST AND PRESENT

Looking for a safe, fun family activity while staying local? Look no further. In an effort to offer our community local activities, WACO Air Museum is hosting a Family Day August 8<sup>th</sup> & 9<sup>th</sup> from 10 am to 2 pm. This will include free admission for the entire family during these limited hours. Our youngest aviators can enjoy WACO pedal planes while older family members learn more about the Weaver Aircraft Company (WACO)... One of Troy's hidden gems. Bi-plane rides are also available during these times. Go to [www.wacoairmuseum.org](http://www.wacoairmuseum.org) to purchase your flight. Focusing on present day aviation, Sinclair's National UAS Certification and Training Center will be offering presentations on Unmanned Aerial Systems (UAS) including essential elements of UAS, how UAS is impacting various industries, safe ways to fly, different types of UAS, and examples of Sinclair's UAS projects. Try your hand at flying one of these UAS on a simulator following the brief presentation, offered hourly.

Support has been provided by Ohio Humanities, the National Endowment for the Humanities, and the federal CARES Act of 2020. WACO Air Museum is located at 1865 S. County Rd. 25A in Troy. Call 937-335-9226 for more information.

**EAA CHAPTER 284** Due to CDC and health department restrictions EAA Chapter 284 is regretfully cancelling its 2020 Taildragger Fly In and Pancake Breakfast

We have held this event for many years at Red Stewart Airfield (40I), Waynesville OH on Labor Day Sunday. The scheduled date for 2020 would have been September 6, 2020

We look forward to 2021.

EAA Chapter 284's annual Taildragger Fly In and Pancake Breakfast is traditionally held on the Sunday proceeding Labor Day. The date for 2021 is September 5th.

We look forward to seeing everyone next year.

Robert Luken. President

EAA Chapter 284

Custom U.S. Aeronautical Chart Apron

<https://www.chartitall.com/>

A boy's dream, an aeronautical chart, and a bit of creative magic united in 2015 to create Chart it All. Trevor Simoneau, 15, is a student pilot. In 2015, Trevor crafted a plan to finance his future education at Embry-Riddle Aeronautical University and the cost of AvGas with custom, one-of-a-kind shirts printed with aeronautical charts. Trevor is an IB Sophomore at DeLand High School and president of Aviation Explorers 747, a club dedicated to inspiring kids of all ages interested in all aspects of aviation. He also works as an aviation news reporter for Sun 'n Fun Radio.

Today, his small family business offers distinctive clothing and gifts with your choice of aeronautical sectional charts.

Your purchase goes a long way to fuel his dream.

Check out the website for all kinds of aviation items that would make fantastic gifts for Christmas or a birthday.

**They now have Sectional Chart Face Masks and Custom U. S. Aeronautical Chart Face Masks!**

If you are a Chapter that would like an article published in the Ohio Region Chapter Newsletter, please feel free to submit an article to me. Also, if you are a manager of an airport / FBO we would like your articles also. Tell us about an event that is going to take place at your airport, a great restaurant that is on the airfield for those pilots that like those \$100 hamburgers. A great place to visit that is close to the airport where you have a courtesy car or that they are willing to pick up visitors and take them to the location.

If you are a local chapter and are willing to transport visitors of your airport to a local event that is great. Let us know and we can post it here. Afterall, EAA is known for its hospitality.

If someone from your Chapter has a plane, parts, or tools for sale we can include it here.

If you do not want to write an article and would like for me to visit your website / Facebook page and gather my own 'intel' for an article, let me know.

Be sure to let me know if you have a different person that will be sending articles or to receive the newsletter to distribute to your Chapter members.

Please share this with your aviator friends.

I will be starting a comment section so please send your comments as to what you would like to see from Chapters and FBO's.

*Thanks to all who sent me an article! Also, even if you do not have an event to talk about or an upcoming event to let us know about, a human-interest article with pics is also welcome. We love to hear about your members. Also please start thinking about the September newsletter. I would like the articles for it by August 21st please.*

*Thanks again - Darlene Ford*
