**2022 Airventure dates are July 25 – July 31**

## **EAA Aviation Museum Joins Blue Star Museum Program for 2022**

The EAA Aviation Museum is participating in the annual Blue Star Museums program, a collaboration among the National Endowment for the Arts, Blue Star Families, the Department of Defense, and museums across America to offer free admission to the nation's active-duty military personnel and their families this summer.

The EAA museum is one of numerous Wisconsin museums involved in Blue Star Museums supporting the program. A list of the more than 2,000 participating museums nationwide is available at <https://www.arts.gov/initiatives/blue-star-museums>.

"EAA wanted to be involved in this program to say thanks to those men and women currently serving our country in the armed services, and to their immediate families who sacrifice so much to support them," said Ron Connolly, EAA Aviation Museum director.

The 2022 free museum admission offer is good from Armed Forces Day (May 21) through Labor Day (September 5). It is not valid during EAA AirVenture Oshkosh week (July 23-31).

The free admission program is available for those currently serving in the United States Military — Army, Navy, Air Force, Marine Corps, Coast Guard as well as members of the Reserves, National Guard, U.S. Public Health Commissioned Corps, NOAA Commissioned Corps — and up to five family members. Qualified members must show a Geneva Convention common access card (CAC), DD Form 1173 ID card (dependent ID), or a DD Form 1173-1 ID card for entrance into a participating Blue Star Museum.

## **New Location, New Format for Pilot Proficiency Center at AirVenture 2022**

The popular Pilot Proficiency Center programs during EAA AirVenture Oshkosh, where pilots can improve their decision-making and flying skills, will be one of the first major events in the new Pilot Proficiency Center located adjacent to the EAA Aviation Museum. The programs,

which are free of charge, had previously been located in a tent pavilion on the Four Corners on the AirVenture grounds.

“This new location offers pilots expanded opportunities to do deep-dives on scenarios and subjects that will make them better aviators, led by some of the leading instructors in the nation,” said Jeremy Desruisseaux, EAA’s director of flight proficiency. “The new facilities in the EAA Aviation Center also give participants a top-notch location that is a year-round presence, allowing for enhanced experiences for those who are a part of this valuable program.”

This year’s expanded schedule gives participants the opportunity for three breakout sessions in numerous categories during half-day clinics. Those categories include:

- Killer Procedures Learn-to-Turn
- Backcountry Awareness The Art of IFR
- CFI-to-CFI Stick & Rudder Redux
- The Amateur-Built Flight Test Experience

Complete schedules of topics and speakers will be available in the coming days. Participants are reminded that the half-day sessions will be held at the EAA Aviation Center, and pre-registration is required. Walk-in slots will only be made available if unfilled slots remain after pre-registration. Further details will be announced when registration officially opens.

The AirVenture 2022 Pilot Proficiency Center is supported by Hartzell Propeller, Hartzell Engine Technologies, and NATCA. Simulators are sponsored by Redbird Flight Simulators, with Tech Talks sponsored by The Boeing Company. BOSE Aviation supplies the official headset of the EAA Pilot Proficiency Center.

## 2022 Pilot Your Own Adventure Writing Contest Winners Announced

Based on the enthusiasm from last year, we weren’t surprised to get a lot of entries for EAA’s Pilot Your Own Adventure Contest, supported by Flight Outfitters. Our panel of judges read nearly 200 stories, and, while it was an extremely close race, ultimately chose five winners. You’ll be able to read their stories in July, as we will publish them, both online and in the daily AirVenture Today newspaper, during this year’s AirVenture.

This year's winners are:

<b>Grand Prize</b>	Brittany Lozier Moon	Noblesville, Indiana
<i>Story: A Taperwing's Tapestry</i>		
<b>Second Prize</b>	Dewey Davenport	Jamestown, Ohio
<i>Story: Full House - New Standard D-25</i>		
<b>Third Prize</b>	Mathew Northway	Eugene, OR
<i>Story: Unbroken Chain - Brunner Winkle Bird</i>		
<b>Fourth Prize</b>	Emily Herron	Beaver Dam, Kentucky
<i>Story: Cub 45H</i>		
<b>Fifth Prize</b>	Justin Spence	Memphis, Tennessee
<i>Story: The Little Auster</i>		

***Congratulations once again to the winners, and our thanks to everyone who participated.***

## Volunteer at EAA

Ever since EAA's creation, volunteers have been our heart and soul. Volunteers from all over the world have helped make EAA a recognized leader in the aviation community. Join us and be a part of this tradition of excellence, while helping us continue to provide high quality programs and services to our members and visitors.

<https://www.eaa.org/ea/s/support-eea/volunteer>

Come and be a part of our volunteer family. It is not like you must volunteer all week. At least volunteer an hour or so just to see what it is all about. Being a volunteer is a lot of fun. It is also a rewarding experience. The satisfaction of being a part of something so huge is tremendous. You feel like you are a part of an exceptionally large family.

While at AirVenture be sure to stop by the Chapter's Pavilion in Camp Scholler (near the Fly Mart entrance and support a sister Chapter in their Pancake Breakfast fundraisers. Great food and aviation fellowship to be had in the mornings. Great for those camping who do not want to have to cook themselves.

Also, if you are going to need promotional materials for the fall, plan to pick them up during AirVenture. This saves EAA postage so they can use the money on other things for the Chapters!

## Our Next Gen of Enthusiasts

### Free Admission for Ages 18 and Under at EAA AirVenture Oshkosh 2022

Young people ages 18 and under will be admitted free to EAA AirVenture Oshkosh 2022, as a way to introduce more youth to the possibilities in the world of flight. The 69th EAA fly-in convention will be July 25-31 at Wittman Regional Airport. Free youth admission is supported in part by The Boeing Company.

This effort is designed to encourage more aviation-minded families and their children to attend the event that brings more than 10,000 aircraft from around the world to Oshkosh each year.

## EAA Young Eagles 30th Anniversary

2022 marks 30 years since the Young Eagles program was launched at EAA Oshkosh 1992. EAA will be kicking off the Young Eagles 30th anniversary at EAA AirVenture Oshkosh 2022, which will include a number of special AirVenture activities, and year-round recognition of volunteers

As a part of our “Salute to Veterans” on Friday, all veterans in attendance are invited to assemble with their respective branches of service and join in the Parade of Veterans, proudly presented by EAA Warbirds of America. The parade starts at 1:45 p.m. at the north end of Warbird Alley, continues down the flightline, and ends on Boeing Plaza for a special welcome and opening of the afternoon air show. If you do not wish to march, you are encouraged to join the group on Boeing Plaza at 2:00 p.m.

## EAA Aviation Foundation 2022 Aircraft Raffle

### Grand Prize: Restored 1946 Piper J3C-90 Cub Or \$25,000 Cash

The EAA Aviation Foundation 2022 Aircraft Raffle has launched as of October 1, 2021. The drawing will take place on July 31, 2022, during EAA AirVenture Oshkosh 2022 at the Member Center.

This raffle aircraft — a restored 1946 Piper J3C-90 Cub — features certified aluminum ribs, spars, and ailerons from a Dakota Cub wing kit, Univair PA-11 struts, two Air Energy 12-gallon wing tanks, and an immaculate interior with a useful load of 358 pounds.

The best part? You CAN win because only 3,000 raffle tickets will be sold! This stunning aircraft is feature-packed and is valued at \$52,000. The winner can elect a cash prize of \$25,000 in lieu of the aircraft. Visitors at the EAA Aviation Museum can see the aircraft on display.

Raffle tickets can be purchased for \$100 each at the EAA Aviation Museum, certain events throughout the state of Wisconsin, and on the EAA AirVenture Oshkosh grounds during AirVenture 2022.

# Fly-In Breakfast!

Saturday, Jun 18, 2022

Pancake Fly In Breakfast, Lakeview, MI      Lakeview Griffith Field Airport ([13C](#)), [Lakeview, MI](#)

FLY IN / DRIVE IN. Everyone's Welcome. PANCAKE BREAKFAST. Saturday June 18th. Lakeview Griffith Field Airport (13C). Door Prizes, Lucky Draw, Silent Auction Airplane Rides, Static Display. Breakfast 7 AM - 11 AM Adults \$8.00. Kids 12 Under \$4.00. Pancakes, Eggs, and Sausage,

The thesaurus lists these phrases as synonyms for Thank You:

- • I'm so grateful
- • I appreciate it
- • Thanks for your hard work on this
- • I couldn't have done it without you
- • I owe you one
- • Much obliged
- • Thanks for having my back
- • Please accept my deepest gratitude

All nice sentiments but again I find myself at a loss to find the best way to say thank you to all the people that give their time to the Young Eagles program.

This past weekend we had a Young Eagle rally at the Toledo Public Schools ANSAT (Aerospace & Natural Science Academy of Toledo) hangar. A fantastic program that deserves our support.

As a group we flew a total of 105 Young Eagles on 49 flights.

We also brought over rib building supplies. Ron Smolinski and Mike Whitescarver gave up their weekend to help kids learn to do something besides push buttons on their phones. A huge thank you to both of you!!

We had an incredibly good number of planes and pilots over the weekend. In no particular order I want to give a huge thank you to the following pilots: Jack Millner, Nicholas Popadich, Steve

Chapa, Gayle Gorman-Green, Jay Treat and Zach Cheema. It goes without saying that there would be no airplane rides without your generous donation of time and airplanes.

I need to offer a special thanks to Skywalker Aviation for loaning a plane and pilot to the weekend.

I also need to thank Eric Barnum for his extremely generous contribution of his Piper Cherokee. Much appreciated.

I cannot begin to express my gratitude for the group of people that volunteer to run the registration desk. They are the nerve center of the entire operation. Joe Priebe and Abigail Tabbert are and have been long time supporters and I am blessed that they continue to support this program. Tom Tipton is a new chapter member and volunteered his weekend to help. I look forward to his continued support.

Hank Povolny is the embodiment of purpose, will power, perseverance and raw determination. It is no secret that Hank is facing some physical challenges but despite his discomfort, he soldiers on and was a rock for the whole weekend. Hank, you have my respect and most sincere thanks for all you do.

Thanks also go to the staff and students of ANSAT. You have a good group Rich. Keep up the good work.

Thanks,

Steve

**EAA Chapter 540, Smoketown, PA (S37)**

EAA Chapter 540 had its beginnings almost five decades ago (1974), in the small town of Smoketown, PA. Like many chapters of that time, a bunch of guys got together and started their chapter out of their love of flying and their desire to build their own airplanes.

While there were initial efforts for the chapter to have their own hanger, it never materialized. The chapter members built their airplane projects in their own small hangers, garages, barns and basements and visited each other to see the progression of their projects. Members held Fly-in events to raise money and had occasional get-togethers and the chapter successfully functioned. Smoketown Airport built several hangers over the years, but the smaller hangers were too small for the chapter to do any serious building and the larger hangers were quickly rented out (on an almost permanent basis in some cases), which left little opportunity for the chapter to have its own hanger. On a side note, Smoketown doesn't sell their hangers to anyone, they're rented only. While the Chapter longed for a "home," the larger hangers simply weren't available or were cost prohibitive for the Chapter to rent when they did become available.

Recently however, that all changed. A longtime renter of a larger hanger (over four decades) who is also a longtime Chapter member (also over four decades), agreed to rent us most of his hanger space at a reasonable rental rate. The Chapter is currently in the process of hanging EAA 540 Chapter banners outside, cleaning out the hanger, building large work benches and getting ready for the next phase of our journey.

We are recruiting some of our current members to share their plane building skills to the lesser skilled members and intend to have a "basic sheet metal working" session(s) very soon. Within the next few months, we will begin building our first project as a group. Equally as important, however, is that we now have a place to call our own where we can meet, socialize, teach, learn, and promote airplane building and flying. Additionally, we will be having several open houses this year to promote and grow the Chapter.

Chapter 540 is seeking donations in the form of airplane projects, tools, and other related items to get the ball rolling. While we are currently a small chapter, we expect to change that by marketing and promoting our chapter.

## Traveling WWII Memorial June 5-6, 2022

### National Museum of the United States Air Force

Kick off the 75th Anniversary of the U.S. Air Force with a weekend of activities featuring the Traveling WWII Memorial consisting of the Wall of Stars, the Atlantic and Pacific Pavilions, 56 Pillars, and stands with oak and wheat wreaths. Granite slabs also highlight quotes from President Roosevelt and General MacArthur. The Wall of Stars reads "Here Marks the Price of Freedom." This traveling display is owned by Freedom's Never Free. Additional family-friendly activities include Reenactor Encampment, Flyovers, and indoor events.

**Jim Steward, President of EAA Bruce McCombs Chapter 72 in Falcon, Colorado.** We were gifted a nearly complete and professionally built RANS S-19 with a factory new Rotax engine and propeller still in the box. Chapter 72 members completed the project, and it is scheduled to be painted in June. We have elected to raffle this incredible airplane off. The proceeds of the raffle will be used to offer scholarships to future pilots and mechanics. In addition, we hope to acquire a new simulator in which to help these future pilots with additional training and at the same time provide a resource for other local pilots. Our goal is to sell 2500 tickets at \$100.00 each by the drawing date of December 17th 2022.

Would you please consider forwarding the attached flyer to your chapter membership and inserting it in your newsletter? The website for the raffle is [www.eaa72raffle.org](http://www.eaa72raffle.org) where you can find more information, official rules, and purchase tickets. This would be a huge favor to me and the chapter. Hopefully, we may be able to repay this favor in the future.

Thanks so much for your consideration.

Grab your ticket as we take off for a week of Flight School unlike any other! This year the Girls in Science & Technology program will focus on all things flight. This special program will be for grades 3-6

and explore some of the following questions. What did early flight pioneers learn from nature? What are the forces of Flight? How are these forces different in space? How can we engineer the helicopter of the future? Can we fly using renewable energy? These are some of the lofty topics we will explore using hands-on experiments, eye catching demonstrations, gifted teachers, and experts in the field. ***Attendees will literally reach new heights as each registration includes a helicopter ride provided by Sky River Helicopters!*** Join us for the once in a lifetime opportunity to dig deep and soar into all things flight.

## **EAA Chapter 993**

Indiana PA 15701

### *Our Mission*

The goal of the Jimmy Stewart Aircraft Restoration Project is to honor Jimmy Stewart by restoring a 54-year-old twin Cessna 310 Model F to as near to brand new conditions as it was in 1961 when Mr. Stewart purchased the aircraft. After restoration, the aircraft will be displayed on a pedestal at the Jimmy Stewart Airfield in Indiana, PA.

Chapter 993 Experimental Aircraft Chapter has the personnel with the skills to make this happen and the airport will provide the facilities in which to work. However, to reach our goal, we need an estimated 4,000 hours of volunteer time and approximately \$60,000 to purchase missing parts and paint required for the restoration.

Jimmy was not only a well-known actor but flew combat missions and retired a Brigadier General in the reserves. His legacy will be honored for generations to come through this project.

Please help us reach our goal. Send your tax-deductible donation to:

**The Fly-In Theater** films, which are included in AirVenture daily and weekly admission, are shown nightly from Saturday, July 23, through Saturday, July 30 (weather permitting), beginning at 8:30 p.m. For many of the films, special guests connected with the film, or the aircraft involved will help introduce the screening. Fly-In Theater presentations are included with AirVenture admission.

**This year's stellar schedule includes:**

- **Saturday, July 23:** *Top Gun* (1986) – The all-time favorite film about naval aviation starring Tom Cruise, Anthony Edwards, and Val Kilmer.
- **Sunday, July 24:** TBA
- **Monday, July 25:** *Air Force One* (1997) – This Harrison Ford fan favorite, also starring Gary Oldman and Glenn Close, features Ford as President of the United States whose aircraft is hijacked by terrorists.
- **Tuesday, July 26:** *The McConnell Story* (1955) – A Korean War fighter pilot hero returns home to test fly the new F-86 Sabre jets despite his wife’s uneasiness regarding his job. Starring Alan Ladd, June Allyson, and James Whitmore.
- **Wednesday, July 27:** *Jet Pilot* (1957) – Starring John Wayne and Janet Leigh, “The Duke” portrays an Air Force colonel tasked with escorting a defecting Soviet pilot who is trying to lure the American to the U.S.S.R.
- **Thursday, July 28:** *Wolf Hound* (2022) – The new film stars James Maslow and Trevor Donovan in a story inspired by the real-life German special operations unit KG 200 that shot down, repaired, and flew Allied aircraft as Trojan horses.
- **Friday, July 29:** *Top Gun: Maverick* (2022) – Tom Cruise, Jennifer Connelly, and Miles Teller update the story of Capt. Pete Mitchell as a legendary test pilot called back to train a new group of hot shots.
- **Saturday, July 30:** *Toward The Unknown* (1956) – William Holden, James Garner, and Lloyd Nolan star in this depiction of Edwards Air Force Base test pilots pushing themselves to the limit at the dawn of supersonic flight.

**Hagerstown International Young Eagles Day and Breakfast June 11  
VOLUNTEERS NEEDED  
EAA Chapter 373**

Currently we are planning on a scaled down International Young Eagles Day at Hagerstown, IN for June 11. We have a committee working on the details and getting the kids for the rides. We are focusing on some Boy and

Girl Scouts now with merit badges in mind but are open to GENUINELY aviation interested kid suggestions as well.

We need volunteers at Hagerstown for breakfast, Young Eagles ground crew, and Young Eagles Pilots. To work with the event, you need to make sure you are updated on the EAA Youth Protection Site:

<https://www.eaa.org/ea/youth/youth-protection-policy-and-program>

This is a few minutes video course to renew.

We will be hosting our monthly breakfast here as well. We ask for volunteers to cook and help with setup and teardown. We will be publishing the breakfast times and details publicly in the next few days.

THERE WILL NOT BE BREAKFAST IN RICHMOND THIS MONTH AS THIS EVENT WILL TAKE PLACE THAT DAY.

Please consider volunteering as we will have fewer opportunities this year than some other years.

If you have any questions or would like to volunteer, please reach out to myself or Hank at [hank.morrissey@gmail.com](mailto:hank.morrissey@gmail.com).

Thank you,

Chris Feaster EAA 373 President feasterofsolz@gmail.com

# BARNSTORMING CARNIVAL

July 16-17, 2022  
Barnstorming Carnival  
Springfield, Ohio

We are a local chapter of Women in Aviation International, based in Dayton, Ohio - where it all began.

From the WAI website: "Women in Aviation International is a nonprofit organization dedicated to the encouragement and advancement of women in all aviation career fields and interests. Our diverse membership includes astronauts, corporate pilots, maintenance technicians, air traffic controllers,

business owners, educators, journalists, flight attendants, high school and university students, air show performers, airport managers and many others.

We provide year-round resources to assist women in aviation and to encourage young women to consider aviation as a career. WAI also offers educational outreach programs to educators, aviation industry members, and young people nationally and internationally.

We meet at Greene County Airport. You can check the Airports calendar to find out when we are meeting or contact us via email at Huffman Prairie <womeninaviationhuffmanprairie@gmail.com>

We would love to have you as part of our family.

If you belong to EAA National and would like to be a part of a local Chapter go to EAA's website. Click on Chapters then Find a chapter. Scroll down and click on your state. Click on submit. The Chapters are listed alphabetically.

Come be a part of something that is so rewarding and so much fun.

You can contact the Chapter and attend one of their meetings. Meetings can be a lot of fun. Some have coffee and donuts for those early morning meetings. Some do breakfast or brunch at a local restaurant. Some do cookouts or pot luck for late afternoon or evening meetings. There a wide variety of chapters and presentations.

Some have their board meetings and membership meetings on different days. Smaller chapters will often do theirs the same time.

Some chapters have monthly fly outs if they have enough members with planes. Sometimes you can even hop a ride with someone. Some chapters even allow different chapters to join in their fun. That makes the event even better as you get to meet others.

Then when you go to Oshkosh, you will find even more fun. Most Chapters allow others to join in their events. As we are all sister chapters. I belong to several chapters and I love it. Through EAA, I have met some of the best people. There is nothing better.

**This newsletter goes out to all EAA Chapters in Ohio, Indiana, West Virginia, Kentucky, Michigan, and Pennsylvania. It also goes to a lot of the FBO's in those states also.**

**So, if you are planning to host an event and would like to get it out there, this is a place to do so. There is NO cost to advertise your events here.**

**If you are a Chapter that would like an article published in the Ohio Region Chapter Newsletter, please feel free to submit an article to me. Also, if you are a manager of an airport / FBO we would like your articles also. Tell us about an event that is going to take place at your airport, an excellent restaurant that is on the airfield for those pilots that like those \$100 hamburgers.**

**If someone from your Chapter has a plane, parts, or tools for sale we can include it here. There is no cost to put something in the newsletter to sell.**

**If you do not want to draft an article and would like for me to visit your website / Facebook page and gather my own 'intel' for an article, let me know.**

**Be sure to let me know if you have a different person that will be sending articles or to receive the newsletter to distribute to your Chapter members.**

**Please share this with your aviator friends. If you are getting this from a friend and would like to receive your own copy of the Newsletter, please let me know.**

**I will be starting a comment section so please send your comments as to what you would like to see from Chapters and FBO's.**

**Also, if you would like to be added directly to the mailing list, please send me an email.**

*Thanks to all who sent me an article! Also, even if you do not have an event to talk about or an upcoming event to let us know about, a human-interest article with pics is also welcome. We love to hear about your members. Also please start thinking about the July newsletter. I would like the articles for it by June 22 nd.*

*Send those articles or stories to me at [Daford1957@gmail.com](mailto:Daford1957@gmail.com)*

*Thanks again –  
Darlene Ford*
