AirVenture dates 2023: July 24 – 30

AirVenture Commemorates 30 Years of Women Flying Combat Aircraft During EAA Women Venture on July 26

Celebrating women advancing in aviation, including 30 years of flying active-duty combat aircraft, will be part of EAA Women Venture on July 26 during EAA AirVenture Oshkosh. The 70th edition of EAA's fly-in convention is July 24-30 at Wittman Regional Airport in Oshkosh, Wisconsin.

[EAA Women Venture](#) has become an annual gathering point for women involved in aviation, from the Women Airforce Service Pilots (WASP) of World War II to teenagers involved in [EAA's Girl Venture](#) day camp that week. The programs are designed to encourage and inspire women who want to pursue their dreams of flight.

“What we’ve seen over the 15-plus years of EAA Women Venture is that it has become an unforgettable annual reunion of all women engaged in aviation,” said Margaret Viola, an EAA-member pilot who is the volunteer chair of the event. “We are inspired by those who came before us and, in turn, are enthused to share the world of flight with others who want to become part of it. It’s a celebration that happens in a unique way at Oshkosh.”

Events will be held all week, with an emphasis on July 26 activities, including commemoration of 30 years of women flying combat missions in the U.S. military. Programs during the week include:

- **All week:** EAA Women Venture Center, located at Aviation Gateway Park, features exhibitors and events that support women in aviation.
- **Monday, July 24:** Ice Cream Social, sponsored by Endeavor Air (SOLD OUT)
- **Wednesday, July 26:**

- Annual Women Venture group photo, 11 a.m., Boeing Plaza
- Power Lunch, Theater in the Woods (SOLD OUT), with keynote speaker Michelle “Mace” Curran, author, and former U.S. Air Force Thunderbirds pilot, presenting Upside Down Dreams.
- Evening program, Theater in the Woods, 6:30 p.m., with pioneering women military pilots Jeannie Leavitt, Sharon Preszler, and Martha McSally, plus more women pilots who have served in the U.S. armed forces.
- **Thursday, July 27:** Female aviation authors featured all day at EAA Women Venture Center.
- **July 26-29:** Evening activities hosted by exhibitors on Women Venture Center patio.

More information is available at EAA.org/Women_Venture, including how to register for this year’s free commemorative Women Venture T-shirt, designed by EAA member Leticia Williamson.

EAA Women Venture is present by The Boeing Company, with additional support from Endeavor Air, General Aviation Manufacturers Association, The Ninety-Nines, Piedmont Airlines, United Airlines, University of North Dakota Aerospace, U.S. Air Force, and Women in Aviation International.

AirVenture 2023 Warbirds Pre-Registration Open

If you are planning to fly your warbird to EAA AirVenture Oshkosh 2023, the pre-registration process has begun. Here are the details:

1. You must have an EAA Warbirds of America membership that is current through 07/31/2023 or beyond.
2. If you need to join EAA Warbirds of America for the first time, visit: [Join EAA and Warbirds.](#)
3. If you need to renew you membership visit: [Renew your Membership.](#)

Take care of your membership before you pre-register. If you are not current, you will not have access to the Warbirds pre-registration system.

Air Show

If you plan to fly in any of the daily EAA Warbirds of America air shows, you must submit all pilot air show documentation electronically, including your medical certificate, pilot certificate (both sides), FAST card (if flying formation), and aircraft insurance. Have electronic versions ready to upload during pre-registration.

Static Display and Parking in Warbirds

If you plan to park your airplane in the Warbirds area during AirVenture Oshkosh 2023, please be sure to fill out the pre-registration via the link below. You will not need any pilot documents to park in Warbirds. You will need to pre-register.

Pre-Registration

Pre-registration is open now until the day before you expect to arrive at EAA AirVenture Oshkosh 2023.

If you need to pre-register more than one aircraft, you will have the ability to enter multiple aircraft during the same session by clicking on “Add Another Aircraft” after entering the first aircraft. To pre-register your warbird aircraft, follow this link: [Register my aircraft.](#) [Enter your Warbirds Registration Number \(tfaforms.com\)](#)

We look forward to seeing you at EAA AirVenture Oshkosh 2023!

EAA AirVenture Oshkosh 2023 Notice Includes Important Procedure Updates

There are several important FAA-approved changes in the EAA AirVenture Oshkosh 2023 Notice (commonly referred to as the Oshkosh NOTAM), featuring arrival and departure procedures for EAA’s 70th fly-in convention on July 24-30 at Wittman Regional Airport in Oshkosh. These changes are based on pilot feedback and FAA review of arrival procedure recommendations. The document is in effect from noon CDT on Thursday, July 20, until noon CDT on Monday, July 31, and outlines procedures for the many types of aircraft that fly to Oshkosh for the event, as well as aircraft that land at nearby airports. The Notice was designed by the FAA to assist pilots in their EAA AirVenture flight planning. It is now known as the Oshkosh Notice instead of a NOTAM because of a changed FAA internal procedure.

Some of the 2023 changes include:

- A change in the AirVenture ultralight pattern at Wittman Regional Airport.
- Guidance regarding Oshkosh aircraft parking areas, including North 40/South 40 designation.
- Elimination of the Fond du Lac diversion procedure.
- The start time of the daily air shows has been changed from 2:30 to 2:15 p.m. CDT.
- The Notice and its procedures are effective through noon CDT on Monday, July 31.

The ATC-assignable transition points approaching Oshkosh from the west that will ease holding and congestion will again be in effect in 2023. These points are at Endeavor Bridge, Puckaway Lake, and Green Lake. They will be announced on the arrival ATIS when ATC activates them at times of highest traffic flows.

“The most essential information for any pilot flying to Oshkosh involves reading and thoroughly understanding the 2023 AirVenture Notice to ensure safe operations on arrival and departure,” said Sean Elliott, EAA’s vice president of advocacy and safety. “This FAA Notice document states the official requirements and expectations for pilots. We also urge all pilots to log appropriate cross-country time prior to their trip to Oshkosh so they have the proficiency and confidence to fly safely.” EAA is also hosting a webinar on June 14 at 7 p.m. regarding [flying to AirVenture](#)

[2023](#) and changes in this year's Notice. Pilots are encouraged to participate to build their knowledge prior to their flights to Oshkosh.

Pilots can download a digital version of the Notice at [EAA.org/NOTAM](https://www.eaa.org/NOTAM), or order a free printed copy via that website or by calling EAA Membership Services at [800-564-6322](tel:800-564-6322).

Devotion Highlights Fly-In Theater Lineup at EAA AirVenture Oshkosh 2023

Last year's biographical film highlighting Medal of Honor recipient Tom Hudner and Jesse Brown leads this year's impressive schedule of aviation movies at the Fly-In Theater during EAA AirVenture Oshkosh 2023. The Fly-In Theater is part of the daily schedule at the 70th EAA fly-in convention on July 24-30 at Wittman Regional Airport.

For more than 15 years, the Fly-In Theater has been a tradition for AirVenture attendees. Located adjacent to EAA's Camp Scholler campground, the Fly-In Theater provides the perfect opportunity to relax after a long day of air shows, exhibits, and workshops. The nightly movies are shown on a five-story high movie screen and introduced by personalities ranging from aviation legends to Hollywood superstars. The Fly-In Theater is presented by Lycoming and supported by Southwest Airlines.

The Fly-In Theater films, which are included with AirVenture daily and weekly admission, are shown nightly from Saturday, July 22, through Saturday, July 29 (weather permitting), beginning at 8:30 p.m. (Devotion programming will begin early at 8:15 p.m.) For many of the films, special guests connected with the film, or the aircraft involved will help introduce the screening.

This year's stellar schedule includes:

- Saturday, July 22: *Top Gun* (1986) – The all-time favorite film about naval aviation starring Tom Cruise, Anthony Edwards, and Val Kilmer.
- Sunday, July 23: *Top Gun: Maverick* (2022). Tom Cruise, Jennifer Connelly, and Miles Teller update the story of Capt. Pete Mitchell as a legendary test pilot called back to train a new group of hot shots.
- Monday, July 24: *Tail Spin* (1939). Alice Faye, Constance Bennett, and Nancy Kelly star in this drama centered on three female pilots competing in the Cleveland Air Races.
- Tuesday, July 25: *The Great Waldo Pepper* (1975). A World War I veteran pilot takes up barnstorming and teams up with a fellow war veteran to perform stunts and reenact air battles from the Great War in the early days of Hollywood. Starring Robert Redford and Bo Svenson.
- Wednesday, July 26: *Amelia* (2009). Hilary Swank stars in this biographical film about the life of Amelia Earhart from the beginning of her aviation interest to her disappearance in 1937.
- Thursday, July 27: *Flight of the Intruder* (1991). Danny Glover, Willem Dafoe, and Brad Johnson star in a Vietnam War thriller about a pilot and navigator who execute an unauthorized strike on Hanoi.
- Friday, July 28: *Devotion* (2022). Glen Powell and Jonathan Majors star in a retelling of the bond between Tom Hudner and Jesse Brown during the Korean War.
- Saturday, July 29: *Those Magnificent Men in their Flying Machines* (1965). A comedy about a British newspaper publisher who organizes an air race from London to Paris to promote British aviation. Starring Stuart Whitman, Sarah Miles, and Terry-Thomas.

Historic Homebuilt Aircraft Anniversaries Part of EAA AirVenture Oshkosh 2023 Activities

A number of iconic homebuilt aircraft designs will be celebrating notable anniversaries this year at EAA AirVenture Oshkosh, which annually brings together the world's largest gathering of amateur-built aircraft. The 70th edition of EAA's fly-in convention is July 24-30 at Wittman Regional Airport in Oshkosh, Wisconsin.

"Homebuilding has been at the core of EAA since the first meeting in Milwaukee in 1953 with homebuilt aircraft continuing to represent a substantial percentage of the 10,000-plus aircraft that fly into AirVenture every year," said Charlie Becker, EAA's homebuilt community manager. "As we celebrate our organization's 70 years, several popular designs are celebrating their own anniversaries, and we invite all owners of those aircraft to come to Oshkosh to help commemorate the occasion."

Anniversary aircraft owners are encouraged to pre-register so they can receive updates on special events, parking, and other activities connected to their airplane type. Among the aircraft designs reaching important anniversaries in 2023 are:

- Midget Mustang 75th anniversary – Single-seat aerobatic sport airplane designed by David Long
- Wittman Tailwind 70th anniversary – A two-seat, high-wing monoplane designed by legendary designer and racer Steve Wittman
- Thorp T-18 60th anniversary – All-metal fully bubble canopied aircraft, well-known for being the first homebuilt aircraft to successfully circumnavigate the world.
- Hiperbipe 50th anniversary – A two-seat aerobatic biplane designed by Sorrell Aviation
- Sonex 25th anniversary – A kit manufacturer based in Oshkosh, Wisconsin, and founded by EAA Homebuilders Hall of Fame member John Monnett
- Van's RV-10 20th anniversary – A four-seat, low-wing plane designed by Dick VanGrunsven, part of the world's most popular series of homebuilt aircraft.

Pre-registration is available online at <https://www.eaa.org/airventure/features-and-attractions/featured-aircraft-anniversaries>. Anniversary aircraft will be featured throughout the week at Oshkosh in flying demonstrations, forums, displays, and other events.

Ever thought about volunteering during AirVenture? You could volunteer any number of hours that you want to. I am in Convention HQ. We are looking for those with a little knowledge to a lot of knowledge of the grounds, venue, etc. Send me an email at picflygirl@yahoo.com if you are interested. It's a way of meeting new people who you can add to your aviation 'family'.

Trenneff Field, KVTA**

EAA 402 is in its 51st year of existence! Progress is being made on the FBO and Maintenance Hangar at VTA! The interior progress is also moving along and the FBO operation may be able to move in as early as April this year. George Fackler, the airport operator, has mentioned numerous times that the users of the airport, including EAA 402 members, should be grateful to Terry Trenneff, the Airport Board, and the Licking County Commissioners for such a nice facility as this is going to be.

Upcoming events August 26 Young Eagles Rally; Sept. 23; Holiday Banquet Dec 5
This should be a fun event. Come out and join us!

Young Eagle Events: There will be a Young Eagle Rally on August 12. Calling on area pilots to volunteer to participate in at least 1 event. We know that it is a huge commitment for a pilot to participate and so will not ask any pilot to participate in all 3 events. Volunteer With the Chapters and Young Eagles Staff at AirVenture!

The EAA chapters and Young Eagles teams are looking for energetic and passionate volunteers to help with preparations for EAA AirVenture Oshkosh, staffing at the Blue Barn and Chapters Pavilion during the convention, and wrap-up activities.

Blue Barn volunteering includes being on-site during AirVenture to assist visitors with learning more about EAA chapters and the various chapter-related programs and activities, especially the very popular EAA Young Eagles program. For those who wish to volunteer during the days before AirVenture, opportunities are available to assist with the final set-up in the Blue Barn or at the Chapters Pavilion located in Camp Scholler.

Note that if you volunteered for 20 or more hours with the chapters and Young Eagles teams last year during AirVenture 2022, then you have earned a free weekly admission wristband for AirVenture this year! If you volunteer with the chapters and Young Eagles teams at AirVenture for 20 or more hours this year, then you will earn a free weekly admission wristband for AirVenture next year! All sign-ups will close on July 9, 2023.

To see the list of volunteer opportunities and to sign up, go to: [EAA AirVenture 2023 Blue Barn & Chapters Pavilion Volunteer Sign-Up](#)

Ray Aviation Scholarship Corn Roast at AirVenture 2023

All EAA Ray Aviation scholars and scholarship coordinators are invited to attend a corn roast at EAA AirVenture Oshkosh 2023. This event will take place on Monday, July 24, 2023, from 5:00 to 6:30 PM CDT at the EAA Chapters Pavilion. This event is open to all scholars, including alumni and those currently in-flight training. Each scholar may bring up to two guests of their choice. Each scholarship coordinator may bring one guest of their choice.

This is an excellent opportunity for Ray Aviation scholars to meet each other and network, and for scholarship coordinators to meet each other and learn from each chapter's experiences. EAA staff members and the directors of the Ray Foundation will also be in attendance to thank the scholars and coordinators for their accomplishments and dedication.

This event will be held at the [EAA Chapters Pavilion](#), located at the intersection of Schaick Ave and Deischer Lane in Camp Scholler. The corn roast will also include hamburgers, hot dogs, and other food and beverages.

[Register to Attend](#)

Once you are at AirVenture, you will need to pick up a wristband at the [EAA Blue Barn](#) for admission to this event. The Blue Barn is located on Knapp Street across from the Forums Plaza, just north of the Wittman Airport control tower. Wristbands will be available at the Chapter Map inside the building.

We are also seeking at least 12 volunteers to help run this event, including cooking, serving food, and helping to clean up afterward. If you would like to volunteer, please click on the link below:

Cleveland will host the U.S. Air Force Thunderbirds as headliners of the 2023 Cleveland National Air Show presented by Discount Drug Mart.

Each show day, the six select Thunderbird demonstration pilots will put their distinct red, white, and blue F-16 Fighting Falcon jet fighters through a choreographed 50-minute performance at speeds up to 500 mph and as close as three feet from each other.

2023 will mark the 70th year the Thunderbirds have been performing and Cleveland is a part of the team's rich history. In 1965, the Thunderbirds made their first Cleveland appearance flying their North American F-100s (first supersonic jet fighters).

The Thunderbirds are the U.S. Air Force "Ambassadors in Blue" and composed of twelve officers (including six demonstration pilots), two civilians and 120 enlisted personnel performing more than 30 Air Force specialties. The Thunderbirds represent the United States at approximately thirty sites each year.

Historical Aircraft Squadron - Carroll, OH (LHQ)

The Historical Aircraft Squadron, Inc. is an all-volunteer, non-profit organization dedicated to the restoration, display and operation of former military aircraft and related equipment in our hangar/ museum located at the Fairfield County Airport. The squadron was formed in 1994 by a small group of individuals who shared this common interest. Membership has grown and we currently have members representing a wide variety of ages, interests, talents, and volunteer skills. Members and visitors are encouraged to participate in activities and events as well as to just stop by to 'hang around' to enjoy the atmosphere of the aircraft and museum displays. We are a work in progress so there is always something new to experience. Hours: Wednesday thru Saturday - 10am to 4pm. Sundays - 12pm-5pm

The EAA Ray Aviation Scholarship Program is funded by the Ray Foundation. Through the support of the Ray Foundation, EAA can provide up to \$11,000 to youths for flight training expenses. In total, there is \$1.8 million gifted in annual scholarship funding.

More than 300 youths have earned their private pilot certificate with support from the Ray Scholarship Program. Take it from our Ray scholars who have been able to do just that.

EAA is able to grow The Spirit of Aviation through its Ray scholars. Without scholarship donations such as these, we would not be able to support young pilots and make their dreams come true. Thank you for your support.

2023 Aircraft Raffle Grand Prize: Restored 1946 Ercoupe 415-C (N2427H) Or \$25,000 Cash

The 2023 Aircraft Raffle administered by EAA Aviation Foundation, Inc. launched October 3, 2022.

This raffle aircraft — a restored 1946 Ercoupe 415-C — features a Continental C-85 engine, McCauley Propeller CF7147, Bendix/King KY 97A Communications Transceiver, Bendix/King KT 76A Transponder, Sigtronics Corporation SPA-400 Intercom, UAvonix Tail Beacon ADS-B System, and a SureFly electronic ignition. This stunning aircraft is feature-packed and is valued at \$66,000.

The best part? You CAN win because only 3,000 raffle tickets will be sold!

Raffle tickets can be purchased for \$100 each at the EAA Aviation Museum, certain events throughout the state of Wisconsin, and on the EAA AirVenture Oshkosh grounds during AirVenture 2023.

When you make a raffle ticket purchase, you are supporting EAA programs that educate, engage, empower, and inspire the aviators and enthusiasts of tomorrow.

The 2023 Aircraft Raffle and all entries are governed by the [official rules](#).

The winner can elect a cash prize of \$25,000 in lieu of the aircraft.

Winner is responsible for all applicable taxes.

The drawing will take place at 3:15 p.m. on July 30, 2023, during EAA AirVenture Oshkosh 2023 at the AirVenture Member Center.

For questions or comments, please call EAA Aviation Foundation, Inc. at [888-500-5600](tel:888-500-5600).

Tickets are only available for purchase in-person in the state of Wisconsin. Payment over the phone is not allowed.

Chapter Blast for Your Events

Now that spring is here in the northern hemisphere and summer is approaching, your chapter likely has a variety of events planned for the year. You might have your annual fly-in coming up, or one of your regular pancake breakfasts, and you want to ensure there is a high turnout to bring in new members and fundraising. Perhaps you have a special guest speaker coming to your chapter, and you want to bring in the local community to see them. Maybe you have a Young Eagles rally that you want to promote to bring more youths into the chapter. Maybe you started a VMC or IMC Club and you want to bring in more pilots to reap its benefits. Or perhaps your chapter is hosting an open house at the local airport that will show off the positive effects the airport brings to the local area.

If you want to bring more people to your events, then a Chapter Blast will help you out. A Chapter Blast is a free promotional email sent by EAA on your chapter's behalf to all EAA members within roughly 75 miles of your event's location. The email contains all the details about your event, including what it is, when and where it takes place, and who to contact for more information. Chapter Blasts are a great complement to other means of getting the word out such as press releases, flyers, brochures, and online calendars of events.

Chapter Blasts are only available to active EAA chapters (including divisional chapters/squadrons) for chapter-organized events. They must be requested by a chapter officer, such as the chapter's president, at least 30 days prior to the date of your event. Each chapter is limited to three Chapter Blasts per year, so you should carefully consider which events your chapter would like to promote. If you seek to increase your chapter's membership, then a Chapter Blast is an excellent choice for promoting a high-profile public event that will attract new faces. You can show the EAA members in your region that your chapter exists, and by inviting them to your event, you will pique their interest in your chapter and encourage them to join.

To request a Chapter Blast, all you have to do is complete the online form below. The EAA Chapters team will take care of the rest.

[Request a Chapter Blast](#)

After your request has been submitted, the EAA Chapters team will craft a draft Chapter Blast based on the information you provided. We will email the draft to the person listed as the chapter's contact for the event. This person should make sure all the information in the draft is correct. Once the chapter's contact approves the draft, then EAA will schedule the Chapter Blast to be sent. The Chapter Blast will be sent around 10 days before the scheduled event. Remember that requesting a Chapter Blast from EAA counts toward one of the points for [Chapter Recognition](#) each year. This is one of the easiest ways to boost your chapter's recognition score.

What are you waiting for? [Request a Chapter Blast](#) today!

Chapter Leadership Boot Camp

EAA's Chapter Leadership Boot Camps are one day courses focused on making you a better chapter leader so that you can have a better chapter.

These one-day, interactive sessions are focused on topics important to you as chapter leaders.

Topics Covered:

- Recruiting and retaining members
- Marketing
- Tax exempt status
- Fundraising
- Media & public relations
- Young Eagles
- Insurance and risk management
- EAA chapter resources

The boot camp also provides an excellent opportunity to network with other chapter leaders as well as interact with EAA chapter office staff.

Things to Bring:

- Your enthusiasm to share your experiences and learn from other Chapter Leaders
- Casual clothes
- Sweater/sweatshirt & jacket

Additional Details:

- Lunch will be provided by the host chapter.
- EAA staff will be on site on Friday and Saturday evening if you arrive early or stay late. We will grab some dinner with you.
- If you are staying over before or after the Boot Camp, lodging option information will be sent when we confirm your registration.

If you have any further questions, please don't hesitate to contact chapters@eaa.org.

Interested in Hosting a Chapter Leadership Training Boot Camp?

Columbus Air Show

I worked Saturday of the Air Show, driving an ADA Compliant Cart around picking up people in the parking lots and taking them back. Then on Sunday, I did admissions at the main gate. It was great to see so many people that I knew. Even some from Vinton County.

Here are a few pictures from the weekend.

Thanks to Herb Gillen & Company that were able to put together such a great show. Hopefully we can do it all again next year.

Vansant Airport, Erwinna, PA (9N1)

Van Sant is a classic, grass field airstrip in Erwinna, PA. Bar and Dannie Eisenhauer operate the FBO and offer rides in a 1928 Travel Air biplane, a 1942 Stearman, a 1946 Piper Cub and more. Located on the field are some of the finest examples of vintage planes anywhere. Check out the website for more info. During the summer they hold a dinner movie night on the last Saturday of the month. During the afternoon they give airshow priced plane rides. During dinner there is usually live music with the movie starting at dusk projected on to the hangar door. People fly in, drive in, bike in, and walk in for this event.

Please come visit. Fun for everyone - adults, kids, and dogs! Or fly in any time for a good burger at the Betty Boop grill and just sit under the trees and watch the aviation action!

Jackie's Airport Restaurant, Harrison, MI

(80D)

Clare County Airport 80D, a little north of the center of the Lower Peninsula. Not a \$100 hamburger .. it's a pasty flight - the biggest and best one you may ever find. Half a pie in size! Fine, inexpensive home cooking ... very clean and hospitable to fliers.

Best practices to avoid collisions

Preventing collisions is among a pilot's primary responsibilities—in the air or on the ground. The AOPA Air Safety Institute compiled comprehensive guidance to help pilots avoid such hazards.

Ultralight / Homebuilt Rotorcraft Arrival Procedures

AirVenture 2023

Webinar on June 28, 2023, at 7 PM CDT

Are you planning to fly your ultralight/homebuilt rotorcraft to EAA AirVenture Oshkosh 2023? If so, this webinar is for you!

Flying into the ultralight/homebuilt rotorcraft grass runway at EAA AirVenture Oshkosh 2023 requires compliance with the FAA-issued Notice. Mark Spang will discuss the Notice arrival and departure procedures specific to the Fun Fly Zone grass runway on the south end of the airport used by ultralights/lightplanes and homebuilt rotorcraft.

This webinar qualifies for FAA WINGS credit.

This newsletter goes out to the EAA Chapters in Ohio, Indiana, West Virginia, Kentucky, Michigan, and Pennsylvania. It also goes out to the FBO's in those states. So, if you are planning to host an event and would like to get the information out there, this is one of the places to do so. There is NO cost to advertise your events or your Airport Restaurant.

We would like to put your events or happenings in the Ohio Region Chapter Newsletter. So please feel free to get the article to me about a week before the end of the month. This way it can be included in the following month's newsletter. If you have an interesting story you want to share, send it. We like those feel-good stories also. Let us know about those restaurants that are located on or near an airfield. This way pilots will know of a good place to fly to for those \$ 100 hamburgers.

If someone from your Chapter, or on the airfield has a plane, parts, or tools they want to sell or give away let us know. It can be included in the newsletter. There is NO cost for this.

If you do not have time to draft an article and would like for me to visit your website / Facebook page and gather my own "intel" for an article, please let me know.

Be sure to let me know if there is a different person that I should reach out to for an article. Or if there is someone else who should receive the newsletter to distribute to your Chapter members.

Please share this with your fellow Chapter members, aviator friends and your local FBO's. You never know who would be interested in one of the articles/events in the newsletter. Or if you received this from a friend and would like to receive it directly, please let me know.

Send in your comments as to what you would like to see in the newsletter. We like those human-interest stories, especially those with pictures.

Send articles for the August newsletter to me by July 20th if possible. Email them to Daford1957@gmail.com

Thanks again and enjoy the newsletter.
