AirVenture dates 2024: July 22 – 28

Have Thoughts on MOSAIC? Share Them With Us!

The NPRM continues EAA efforts to keep aviation safe, affordable, and accessible by expanding the already successful rules of light-sport aircraft and sport pilots.

The FAA's release of the MOSAIC NPRM just before AirVenture led to a significant amount of positive energy throughout Convention week. The NPRM continues EAA efforts to keep aviation safe, affordable, and accessible by expanding the already successful rules of light-sport aircraft and sport pilots.

During AirVenture, EAA's advocacy staff participated in numerous meetings, forums, and other lively discussions with members, vendors, and other associations discussing the details and impacts of the proposed rule. A link to the NPRM, as well as additional information and an early analysis of the rule, can be found [here](#).

[MOSAIC Takes Significant Step Forward | EAA](#)

EAA continues to evaluate the proposal, and in doing so, would like to hear your thoughts. To do so, we have established mosaic@eaa.org and encourage you to send us your comments and suggestions on the proposed rule. Important to remember, comments and suggestions supported by well-thought-out safety justifications have the most impact and best chance of influencing changes to proposed rules. Well before the October 23, 2023, closing of the NPRM comment period, EAA will provide further in-depth analysis along with suggested guidance on key themes to help members draft comments in response to the NPRM.

EAA Files Comments to Destroyed and Scrapped Aircraft Policy

This week, EAA filed comments to a new FAA advisory circular (AC) entitled “Destroyed and Scrapped Aircraft.” The AC makes heavy reference to FAA Order 8900.19, which shares the same name and was issued without the opportunity for public comment in 2018.

The order and AC discuss how an aircraft is determined to be destroyed and scrapped. Aircraft declared as such cannot be rebuilt, per 14 CFR 45.13 and 47.41. Order 8900.19 defines a “destroyed” aircraft as one having no repairable “primary structures” and a “scrapped” aircraft as one that “has been discarded and disposed of in a manner that it cannot be repaired to an airworthy condition.” On its face, this is a reasonable interpretation of the rule that would allow all but the most severely damaged aircraft to return to service with the proper repairs.

As with any FAA policy, EAA aims to ensure consistent, reasonable application in the field. While we are not aware of significant problems in the use of this policy in the past five years, EAA’s comments to the AC urge the greatest flexibility possible, including the expanded use of designees in determining a damaged or disposed aircraft’s status and developing a plan for return to service.

We feel that more designee options would ease the workload on FAA field offices while bringing decision makers with ample practical experience into the fold. As EAA’s comments note, “This change would not remove the FSDO or [Aircraft Certification Branch] from being eligible to review repair data; rather, it would provide an additional option to the builder/repairer to utilize, if desired.”

Free airplane rides for Kids 8 -17 years old Register at <http://YoungEaglesday.org> Registration opens one month before the event. A parent or guardian must be present at the rally with the youth and sign a waiver form. This is the person that registers the child.

If you are a pilot and would like to fly Young Eagles, be sure to contact us for more information or go to [Young Eagles Day - Registration System](#) and register to be a pilot or you can contact us for more information. We are always looking for pilots to help fly kids.

Meetings are held the 2nd Saturday of the month at Zanesville Municipal Airport (ZZV). We start gathering around 5 to talk and have some refreshments. The meeting will start at 6:00 PM. All are welcome to attend. Come on out to see what we do and hopefully you will join the Chapter.

You do not have to fly Vintage Aircraft to join. Please think about coming out to join us. We are an aviation friendly club where there are no strangers.

Save the date! September 23! Our annual fall fly in. The Grimes Flying Lab will be back! Also, it looks like the Barnstormer Extraordinaire Dewey Davenport will be in the House with Bi-Plane rides. More to come.

New this year!!! We will also have a special 'trophy' for the best Ohio manufactured airplane. And a trophy for the best Ohio homebuilt airplane.

So when you fly in be sure to register for a chance to win. Registration will be at the Hangar

Door.

Wouldn't this look great

in your hangar!! Thanks to Tony Morozowsky and Jack Stillwell for polishing these propeller blades so nicely. Tony did a great job with the base and painting the tip of these trophies.

You can email me for more details at DAFord 1957@gmail.com

We also have some 'door' prizes for pilots that fly in. Be sure to register and get a ticket for these. Thanks to the EAA National Vintage association for these prizes.

Be sure to come out and visit with us. This is the 23rd year! It promises to be a great event. So come out and see old friends and make new friends.

All planes and cars will receive a dash plaque

Car trophy & plaques

Also, if you do not have an email address on file to receive the newsletter 'Tailwinds' and would like to, please send me an email at DAFord1957@gmail.com

EAA Chapter 402 Newark-Heath Airport Trenneff Field, KVTA

EAA 402 is in its 51st year of existence! Progress is being made on the FBO and Maintenance Hangar at VTA! The interior progress is also moving along and the FBO operation may be able to move in as early as April this year. George Fackler, the airport operator, has mentioned numerous times that the users of the airport, including EAA 402 members, should be grateful to Terry Trenneff, the Airport Board, and the Licking County Commissioners for such a nice facility as this is going to be.

Airport Terminal Interior Renovation
Construction to begin 8/14/2023

Airport friends,

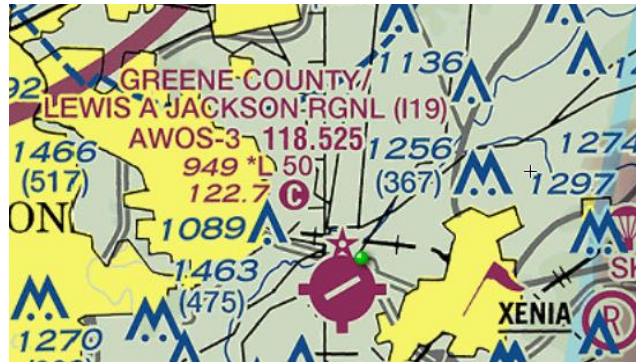

The south half of the main terminal building will be undergoing a complete interior update and renovation starting August 14, 2023. This \$500,000+ project is made possible by APRA grants from our Greene County Commissioners and design/construction admin grants from the FAA. Many thanks go out to both for this much needed building update, first constructed in 1968. Many thanks as well to our dedicated Board of Directors for their hard work and inspirations to better our public-use airfield facilities.

The project will last until the first of December and not be accessible during this time. You can still reach my office and Stacy's office (MacAir) by entering through the double doors on the north side, marked with red signs above the door.

Please feel free to contact me with any questions.

Very Best,
Dave Kushner, Airport Manager
Greene County - Lewis A. Jackson Regional Airport

Airport Website: <http://www.i19airport.com/>

Airport Identifier Changing to GDK Soon

This is an early notification that the Greene County - Lewis A Jackson Regional Airport identifier will be changing from **I19 to GDK** effective with the FAA November publication cycle (likely November 2, 2023).

Why?

- This will eliminate the confusion and flight planning errors with the airport in Indiana (I19 - Delphi Municipal).
- Airports that have runways longer than 5,000' and AWOS-3 weather reporting typically have all-letter identifiers - ours qualifies after the runway extension to 5,004'.
- When the 'K' prefix is used ie KI19, it can cause search failures in certain flight management databases.

Why GDK and not GCA, GRE, etc?

- Identifiers are assigned by region by the FAA. While GRE or similar would be preferred, only 2 IDs were available in our geographic area and the Airport Authority chose GDK.

Please make sure your charts, databases, etc are updated regularly. Thank you and let me know if you have any questions.

Best regards,
Dave Kushner, Airport Manager

EAA's local Chapters 1095 is about people, bringing together individuals interested in learning more about aviation as well as sharing their own knowledge.

Chapter members are involved in a variety of social and educational activities, including Young Eagles rallies, fly-ins, building seminars, and more, to build awareness in the community.

EAA Name Tags if you would like to order name tags for your members or at least your officers please check out Chapter 1095's website. These name tags are very professional looking and hold up well. <https://chapters.eaa.org/ea1095/ea1-name-tags>

We are a local chapter of Women in Aviation International, based in Dayton, Ohio – where it all began.

To learn more or if you have questions, email us at womeninaviationhuffmanprairie@gmail.com

We will have a table set up at MERFI (Urbana Grimes) so be sure to stop by with your children. We want to talk to the young girls to find out if they have an interest in becoming a pilot or an interest in any of the aviation careers. We welcome all women pilots and those with other aviation interests to be a part of our organization.

WAI offers free student membership, and our chapter offers free participation as well. If interested in membership please reach out to our chapter, WAI offers many benefits to students and young adults entering the aviation industry.

11th Annual Veterans Program *By Dave*

Conner, Hangar Manager, 2023 Program Coordinator

The 11th Annual Veterans Program will be held at the MAPS Air Museum on November 11th and will honor and celebrate the history of the 179th Airlift Wing/164th Airlift Squadron of the Ohio Air National Guard located at the Mansfield Lahm Air National Guard base in Mansfield, Ohio as well as the newest addition to the MAPS fleet of aircraft, the C-130H Hercules transport "Spirit of Mansfield".

Tickets for the event will be available through Eventbrite beginning mid-September and can also be mailed or called in to MAPS. The ticket price of \$25 includes a dinner catered by Mr. Mike's as well as beer and wine. This year's event is open seating. Doors will open at 4:30 PM and attendees will enjoy social time before the dinner begins at 6:00 PM. The program will begin at 7:00 PM and will be followed by more social time. Special for this event will be pen and ink prints of our C-130 Hercules created by local aviation artist, Ed Davis and will be available for sale. Attendees will also take home a keepsake program of the event that will include the history of the 179th Airlift Wing/164th Airlift Squadron.

KRNP Just your basic mom pop greasy spoon airport cafe. The cafe with attitude! Open Saturday Sunday 8 a.m. - 2 p.m

The EAA Ray Aviation Scholarship Program is funded by the Ray Foundation. Through the support of the Ray Foundation, EAA can provide up to \$11,000 to youths for flight training expenses. In total, there is \$1.8 million gifted in annual scholarship funding.

More than 300 youths have earned their private pilot certificate with support from the Ray Scholarship Program. Take it from our Ray scholars who have been able to do just that.

EAA is able to grow The Spirit of Aviation through its Ray scholars. Without scholarship donations such as these, we would not be able to support young pilots and make their dreams come true. Thank you for your support.

WAI2024 Scholarships Online

Start applying for available scholarships!

August 14, 2023 – Utilizing a new online platform, the 2024 Women in Aviation International (WAI) scholarship program is officially open, and members can review dozens of scholarships at www.WAI.org/scholarships. Currently, there are over 105 scholarships valued at more than \$1,000,000 offered for flight training, engineering, maintenance, dispatch, drones, and professional development for individuals in all stages of life. This 2024 scholarship cycle includes nearly 10 new scholarships to further members’ learning in flight training, space engineering, and aircraft maintenance. Applicants are encouraged to check for new scholarships often and may apply for up to three scholarships per year.

“WAI proactively works to address our industry’s challenges, and one of those priorities is investing in our current and future global workforce,” says WAI Interim CEO Stephanie Kenyon. “The support of our annual scholarship program is one of the major benefits of being a WAI member, and we appreciate the generosity of our scholarship sponsors.” The total amount of scholarships awarded by WAI since 1995 is now more than \$16.4 million.

Many of the 2024 scholarships will be awarded during the 35th Annual Women in Aviation International Conference in Orlando, Florida, from March 21-23, 2024. In order to qualify for a scholarship, the applicant must be a WAI member as of October 1, 2023.

Applications must be submitted to WAI by 11:59 p.m. EDT October 12, 2023. Details of each scholarship, application requirements, FAQs, plus tips for submitting a winning application can be found at www.WAI.org/scholarships.

Chapter Leadership Boot Camp

EAA's Chapter Leadership Boot Camps are one day courses focused on making you a better chapter leader so that you can have a better chapter.

These one-day, interactive sessions are focused on topics important to you as chapter leaders.

Topics Covered:

- Recruiting and retaining members
- Marketing
- Tax exempt status
- Fundraising
- Media & public relations
- Young Eagles
- Insurance and risk management
- EAA chapter resources

The boot camp also provides an excellent opportunity to network with other chapter leaders as well as interact with EAA chapter office staff.

Things to Bring:

- Your enthusiasm to share your experiences and learn from other Chapter Leaders
- Casual clothes
- Sweater/sweatshirt & jacket

Additional Details:

- Lunch will be provided by the host chapter.
- EAA staff will be on site on Friday and Saturday evening if you arrive early or stay late. We will grab some dinner with you.
- If you are staying over before or after the Boot Camp, lodging option information will be sent when we confirm your registration.

If you have any further questions, please don't hesitate to contact chapters@eaa.org.

This newsletter goes out to the EAA Chapters in Ohio, Indiana, West Virginia, Kentucky, Michigan, and Pennsylvania. It also goes out to the FBO's in those states. So, if you are planning to host an event and would like to get the information out there, this is one of the places to do so. There is NO cost to advertise your events or your Airport Restaurant.

We would like to put your events or happenings in the Ohio Region Chapter Newsletter. So please feel free to get the article to me about a week before the end of the month. This way it can be included in the following month's newsletter. If you have an interesting story you want to share, send it. We like those feel-good stories also. Let us know about those restaurants that are located on or near an airfield. This way pilots will know of a good place to fly to for those \$ 100 hamburgers.

If someone from your Chapter, or on the airfield has a plane, parts, or tools they want to sell or give away let us know. It can be included in the newsletter. There is NO cost for this.

If you do not have time to draft an article and would like for me to visit your website / Facebook page and gather my own "intel" for an article, please let me know.

Be sure to let me know if there is a different person that I should reach out to for an article. Or if there is someone else who should receive the newsletter to distribute to your Chapter members.

Please share this with your fellow Chapter members, aviator friends and your local FBO's. You never know who would be interested in one of the articles/events in the newsletter. Or if you received this from a friend and would like to receive it directly, please let me know.

Send in your comments as to what you would like to see in the newsletter. We like those human-interest stories, especially those with pictures.

Send articles for the October newsletter to me by September 20th if possible. Email them to Daford1957@gmail.com

Thanks again and enjoy the newsletter.
