

EAA Chapter 1656

Newsletter, Volume1 Issue 5
April 2021

“Gladewater Texas and the Surrounding area”

Taking Off: Presidents Time

By: JD Clark

Well folks, April has come and gone and unfortunately, we had to cancel our first major event for our Chapter. As unfortunate as it is, weather does play a major role in our flying habits. However, we are already in the planning stages for our next YE event.

For now, what we have decided is to join forces with EAA 972 and the Rusk County Airport for a planned YE event on June the 12th, which is the National Young Eagles Day, I will have more to come on this via email and further correspondence.

We will be moving our Normal Meeting Date for our May meeting from the 8th to the 15th of May. May 8th is our planned Fly Out to Sulpher Springs for the Legend Cub Facility Tour. Please plan to arrive early at 07F, be fueled up and ready for departure after a short Chapter Business. We would like to start departures around 0930.

Remember a lot of us will have Lunch at the RED BARN CAFÉ. Bring Cash as they do not take Credit Cards.

Also lets all try to communicate closely over the next 10-12 days so that we have a bit of an idea on how many planes will be attending the Legend Cub Facility Tour as we will have a few needing seats and rides.

See you on the 15th of May

JD Clark

Upcoming Events

- May 8 Legend Aircraft Factory Tour in Sulphur Springs, Leaving at 9:30**
- May 15 EAA 1656 Chapter Meeting, 9 AM Gladewater Airport**

News and Future Events

Guess who is getting a new hanger?

The next time to see Goran Badzic, ask him about it. I'm sure he will be happen to tell you all about it.

Mid American Flight Museum

A Saturday tour of Mid American is still in the works. More information to come in the future.

Young Eagles Event

It was a sad day to cancel our last Young Eagle event. Never fear, we will have more events in the future. Actually we are helping EAA 972 next month and it will be a great training class for us both in the air and the ground. Plan to attend.
