Saturday, September 14 – Member Gathering at Daniel Field
9:30am FAAS Team Presentation by David Corsiglia

Thursday, September 26 – Eat Out

Chapter News

Congratulations to Sandy Howard's son-in-law Bryce Cockerham. He passed his written test one day and flew the next to pass his check ride. Bryce earned his PPL on Saturday, July 27. Well done, Bryce!

Roger Kubeck and his daughter Mindy added our chapter to the Blue Barn map at EAA AirVenture 2024.

August Chapter Meeting Preview

Come to our member gathering on August 10th to hear about EAA AirVenture 2024 from members who visited Oshkosh, and see some amazing pictures. If you have pictures to share, please email to Al Nodortf.

July Meeting Recap

Our July member gathering began with a delicious meal and great conversations with fellow members and guest. Afterwards, chapter member Jim Hoak shared stories about people he had met at EAA AirVenture and other EAA events.

While at a luncheon for EAA Museum donors, Jim sat directly across the table from a lovely young woman who happened to be **Sabrina Gonzalez Pasterski**. Sabrina, hailed as the next Einstein or Stephen Hawking, built her first airplane at the age of 13. Check out her video of the build on YouTube (search for Sabrina 2006 'Building an Airplane for my Dad'), then look up her bio on Wikipedia. What an amazing person! See also <https://interestingengineering.com/science/sabrina-pasterski-the-physics-girl-who-built-her-first-plane-at-thirteen-years-old>.

One year when Jim visited the Warbirds section at EAA AirVenture, he met **Connie Palaciaz**, otherwise known as "Rosie the Riveter". During World War II, Connie worked for Boeing on the B-29 assembly line. She helped build the B-29 known as "Doc", and 60 years later Connie helped with the restoration of this iconic airplane. Hear her story at <https://www.kansas.com/news/business/aviation/article261077252.html>.

As Jim says, you never know who you might meet!

August Eat-Out

Our next eat-out will be at Red Lobster, 2847 Washington Road in Augusta, GA (just south of I-20 on Washington Road). Come at 6:00pm; ordering by 6:30pm. If you have questions or wish to add your name to the reservation list, please contact Sheila Connell at 803-279-7250.

These are pictures from our July eat-out at Lokos Tacos.

SC Breakfast Club Schedule

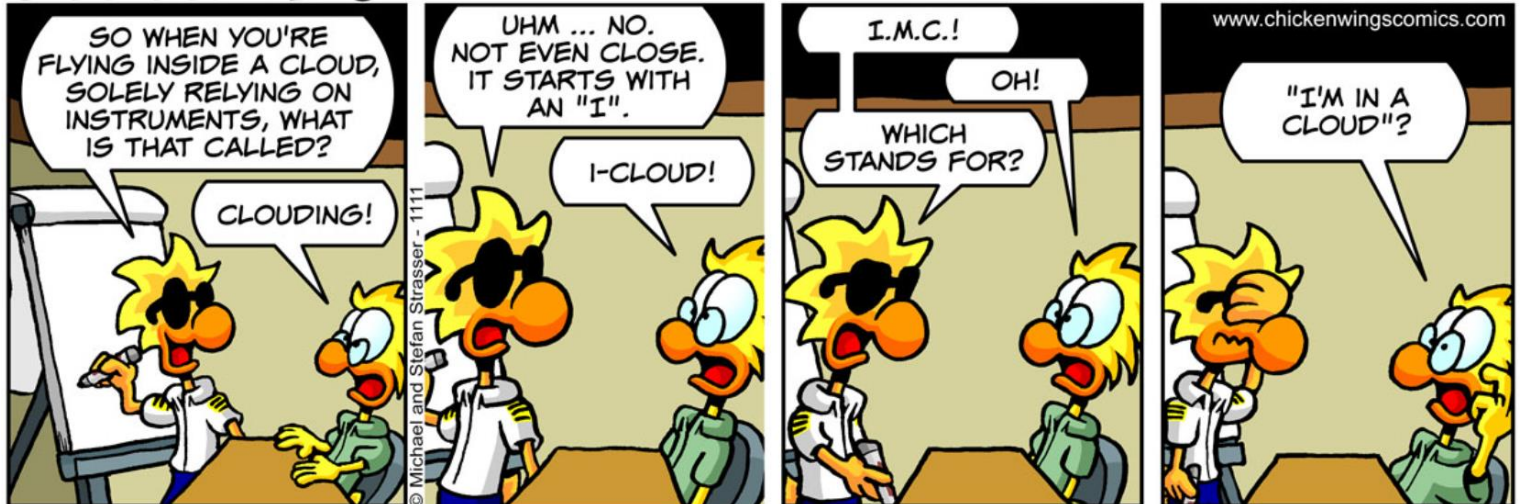

Date	City	Airport Name	Unicom	Airport ID
August 4	Moncks Corner, SC	Berkeley County	123.05	KMKS
August 18	Woodruff, SC	Triple Tree	122.9	SC00

- Sept 23-29 Triple Tree Fly-In & Camp (tta.aero/snf) Camp or visit for the day!

CHICKEN WINGS®

BY MICHAEL AND STEFAN STRASSER

Identify this Airplane

LAST MONTH

Last month's picture was **de Havilland Canada DHC-1 Chipmunk**, a tandem, two-seat, single-engined primary trainer aircraft designed and developed by Canadian aircraft manufacturer de Havilland Canada. It was developed shortly after the Second World War and sold in large numbers during the immediate post-war years, being typically employed as a replacement for the de Havilland Tiger Moth biplane.

(Courtesy of Wikipedia.org)

THIS MONTH

Just for fun, see if you can identify the airplane pictured to the right. The answer will be revealed in the next newsletter.

Free Advertising

Do you have stuff in your hangar that you would like to clear out and make a few bucks? Do you have some aviation books or supplies that you will never need again? Do you want to get it advertised in next month's newsletter? Send your list of stuff WITH prices to Sandy Walther at sandywalther@yahoo.com.

WHERE TO FIND US:

EAA172 meets every 2nd Saturday of the month at several locations around Augusta, GA throughout the year. However, our primary meeting place is at our chapter clubhouse on Pea Patch Aerodrome (61GA) in Blythe, GA. Take Route 1 toward Blythe, turn south at the Citgo/Quik Mart station onto Bath-Edie Road. At the first intersection, turn right onto Patterson Road and follow ¼ mile. Make a left turn onto Boulineau Road (across from the Rec Center) and drive 1 mile. The entrance to Pea Patch is on your right. The clubhouse is at the end of a row of hangars next to the grass strip, just south of the windsock. Pea Patch Aerodrome CTAF is 122.70.
