Chapter 18 Fall Picnic a big hit. Too many airplanes flew in to count. We're not sure what happened but the weather was absolutely perfect. Sunny skies and almost no wind. Chapter 18 would like to thank Todd Burrus and Burlington Aero for providing the hanger and all the great food.

- I had completed RV-6A tail and wing kits, and had started the fuselage kit, when I lost two brothers and a nephew in a Cirrus accident in 2001. I lost interest and the kits have been sitting untouched since then. The wing bottom skins were damaged in a move to Wisconsin from Texas. The fuselage frame was clecoed together but no skinning started. At this time, I would like to dispose of the kits and was wondering if you might know of someone interested in taking it over, or if a school might want to use it for parts. **WANTED TO BUY, RENT or BORROW**

- Craig Henry is looking for a bending brake for RV ailerons. Those of you who are RV builders know exactly the part that I am talking about, and if anyone has one available, please contact Craig at 414-899-5980 or [Glasair2@aol.com](mailto:Glasair2@aol.com)
- I am shopping for a Light Sport eligible aircraft located in the Wisconsin or nearby surrounding area—something we can use through the upcoming summer flying season. My wife and I are currently flying a Starduster Too, but issues with my 3rd class medical will require that I make the switch to Light Sport, at least for a while. We do presently have a Taylorcraft, but it needs some rebuilding and won't be ready to fly for at least a year. So, we are looking for a solid, airworthy Light Sport eligible airplane that doesn't need any or much work. Types we have been considering: Aeronca Chief, Taylorcraft, Luscombe, Ercoupe, Rans S6, Kit Fox 4, Zodiac 601 XL-B and others. They are cabin types and side by side. (We have two young grandchildren we would like to introduce to flying.) **Dodge County Flyers, EAA Chapter 897** is hosting the Wood River District Boy Scouts Camporee on October 15 at the Dodge County Airport (UNU) Juneau, WI.

This is a two day event with campers arriving on Friday October 14 and then working on their Aviation and Aerospace merit badge all day Saturday October 15.

A Young Eagle ride fulfills part of the requirement for their badges. This is the third time we have hosted the event and as in the past we need pilots and airplanes to provide rides for 250-350 boys. In the past we have had 15-20 planes (mostly 4 seaters) and started at 9:00am and finished by 3:00 with time out for lunch.

This time the Young Eagle pilots must have completed the **EAA Youth Protection Policy on-line course** as well as the usual currency requirements. (Medical. Fit Review, Current on takeoffs and landing and be a member of EAA. Airplanes need to be legal with annual inspection, pitot/static check, transponder and ELT checked if equipped.

Anyone able to help with this exciting opportunity to give kids a aviation experience are welcome. **Please contact/call Glenn Ingram (Young Eagles Coordinator, Chapter 897) at 920-319-0763 or email [flyerone@charter.net](mailto:flyerone@charter.net).**
