**Only 7 Days
to Oshkosh!**

EAA AIRVENTURE OSHKOSH 2017

It's that time of year, again. Wittman Regional Airport will soon become the world's busiest airport – at least for one week. 2017 AirVenture Oshkosh will feature performances by some of the nation's top stunt pilots, as well as by The Blue Angels, the official jet team of the United States Navy. Full performances are on Friday and Saturday afternoon, July 28-29, as part of the afternoon air show. AirVenture will also commemorate the 75th anniversary of the famous World War II Doolittle Raiders mission. In addition to welcoming the lone living member of the 80 Doolittle Raiders, 101 year-old Richard Cole, 16 B-25 bombers will fly during a reenactment of the historic raid on the evening of Wednesday, July 26. On Wednesday, July 26, the grounds will host WomenVenture, a national initiative to close the gender gap in aviation. Highlights will include a "Power Lunch" with remarks by pioneering EAA member and pilot, Dr. Janet Lapp, as well as the Women Soar You Soar aviation camp sponsored by Honda, which offers teen girls pilot mentorship opportunities. Friday, July 28 will feature an incredible reunion of nine of the original fifteen living Apollo Mission Astronauts, including Buzz Aldrin, Frank Borman, and Milwaukee's own, Jim Lovell. Other major performances and experiences include Oracle pilot Sean D. Tucker; the AeroShell Aerobatic Team; NASA exhibits; the travelling Huey helicopter and a variety of plane and aviation product introductions from the more than 800 exhibitors. AirVenture also includes learning centers for children and aircraft enthusiasts; aircraft of nearly every size, shape and era to view (including more than 300 warbirds, homebuilts and vintage craft); nightly activities, like a "fly-in" theater and concerts; and flight experiences on a B-17, Ford Tri-Motor and Bell 47 Helicopter.

People from all over the world make big plans for a pilgrimage to OshKosh. Members of Chapter 18 can just pop over. See you there.....

PRESIDENT'S LETTER

It's Oshkosh time again and we have moved our meeting up one week to the third Tuesday, July 18 at 7:30 with the board meeting starting at 6:30 in the Civil Air Patrol Hangar.

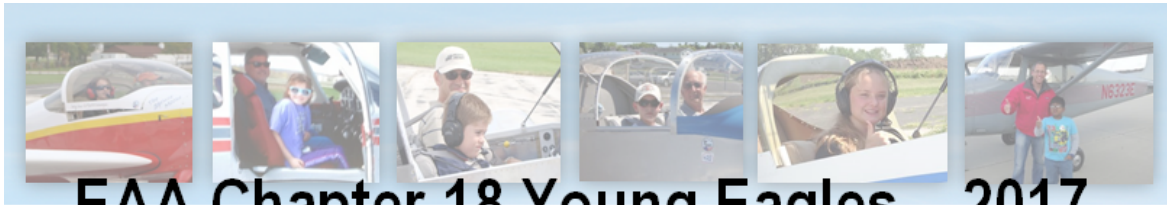

Unfortunately, I allowed myself to be double booked and will be unable to attend the Tuesday, July 18 meeting.

I have asked the other board members to carry on in my absence. I apologize for not presenting information on 3D Printing at the meeting on Tuesday, but will have even more information to present after attending 3D Printing Seminars at Oshkosh.

Thank you to all of the pilots that shared their airplanes with us at our June Fly-In meeting. We apologize if we didn't get around to hear about your airplane. If you would like to send an E-Mail to our newsletter editor, he could include your Aircraft information in a future newsletter. Send those articles to Thaddeus Pinkoski at thaddeus@blowndice.com

I was asked by Spring City staff to inform pilots to follow the yellow taxi lines when taxiing from the north ramp to the CAP Hangar. The taxi lines run between the rows of T-Hangars, but not between the Eastern most T-Hangar and the FBO building. This area is where they may be moving helicopters on carts in and out of the hangar and would appreciate keeping this space clear of taxiing aircraft.

YOUNG EAGLES
