GET IN ON THE FUN
WHILE THERE IS
STILL TIME!

Prez Sez

It's finally spring time, but it still doesn't feel quite like spring. It is too wet and cold to do yard work. At least, that is how I rationalize putting off the inevitable springtime cleanup. But it is a great excuse to work on

the aircraft projects, instead. As I have been saying, this year will be a year for sharing what you do and what you know. So, as you make progress on your projects or learn something new, we want to hear about it.

We always welcome more members and visitors. Your assignment is to invite friends and family to the meetings. Your friends and family can finally get

to know what you really do all by yourself in the workshop and one Friday night a month.

I hope to see all of you at the meeting!

INVITE A FRIEND

"The desire to fly is an idea handed down to us by our ancestors who, in their grueling travels across trackless lands in prehistoric times, looked enviously on the birds soaring freely through space, at full speed, above all obstacles, on the infinite highway of the air." — Orville Wright
