“Useful and Fun Aviation Apps”

Would you like ADS-B In for free? How about an app to track your entire flight and a way to review it in Google Maps? Come on out to our November 2020 meeting and learn some neat aviation things you can do with your phone/tablet/computer. The program will be facilitated by Chapter 211 Vice-President, Eric Cassens. Audience

participation is encouraged as well, as we can all learn from each other.

November Program Again in Zeeland

Once again, we will be meeting in the big hangar north of the terminal building at Ottawa Executive Airport

October's meeting was a big success, with more than half of the 23 in attendance being new friends (future members?).

We still can't meet in our clubhouse at the Grand Haven Memorial Airpark, so, we will be holding meetings at Ottawa Executive Airport for the foreseeable future. We support reasonable China virus mitigation measures such as frequent hand washing and disinfecting. While we will not require face coverings, we promise to not think any less of

anyone who wants to wear one, and we will try as best we can to expand personal space (some call it social distance) as much as seems reasonable. Handshakes are acceptable but not necessary. A fist bump or elbow bump is, of course, okay too.

We are planning to have coffee and water available, and cookies at the break time.

Join us, won't you, for the fun, the education, and the camaraderie! We hope to see you there!

Chapter 211 Website

Our old website, which was provided to us by EAA, has gone away. EAA didn't build it for us, however. They just paid the hosting fee and the hosting company provided tools in the form of templates, widgets and tutorial videos to make it fairly easy for us to actually create the website. EAA has decided to change hosting companies and so in the near future we will be trying to get a new website up. Please stand by!
