Friday, December 4, 2020, Program Canceled

The regular meeting of EAA Chapter 211 has been canceled for December due to concerns about the recent increase in cases of Covid-19... and,

Our Annual Christmas Banquet is also canceled for the same reason.

The recent rise in cases of Covid-19 are causing great consternation across the country, and making it exceedingly difficult to plan meetings and events. Government officials are not only urging the usual hand washing, mask wearing and "social distancing," but are also imposing new limits on gatherings of all kinds. We may not all agree on the degree of risk or on any given course of action, but for now, Chapter 211 is choosing to fault on the side of caution. We have to consider the the welfare of our members,

guests, and presenters who sometimes come from other areas.

We are looking forward to rescheduling Dan Gryder, our speaker originally planned for December, at a future, safer date.

Unfortunately, our Annual Christmas Banquet has been canceled and will not be rescheduled.

We have a tentative speaker for January 8, 2021, but will announce later if able to have a meeting.

November Meeting Recap

November's meeting at Ottawa Executive Airport was again a great success. Everyone enjoyed VP Eric Cassen's presentation on low cost ADS-B in and other free or low-cost apps to enhance your aviation experience. The weather was so nice that we were able to keep the overhead door open the whole evening. It was almost like having an outdoor meeting.

Long time EAA Chapter 211 member, Jake DeHaan, has sold his RV-12 and donated a number of his tools and other miscellaneous goodies to Chapter 211. Paul Overbeek brought Jake's donated items to the November meeting and many of the items were sold that evening. (A good reason to not miss a meeting!)

Three hundred dollars have been raised so far from Jake's donation. There are still a few items left, and we will attempt to sell them at the next meeting we are able to have.

A big Thank You to Jake for his generous donation, and for his longtime support of Chapter 211 including providing numerous Young Eagle flights in his aircraft.
