## **Ken Dannenberg Receives FAA's Wright Brothers "Master Pilot" Award**

Come to the September meeting and join in celebrating one of our dedicated, long-time members, Ken Dannenberg, and how he received the Wright Brothers "Master Pilot" Award for 50 years of Dedicated Service in Aviation Safety from the FAA. Our own intrepid reporter, Bill Verduin, was there to capture the ceremony in video. After the video Ken's son, Paul, may speak a few words, and possibly Ken too.

Also, time permitting, we would like to hear from YOU about your experiences at Oshkosh AirVenture this year. If you bought something, attended a good seminar, witnessed an interesting demonstration, learned about new technology or regulations, made some new friends or met up with some old ones, we would like to hear about it. So, please come ready to share your story!

**My apologies for the lateness and brevity of this month's issue of Hangar Talk. Hopefully I'll be able to deliver a "normal" issue next month. - Editor, Dale Hagen**
