SUPERSCOOPER  
GROUNDED DUE  
TO DRONE STRIKE

TAKE OFF  
PERFORMANCE  
SKEPTICISM

## CONGRATULATIONS!!!

After an immense amount, and most likely an obsessive compulsion to study, Tim Anderson completed his IFR check ride with a pass. A big congratulations to him on his accomplishment! However just knocking the check right out wasn't enough flying for Tim that day, He even managed to make time to take Paige up for a local flight around the area afterwards.

Congratulations again Tim on your awesome achievement! And dedication in inspiring the younger members of our club! Looking forward to hearing more about Tim's check ride experience in the future!

# VMC Question January

**Question:** You're planning a VFR cross country flight in your 1977 Cessna Cardinal RG, which does not have a Minimum Equipment List (MEL). As you're taxiing out for departure, you notice that the turn coordinator is inoperative (red flag showing). Can you legally fly the airplane on this flight with the turn coordinator inoperative?

**EAA IMC Club**  
Question of the Month

**Question:** You're flying in IMC, nearing the airport where you plan to enter a hold and then complete an instrument approach when your vacuum system fails, causing your gyro-powered instruments to falter. What ATC services can you implement in this scenario?

## Upcoming Dates

### AOPA Rusty Pilot Seminar

Bergstrom Aircraft Inc.  
Saturday, February 15  
9:00 AM - 12:30 PM

**Next General meeting**  
**January 21st**  
VMC at 7pm, meeting to follow
