here soon and the project should get done sooner than later.

New Business.

Fly out cancelled. Weather looks not the best. February can be a fun time to fly or just doing something else. Low clouds and cold isn't the best flying weather. Remember to throw a dart or pick a place for next month's trip.

Bruce suggested Arlington Oregon semi improved dirt strip. There is a shooting range there. The airport is above the town. Elevation 890 ft. 5000ft x 50ft. There are ruts and bunch grass. Wind mills in the area to give wind direction and velocity.

EAA Chapters Video was shown.

Reminder of EAA national webinars and classes.

Dave showed a float plane video. Looked like fun flying.

Gathering closed at 2010.

Another month of Work and no Play. The Cessna 140 is still covered in dust and the wiring is yelling at me to get moving. Weather and cold has kept me in the house and away from my best friend. Have had some time to work on the RV 4 but only small things and getting more fiberglass dust off the floor. I Worked with Dave and Jim on the EAA 219 building. That ErCoupe project sounds like a good start to someone's dream. Will be nice to see the floor with something other than dust and dirt on it.

Gathering started at 1900 on Zoom. Bruce, Dave, Jim, Bret and Ron signed in. Bret signed in as a guest. He is the owner of an ErCoupe that will be in the EAA219 building for restoration.

Financial report not given. Tom not on meeting.

Old Business.

Sundowner Project. To me has been paid for the time in his hangar. The project will have that added to the total cost of the airplane. The spring weather will get
