May 2021

## President's Message

Hello Everyone!

**T**he temperatures are up and down now but I think it is warm enough to hold an outdoor meeting at my house this Wednesday, May 5.

We will have a short business meeting at 7:00 pm but you may come anytime after 6:00. This is for those of you who might like to roam around the airport or those who want to fly in and show your expertise at landing on a grass runway. My house is having a new roof installed and the drive has a

huge dumpster in front. When you come my way you can't miss it. But don't park at my house. My neighbor has a service road to the runway that you may use to drive to my hangar. Her name is Marilyn Foster, address is 239 N 2<sup>nd</sup> St, Kalamazoo, MI 49009. There will be an EAA sign by the road to let you know where to enter.

I will have drinks and individual snacks of chips but if you want more you can bring whatever you want. If you like comfort then bring your own lawn chair. If it rains we will have to cancel and re-schedule. In that case look for an email Wednesday afternoon.. I look forward to seeing you then. Please continue to stay safe and fly safe.  
Bob Aardema, EAA Chapter 221 President ✈
