Member Moment

I think some of my favorite memories are the memories I made at the EAA. Whether it's setting up for a pancake breakfast or attending the monthly meeting I always get to collect memories I will never forget. I love the time I spend hanging out after events and meetings, talking to everyone else is always super fun. The time we spend setting up for events is always a memory maker too, sometimes we'll play music while we set up too. It's not just before and after the events that are fun, it's during the events too. During the pancake breakfasts you can hear kids giggling with excitement, and can see parents watching their children take off and fly with looks of pride, and a hint of nervousness. I love that look, it means we're doing something right. It means we're spreading our love of aviation and making memories for these kids just like we intended.
