-----  
NEXT MEETING

The July meeting was intended to be a special meeting on aerobatics with a chance for members to try some aerobatics themselves. Unfortunately, due to organizational difficulties, we will have to postpone this program. We hope to get it together for August. In its place we will have the regular meeting Friday, July 19th at the War Museum. The program is still being put together but you can expect some good films and/or slides, and Red Morris will bring along his slides of the Windsor airshow. He got a lot of good Warbird shots.
